Chapter 1 Introduction 1

History of Complexity Theory 1

Complexity Theory Demystified 4

Practical Application One 5

Practical Tool One 5

Practical Application Two 6

Application Tool Two 7

Practical Application Three 7

Application Tool Three 8

Practical Application Four 8

Application Tool Four 9

Practical Application Five 9

Practical Tool Five 10

Overview of Program Management 10

History of Program Management 12

Chapter 2 Complexity Theory 15

Application of Complexity Theory to Program Management 15

Complexity Sub-Theories 17

History of Chaos Theory and Complexity 18

Evolution of Chaos Theory to Complexity Theory 20

How Complexity Theory Is Used Today in Program Management 21

Successful Deployment of Complexity Theory 22

Chapter 3 Course Materials #1 25

Classroom Materials 25

Case Study #1—Leadership, Communication, Complexity 25

Case Study Questions 29
### Chapter 4  Leadership in Program Management

- Introduction to Leadership ............................................. 38
  - Early Leadership .................................................... 38
- Industrial Leadership .................................................. 39
- Modern Leadership ..................................................... 40
- Post-Modern Leadership .............................................. 41
- Transformational Leadership ........................................ 42
  - Vision ................................................................. 42
  - Values ................................................................. 43
  - Voice ................................................................. 43
  - Transformational Leadership and Teams ....................... 44

### Chapter 5  Leadership and Program Management

- Mega-Program Leadership ............................................ 50
  - Virtual Program Management Office (VPMO) Best Practices: Scope Management .................................... 50
  - VPMO Building and Maintaining Trust Best Practice .... 51
  - VPMO Positive Effective Organizational Communication Best Practice .............................................. 52
  - VPMO Summary ......................................................... 53
- Complexity Theory Best Practices: Schedule Management ................................................................. 54
- Complexity Leadership Best Practice ............................. 56
- Complexity Theory Showing Results Best Practice .......... 58
- Complexity Theory Summary ......................................... 58

### Chapter 6  Complexity and Program Management

- Leadership and Complexity .......................................... 61
- Program Management Leadership .................................. 67
Chapter 7  Course Materials #2 ................................................................. 75
   Classroom Materials ........................................................................ 76
      Case Study #2—Building and Leading Successful Organizations ............ 76
   Section Quiz ...................................................................................... 81
   Section 1 ............................................................................................ 81
   Section 2 ............................................................................................ 82
   Section 3 ............................................................................................ 83
   Discussion Questions .......................................................................... 83
   Short Discussion Questions ................................................................... 83
   Long Discussion Questions .................................................................... 83
   Summary ............................................................................................ 84

Chapter 8  Communication and Program Management ...................... 87
   Introduction to Communication .......................................................... 87
      Communication Summary ................................................................. 88
      Virtual Organization .......................................................................... 89
      Why Companies Are Going Virtual.................................................. 94
      Building Trust in the Virtual Organization ....................................... 95
      Trust and Communication ............................................................... 97
      Trust and Change in the Virtual Organization ................................... 99
      Leadership, Competency, Technology ............................................. 99
      Strategies of Successful Program Managers .................................. 102

Chapter 9  Technology-Based Communication, Complexity, and Program Management ................................................. 107
   Technology-Based Communication .................................................... 107
   Social Networks .................................................................................. 107
   Leveraging Social Networking Sites .................................................... 109
   Trust and Accountability ................................................................. 109
   Social Teams and Complexity ............................................................ 110
   Communication and Complexity ....................................................... 112
   Trust in Complex Communication .................................................... 113
   Benefits and Challenges of the Virtual Organization ....................... 114
   Summary ............................................................................................ 118
# Contents

**Chapter 10** Course Materials #3 ................................................................. 121  
Classroom Materials .................................................................................. 121  
Case Study #3—Communication in Program Management ......................... 121  
Case Study Questions ................................................................................. 123  
Section Quiz ............................................................................................... 125  
Section 1 .................................................................................................... 125  
Section 2 .................................................................................................... 125  
Section 3 .................................................................................................... 126  
Discussion Questions .................................................................................. 126  
Short Discussion Questions ....................................................................... 126  
Summary .................................................................................................... 127

**Chapter 11** Complexity-Based Program Management .............................. 129  
Application of Program Management and Complexity .............................. 130

**Chapter 12** Applied Complexity and Program Management ................. 139  
Integrating Technology into Program Management .................................. 140  
Program versus Constituent Communication and Complexity Theory ........ 145

**Chapter 13** Successful Program Management and Complexity ............. 153  
Introduction ............................................................................................... 154  
Returns Best Practice ................................................................................ 155  
Reclaimed Goods Best Practice .................................................................. 156  
Summary of Reverse Logistics and Program Management ..................... 158

**Chapter 14** Course Materials #4 ............................................................. 161  
Classroom Materials .................................................................................. 162  
Case Study #4 ........................................................................................... 162  
Case Study Questions ................................................................................. 163  
Section Quiz ............................................................................................... 164  
Section 1 .................................................................................................... 164  
Section 2 .................................................................................................... 164
