THE ROLE OF INTERNATIONAL SOCIAL SECURITY STANDARDS

An in-depth study through the case of Greece

Maria KORDA
CONTENTS

Preface ................................................. vii
List of Abbreviations .................................. xxi

Chapter 1
Introduction .............................................. 1

1.1 Historical insights and memorable highlights .................. 1
  1.1.1 The International Labour Organization (ILO) and social
        security ........................................... 2
  1.1.2 The Council of Europe (CoE) and social security ............. 5

1.2 The development of international social security standards (ISSS):
  A review ................................................. 8
  1.2.1 The International Labour Organization standards in the field
        of social security .................................. 8
  1.2.2 The Council of Europe (CoE) standards in the field of social
        security ............................................. 11
  1.2.3 The European Union (EU), social security and the
        international social security standards (ISSS) ............. 13

1.3 The 'State-of-the-Art'........................................ 17

1.4 The research problem ....................................... 25
  1.4.1 Defining the leading research question ......................... 25
  1.4.2 Disciplinary embedding ................................ 32
  1.4.3 Methodological functionality: The research methods and the
        selection of the research sub-questions ..................... 33
  1.4.4 Research relevance .................................. 44
  1.4.5 Research bottlenecks and solutions ........................ 48

1.5 The sequence and content of the chapters ....................... 51

Chapter 2
Pensions in the Light of International Standards: A Description and
Critical Analysis of ILO Convention No. 128 ...................... 53

2.1 The way towards ILO Convention No. 128 on Invalidity, Old-Age and
Survivors' Benefits (1967) .................................. 53
2.1.1 The ‘predecessors’: Adopting the first ILO social security standards on pensions ........................................ 53
2.1.2 The ‘successor’: Need for new international social security standards on pensions ........................................ 54
2.2 Personal scope of application ........................................ 58
  2.2.1 Persons for whom coverage is anticipated under C128 ........ 58
  2.2.2 Determining the scope of persons to be protected through the use of flexibility clauses .............................. 62
2.3 Material scope of application ........................................ 67
  2.3.1 The risk of invalidity ........................................ 67
  2.3.2 The risk of old age ........................................ 74
  2.3.3 The risk of death ........................................ 84
2.4 Qualifying period ........................................ 96
  2.4.1 Qualifying period for entitlement to invalidity benefit ........ 96
  2.4.2 Qualifying period for entitlement to old-age benefit .......... 105
  2.4.3 Qualifying period for entitlement to survivors’ benefit ........ 109
2.5 Nature and amount of cash benefits ................................... 111
  2.5.1 The type of invalidity, old-age, and survivors’ benefits ........ 111
  2.5.2 Methods of calculations and replacement rates .................. 112
  2.5.3 Issues kept for Recommendation 131 .......................... 119
2.6 Revision of the rate of cash benefits ................................... 121
2.7 Nature of benefits in kind ........................................ 125
  2.7.1 Rehabilitation and placement services provided to disabled persons ........................................ 125
2.8 Duration of cash benefits ........................................ 126
2.9 Common provisions ........................................ 128
  2.9.1 Maintenance of rights in course of acquisition .................. 128
  2.9.2 Suspension of benefits and relevant permissible reductions .... 129
  2.9.3 The right of appeal ........................................ 135
  2.9.4 Financial and administrative aspects .......................... 139
2.10 Equality of treatment of non-national residents .................. 145

Chapter 3
Greece and the International Social Security Standards: An Overview ........ 147

3.1 Social protection in Greece: General description .................. 147
  3.1.1 The Social Insurance System (SIS) .......................... 149
  3.1.2 The Health Care System (HCS) .......................... 174
  3.1.3 The Social Assistance System (SAS) .......................... 176
3.2 Greece and the international legal instruments in the field of social security ........................................ 181
  3.2.1 Greece and the adopted ILO Conventions ........ 181
  3.2.2 Greece and the adopted CoE Instruments .................. 183
3.2.3 Greek administration and division of competences in relation to the international social security instruments 183

3.3 Reasons for ratifying international social security instruments 187

3.3.1 The ratification of the ILO Social Security (Minimum Standards) Convention No. 102 (1952) 188

3.3.2 The ratification of the ILO Maternity Protection Convention (revised) No. 103 (1952) 189

3.3.3 The ratification of the CoE European Code of Social Security (1964) 191

3.3.4 The ratification of the CoE European Social Charter (1961) 195

3.3.5 The ratification of the CoE Protocol Amending the European Social Charter (1991) 196

3.4 Reasons for not ratifying international social security instruments 201

3.4.1 The non-ratification of the ILO Invalidity, Old-Age and Survivors' Benefits Convention No. 128 (1967) 202

3.4.2 The non-ratification of the ILO Employment Injury Benefits Convention No. 121 (1964) 203

3.4.3 The non-ratification of the ILO Maternity Protection Convention (revised) No. 183 (2000) 203

3.4.4 The non-ratification of other adopted up-to-date ILO Conventions in the field of social security 204

3.4.5 The non-ratification of signed CoE instruments in the field of social security 205

3.4.6 Other opinions expressed on the non-ratification of international instruments in the field of social security 206

3.5 The role of ratified international social security instruments in Greek law and policy-making processes 208

3.5.1 One side of the coin 209

3.5.2 The other side of the coin 211

3.5.3 Some tentative remarks 216

3.6 The attitude of trade unions towards the international social security standards 219

3.7 The relationship between domestic law and international law 224

3.7.1 Hierarchy and incorporation of international legal rules and instruments in the domestic legal system 224

3.7.2 Greek 'quasi-dualism' and the incorporation of international legal instruments 226

3.7.3 National courts, Greek case law and the impact of the internationally developed social security standards 229
Chapter 4
Description and Comparison of the Greek Social Security Legislation with the International Social Security Standards ........................................ 237

PART I. PRELIMINARIES ........................................... 237

4.1 Introduction ............................................. 237
4.2 The social risks covered by the IKA-ETAM ........................................... 238
  4.2.1 Information on special pension arrangements ........................................ 240

PART II. THE TRADITIONAL SOCIAL CONTINGENCIES .............. 243

4.3 Medical care ............................................. 243
  4.3.1 Introduction ........................................... 243
  4.3.2 Personal and material scope of application ........................................... 244
  4.3.3 Qualifying conditions ........................................... 246
  4.3.4 Duration ............................................. 247
  4.3.5 National social security legislation and the international social security standards ........................................... 248

4.4 Sickness benefit ........................................... 256
  4.4.1 Introduction ........................................... 256
  4.4.2 Personal and material scope of application ........................................... 256
  4.4.3 Qualifying conditions ........................................... 257
  4.4.4 Duration ............................................. 258
  4.4.5 Death grant ........................................... 260
  4.4.6 National social security legislation and the international social security standards ........................................... 260

4.5 Unemployment benefit ........................................... 263
  4.5.1 Introduction ........................................... 263
  4.5.2 Personal and material scope of application ........................................... 265
  4.5.3 Qualifying conditions ........................................... 267
  4.5.4 Duration ............................................. 269
  4.5.5 Reasons for the 'non-ratification' of Part IV (Unemployment Benefit) of the European Code of Social Security ........................................... 271
  4.5.6 National social security legislation and the international social security standards ........................................... 275

4.6 Family benefit ............................................. 280
  4.6.1 Introduction ........................................... 280
  4.6.2 Personal and material scope of application ........................................... 284
  4.6.3 Qualifying conditions ........................................... 285
  4.6.4 Duration ............................................. 286

The Role of International Social Security Standards

4.11.3 Personal scope of application .................................................. 355
4.11.4 Duration of the benefit ......................................................... 355
4.11.5 National social security legislation and the international social security standards .................................................. 356

PART III. BENEFIT AMOUNTS, STANDARDS TO BE COMPLIED WITH BY PERIODICAL PAYMENTS AND BENEFIT REVISION .......................... 357

4.12 Benefit amounts under national social security legislation .................................................. 357
4.12.1 Sickness benefit ................................................................. 357
4.12.2 Unemployment benefit ......................................................... 359
4.12.3 Family benefit ................................................................. 362
4.12.4 Maternity ................................................................. 363
4.12.5 Employment injury ......................................................... 364
4.12.6 Old age ................................................................. 366
4.12.7 Invalidity ................................................................. 375
4.12.8 Survivorship ................................................................. 377

4.13 Benefit amounts according to the international social security standards .................................................. 377
4.13.1 Basic information ................................................................. 377
4.13.2 Sickness benefit ................................................................. 378
4.13.3 Unemployment benefit ......................................................... 379
4.13.4 Maternity ................................................................. 380
4.13.5 Employment injury ......................................................... 381
4.13.6 Old age ................................................................. 383
4.13.7 Invalidity ................................................................. 384
4.13.8 Survivorship ................................................................. 385
4.13.9 Family benefit ................................................................. 386

4.14 National social security legislation and international social security standards to be complied with by periodical payments .................................................. 390
4.14.1 Problems with assessing the compliance with the international social security standards .................................................. 390
4.14.2 Recent comments and requests made by the CEACR and the Committee of Ministers, and the responses of the competent national authorities .................................................. 395
4.14.3 Indicative calculations ......................................................... 399

4.15 Benefit revision ................................................................. 405
4.15.1 Re-adjustment of benefits under the national social security legislation .................................................. 405
4.15.2 Re-adjustment of benefits according to the international social security standards .................................................. 408
4.15.3 National social security legislation and the international social security standards .................................................. 409
PART IV. COMMON PROVISIONS .................................................. 412

4.16 Benefit suspension ...................................................... 412
  4.16.1 Old-age benefit ............................................. 412
  4.16.2 Invalidity benefit ......................................... 416
  4.16.3 Survivors' benefit ......................................... 419
  4.16.4 Unemployment benefit ................................... 423
  4.16.5 Family benefit .................................................. 425
  4.16.6 Sickness benefit – Medical care – Maternity benefit .... 425

4.17 The right of appeal .................................................. 426
  4.17.1 The right of appeal under national social security legislation... 426
  4.17.2 The right of appeal according to the international social
        security standards ............................................. 428

4.18 Financing and administration ..................................... 432
  4.18.1 Financial aspects under national social security legislation 432
  4.18.2 Administrative aspects under national social security
        legislation ..................................................... 434
  4.18.3 Financial and administrative aspects according to the
        international social security standards ...................... 437
  4.18.4 National social security legislation and the international
        social security standards ..................................... 439

Chapter 5
Presentation and Analysis of the Research 'Factual Findings' .................. 447

5.1 Introduction ............................................................ 447
5.2 Answering the 1st Research Sub-Question .......................... 447
  5.2.1 The reasons behind ratification ............................. 448
  5.2.2 Results stemming from the legal comparison ............... 455
  5.2.3 Reflecting on the reasons behind ratification ............ 462
  5.2.4 Emerging obstacles to further promoting the ISSS ........ 466

5.3 Answering the 2nd Research Sub-Question .......................... 467
  5.3.1 The nationally stated obstacles to non-ratification ....... 467
  5.3.2 Results stemming from the legal comparison ............... 468
  5.3.3 Results stemming from the elaboration of further available
        data obtained .................................................. 478
  5.3.4 The issue of ratification and other occurring problems .... 483
  5.3.5 Reflecting on the obstacles found to ratification ......... 488

5.4 Answering the 3rd Research Sub-Question .......................... 497
  5.4.1 Results stemming from the legal comparison and the
        elaboration of the further research data obtained ........... 498
The Role of International Social Security Standards

5.4.2 Additional obstacles to the promotion of the ISSS ........... 515

Chapter 6
Conclusions, Discussion and Recommendations ......................... 531

PART I. THE RESEARCH PROBLEM: OUTCOME AND DISPOSITION ... 531

6.1 Introduction ........................................................................ 531
6.2 Answering the leading Research Question (Research Problem) ...... 533
6.3 Placing the 'New Frame of Reference' into a broader systematic context .............................................................. 541
   6.3.1 Ideological and pragmatic (practical) obstacles: Causality and supremacy ...................................................... 542

PART II. PROBLEM-SOLVING: DISCUSSION AND RECOMMENDATIONS ...................... 548

6.4 Keeping abreast of recent developments and affairs: A 'commentary' .. 548
6.5 Making recommendations: An attempt to 'bridge' the ideological and pragmatic distance .................................................. 554
   6.5.1 Reconciliation between 'social commitments' and 'economic freedoms' in the international arena: A need for action .... 556
   6.5.2 A shift in the 'paradigm': Changing the focus of national strategies ............................................................... 570
   6.5.3 Further intervention and mobilisation from the international side ........................................................................ 578
   6.5.4 Efforts to overcome national practical difficulties .......... 589

PART III. CLOSURE .................................................................. 595

6.6 Added value ................................................................. 595
6.7 Epilogue ............................................................................. 597

Summary ...................................................................................... 601
Bibliography .............................................................................. 647
Appendices .............................................................................. 713
   Appendix A: List of interviewees (in alphabetical order) ............ 714
   Appendix B: Decisions of the Hellenic Council of State (in chronological order) ............................................................. 716
Annex ...................................................................................... 739
