### Information Systems and People  2

#### Learning Objectives  2

Introduction  2  
Information Systems in Action  4  
- MANAGING OPERATIONS  4  
- SUPPORTING CUSTOMER INTERACTIONS  6  
- MAKING DECISIONS  6  
- COLLABORATING ON TEAMS  7  
- GAINING COMPETITIVE ADVANTAGE  8  
- IMPROVING INDIVIDUAL PRODUCTIVITY  8  

The Nature of Information  9  
- WHAT MAKES INFORMATION VALUABLE?  9  

The Components of an Information System  11  
- PEOPLE  11  
- TECHNOLOGY  12  
- PROCESSES  12  
- DATA  15  

Information Systems, the Discipline  16  
Information Systems Throughout the Organization  17  
- INFORMATION SYSTEMS IN BUSINESS  17  
- INFORMATION SYSTEMS IN NONPROFITS AND GOVERNMENT  18  
- INSIDE THE IT DEPARTMENT  18  
- COLLABORATING ON INFORMATION SYSTEMS  19  
- IMPROVING YOUR OWN PRODUCTIVITY  21  

Promises, Perils, and Ethical Issues  21  
- PRIVACY BREACHES AND AMPLIFICATION EFFECTS  22  

#### THE ETHICAL FACTOR: Ethical Issues Surrounding Information Systems  23  

Online Simulation  23  
Chapter Summary  24  
Key Terms and Concepts  24  
Chapter Review Questions  24  
Projects and Discussion Questions  25  
Application Exercises  26  
- EXCEL APPLICATION: MANPOWER PLANNING SPREADSHEET  26  
- ACCESS APPLICATION: INFORMATION SYSTEMS IN BUSINESS  26  

Case Study #1  Nasdaq’s Information Challenges: Facebook’s Botched Public Opening and High Frequency Trading  27  

Case Study #2  Breaking News: Twitter’s Growing Role in Emergencies and Disaster Communications  28
# Information Systems and Strategy 32

## Learning Objectives 32

Introduction 32

## Porter's Five Competitive Forces 34

- **THREAT OF NEW ENTRANTS** 35
- **POWER OF BUYERS** 36
- **POWER OF SUPPLIERS** 37
- **THREAT OF SUBSTITUTES** 37
- **RIVALRY AMONG EXISTING COMPETITORS** 38

## Factors That Affect How the Five Forces Operate 38

- **DISRUPTIVE TECHNOLOGY AND INNOVATIONS** 39
- **GOVERNMENT POLICIES AND ACTIONS** 40
- **COMPLEMENTARY SERVICES AND PRODUCTS IN THE ECOSYSTEM** 41
- **ENVIRONMENTAL EVENTS AND "WILDCARDS"** 42

## The Value Chain and Strategic Thinking 43

- **EXTENDING THE VALUE CHAIN: FROM SUPPLIERS TO THE FIRM TO CUSTOMERS** 43
- **BENCHMARKING COMPONENTS OF THE VALUE CHAIN** 44

### THE ETHICAL FACTOR: Ethical Responsibility in an Extended Value Chain 45

## Competitive Strategies in Business 46

- **THE ROLE OF INFORMATION SYSTEMS IN STRATEGY** 47
- **INFORMATION SYSTEMS: RUN, GROW, AND TRANSFORM THE BUSINESS** 48

## Information Strategies and Nonprofit Organizations 49

- **FUND-RAISING** 50
- **VOLUNTEERING** 50
- **INFORMATION STRATEGIES AND GOVERNMENT** 51

## Does It Matter? 52

- **SPENDING ON RUNNING, GROWING, AND TRANSFORMING** 52
- **LEVELING UP: A STRATEGIC ANALYSIS** 53

## Online Simulation 54

## Chapter Summary 55

## Key Terms and Concepts 55

## Chapter Review Questions 56

## Projects and Discussion Questions 56

## Application Exercises 57

- **EXCEL APPLICATION: IT BENCHMARKS** 57
- **ACCESS APPLICATION: TELEPHONE CALL REPORTS** 57

## Case Study #1 Can GameStop Survive with Its Brick-and-Mortar Stores? 58

## Case Study #2 The Open Internet Coalition and the Battle for Net Neutrality 59

## E-Project 1 Identifying Company Strategy with Online Financial Chart Tools 60

## E-Project 2 Analyzing Movie Download Times with Excel 60

## Chapter Notes 61
# Information and Communications Technologies: The Enterprise Architecture 62

## Learning Objectives 62

### Introduction 62

### The Hardware 64

- **Input and Output** 64
- **Processing** 68
- **Storage** 69

### THE ETHICAL FACTOR: Ethical Implications of Big Data 70

### The Software 70

- **Types of Software** 70
- **How Is Software Created?** 72

### Networks and Telecommunications 74

- **Transmission Media and Protocols** 74
- **Types of Networks** 77
- **Network Protocols** 79

### The Enterprise Architecture 81

- **Trends in Enterprise Architectures** 81
- **Guiding the Architecture** 84

### Online Simulation 85

## Chapter Summary 86

### Key Terms and Concepts 87

### Chapter Review Questions 87

### Projects and Discussion Questions 87

### Application Exercises 88

- **Excel Application: Analyzing Growth in Computer Storage Capacities** 88
- **Access Application: Managing ICT Assets With a Database** 89

### Case Study #1: Google Glass and Wearable Technologies 89

### Case Study #2: Rolling Out Its 4G Network, Sprint Nextel Competes with Rivals 90

### E-Project 1: Voluntary Distributed Computing 92

### E-Project 2: Using Excel to Analyze Cost Effectiveness for 4G Rollouts 92

### Chapter Notes 93

# Databases and Data Warehouses 94

## Learning Objectives 94

### Introduction 94

### The Nature of Information Resources 96

- **Structured, Unstructured, and Semi-Structured Information** 96
- **Metadata** 97
- **The Quality of Information** 97

### Managing Information: From Filing Cabinets to the Database 99

- **Tables, Records, and Fields** 99
- **The Rise and Fall of File Processing Systems** 100
- **Databases and Database Management Software** 102

### Developing and Managing a Relational Database 105

- **Planning the Data Model** 105
- **Accessing the Database and Retrieving Information** 109

### THE ETHICAL FACTOR: Ethical Issues in Database Design: The Case of Ethnic Identification 110

### Managing and Maintaining the Database 111
Contents

Multiple Databases and the Challenge of Integration 113
   Shadow Systems 114
   Integration Strategies and Master Data Management 114
Data Warehouses and Big Data 114
   Building the Data Warehouse 116
   The Challenge of Big Data 116
   Strategic Planning, Business Intelligence, and Data Mining 118
The Challenges of Information Management: The Human Element 119
   Ownership Issues 119
   Databases Without Boundaries 119
   Balancing Stakeholders’ Information Needs 120
Online Simulation 120
Chapter Summary 121
   Key Terms and Concepts 122
   Chapter Review Questions 122
   Projects and Discussion Questions 122
   Application Exercises 123
   Excel Application: Managing Catering Supplies 123
   Access Application: DD-Designs 124
   Case Study #1: U.K. Police Track Suspicious Vehicles in Real Time with Cameras and the License Plate Database 125
   Case Study #2: Colgate-Palmolive Draws on Its Global Database to Evaluate Marketing Strategies 126
   E-Project 1: Identifying Suspects with a License Plate Database: Constructing Queries with Access 127
   E-Project 2: Building a Database for Customer Records 128
Chapter Notes 129

Information Systems for the Enterprise 130

Learning Objectives 130
Introduction 130
Finance Management 132
   Components of Financial Information Systems 132
   Financial Reporting, Compliance, and Transparency 134
Human Capital Management 135
   Components of Human Capital Management Systems 135
   HCM Metrics 137
Managing the Supply Chain 137

The Ethical Factor: Ethics and Talent Management 138
   Supply Chain Fundamentals 138
   Measuring Performance in Supply Chains 139
   Information Systems and Technology for Supply Chain Management 141
Customer Relationship Management 144
   CRM Goals and Metrics 144
   CRM Strategies and Technologies 146
Enterprise Resource Planning (ERP): Bringing It All Together 149
   ERP Components 150
   Integration Strategies 152
   Implementation Issues 153
The Web, E-Commerce, and M-Commerce 164

Learning Objectives 164
Introduction 164

Developing a Web Strategy 166
CHOOSING A GOAL 166
NAMING THE WEBSITE 167

Building the Website 170
WEBSITE DESIGN 170

THE ETHICAL FACTOR: Website Accessibility: Why Is Progress So Slow? 174

SOFTWARE DEVELOPMENT STRATEGIES FOR THE WEB 174

E-Commerce 177
THE ONLINE TRANSACTION AND E-COMMERCE SOFTWARE 177
E-COMMERCE SECURITY 177
E-COMMERCE TRUST 178

Mobile Devices and M-Commerce 178
WHY MOBILE MATTERS 178
DESIGNING WEBSITES AND APPS FOR MOBILE DEVICES 179
M-COMMERCE AND MOBILE PAYMENTS 180

Marketing the Website 180
SEARCH ENGINE OPTIMIZATION 180
WEB ADVERTISING 182

Web 2.0 and Beyond 183
CROWDSOURCING AND COLLECTIVE INTELLIGENCE 184
EXPANDING DATA AND SENSORY INPUT: THE "INTERNET OF THINGS" 184
THE LEARNING WEB 185

Online Simulation 186
Chapter Summary 187

Key Terms and Concepts 188
Chapter Review Questions 188
Projects and Discussion Questions 188
Application Exercises 189
WEBSITE APPLICATION: HERITAGE DOGS 189
EXCEL APPLICATION: HERITAGE DOGS WEBSITE METRICS 190
ACCESS APPLICATION: SPRINGFIELD ANIMAL SHELTER 190
