Issues in Economics Today

Seventh Edition

ROBERT C. GUELL
Indiana State University
Brief Contents

1 Economics: The Study of Opportunity
   Cost 1
2 Supply and Demand 18
3 The Concept of Elasticity and Consumer and Producer Surplus 39
4 Firm Production, Cost, and Revenue 54
5 Perfect Competition, Monopoly, and Economic versus Normal Profit 66
6 Every Macroeconomic Word You Ever Heard: Gross Domestic Product, Inflation, Unemployment, Recession, and Depression 77
7 Interest Rates and Present Value 93
8 Aggregate Demand and Aggregate Supply 102
9 Fiscal Policy 114
10 Monetary Policy 126
11 Federal Spending 139
12 Federal Deficits, Surpluses, and the National Debt 149
13 The Housing Bubble 162
15 Japan’s Lost Decade: Could It Happen in the United States? 180
16 Is the (Fiscal) Sky Falling?: An Examination of Unfunded Social Security, Medicare, and State and Local Pension Liabilities 189
17 International Trade: Does It Jeopardize American Jobs? 197
18 International Finance and Exchange Rates 209
19 European Debt Crisis 218
20 Economic Growth and Development 227
21 The Line between Legal and Illegal Goods 234
22 Natural Resources, the Environment, and Climate Change 244
23 Health Care 257
24 Government-Provided Health Insurance: Medicaid, Medicare, and the Child Health Insurance Program 269
25 The Economics of Prescription Drugs 282
26 So You Want to Be a Lawyer: Economics and the Law 290
27 The Economics of Crime 296
28 The Economics of Race and Sex Discrimination 305
29 Income and Wealth Inequality: What’s Fair? 317
30 Farm Policy 326
31 Minimum Wage 335
32 Ticket Brokers and Ticket Scalping 343
33 The Economics of K–12 Education 350
34 College and University Education: Why Is It So Expensive? 361
35 Poverty and Welfare 371
36 Social Security 382
37 Personal Income Taxes 393
38 Energy Prices 404
39 If We Build It, Will They Come? And Other Sports Questions 417
40 The Stock Market and Crashes 429
41 Unions 440
42 Walmart: Always Low Prices (and Low Wages)—Always 450
43 The Economic Impact of Casino Gambling 455
# Table of Contents

## Chapter 1
**Economics: The Study of Opportunity Cost**

- Economics and Opportunity Cost  1
  - Economics Defined  1
  - Choices Have Consequences  2
- Modeling Opportunity Cost Using the Production Possibilities Frontier  2
  - The Intuition behind Our First Graph  2
  - The Starting Point for a Production Possibilities Frontier  3
  - Points between the Extremes of a Production Possibilities Frontier  3
- Attributes of the Production Possibilities Frontier  5
  - Increasing and Constant Opportunity Cost  5
- The Big Picture  6
  - Circular Flow Model: A Model That Shows the Interactions of All Economic Actors  6
- Thinking Economically  7
  - Marginal Analysis  7
  - Positive and Normative Analysis  8
  - Economic Incentives  8
  - Fallacy of Composition  8
  - Correlation ≠ Causation  9
- Kick It Up a Notch: Demonstrating Constant and Increasing Opportunity Cost on a Production Possibilities Frontier  10
  - Demonstrating Increasing Opportunity Cost  10
  - Demonstrating Constant Opportunity Cost  10
- Summary  11

## Chapter 2
**Supply and Demand**  18

- Supply and Demand Defined  19
  - Markets  19
  - Quantity Demanded and Quantity Supplied  19
  - Ceteris Paribus  21
  - Demand and Supply  21
- The Supply and Demand Model  21
  - Demand  21
  - Supply  22
  - Equilibrium  23
  - Shortages and Surpluses  24

## Chapter 3
**The Concept of Elasticity and Consumer and Producer Surplus**  39

- Elasticity of Demand  40
  - Intuition  40
  - Definition of Elasticity and Its Formula  40
  - Elasticity Labels  41
- Alternative Ways to Understand Elasticity  41
  - The Graphical Explanation  41
  - The Verbal Explanation  42
  - Seeing Elasticity through Total Expenditures  43
# Table of Contents

## More on Elasticity 43
- Determinants of Elasticity 43
- Elasticity and the Demand Curve 43
- Elasticity of Supply 45

## Consumer and Producer Surplus 47
- Consumer Surplus 47
- Producer Surplus 48
- Market Failure 48
- Categorizing Goods 49

## Kick It Up a Notch: Deadweight Loss 49

## Summary 50

## Chapter 4

### Firm Production, Cost, and Revenue 54

#### Production 55
- Just Words 55
- Graphical Explanation 56
- Numerical Example 56

#### Costs 57
- Just Words 57
- Numerical Example 58

#### Revenue 60
- Just Words 60
- Numerical Example 61

#### Maximizing Profit 62
- Graphical Explanation 62
- Numerical Example 62

## Summary 63

## Chapter 5

### Perfect Competition, Monopoly, and Economic versus Normal Profit 66

#### From Perfect Competition to Monopoly 67
- Perfect Competition 67
- Monopoly 68
- Monopolistic Competition 68
- Oligopoly 69
- Which Model Fits Reality 69

#### Supply under Perfect Competition 71
- Normal versus Economic Profit 71
- When and Why Economic Profits Go to Zero 71
- Why Supply Is Marginal Cost under Perfect Competition 71
- Just Words 72
- Numerical Example 72
- Graphical Explanation 72

## Summary 74

## Chapter 6

### Every Macroeconomic Word You Ever Heard: Gross Domestic Product, Inflation, Unemployment, Recession, and Depression 77

#### Measuring the Economy 78
- Measuring Nominal Output 78
- Measuring Prices and Inflation 79
- Problems Measuring Inflation 80

#### Real Gross Domestic Product and Why It Is Not Synonymous with Social Welfare 82
- Real Gross Domestic Product 82
- Problems with Real GDP 84

#### Measuring and Describing Unemployment 85
- Measuring Unemployment 85
- Problems Measuring Unemployment 85
- Types of Unemployment 86

#### Business Cycles 87
- Kick It Up a Notch: National Income and Product Accounting 90

## Summary 90

## Chapter 7

### Interest Rates and Present Value 93

#### Interest Rates 94
- The Market for Money 94
- Nominal Interest Rates versus Real Interest Rates 94

#### Present Value 95
- Simple Calculations 95
- Mortgages, Car Payments, and Other Multipayment Examples 96

#### Future Value 97
- Kick It Up a Notch: Risk and Reward 99

## Summary 99

## Chapter 8

### Aggregate Demand and Aggregate Supply 102

#### Aggregate Demand 103
- Definition 103
- Why Aggregate Demand Is Downward Sloping 103

#### Aggregate Supply 104
- Definition 104
- Competing Views of the Shape of Aggregate Supply 104

#### Shifts in Aggregate Demand and Aggregate Supply 105

Chapter 14
Before It Began  171
Late 2007: The Recession Begins as Do the Initial Policy Reactions  174
The Bottom Falls Out in Fall 2008  176
The Obama Stimulus Package  176
Extraordinary Monetary Stimulus  178
Summary  179

Chapter 15
Japan’s Lost Decade: Could It Happen in the United States?  180
The Economic Situation in Japan
Prior to 1990  180
So What Happened in
Japan to Change All This?  182
What Did Japan Do (Wrong)?  183
How Can This Be Modeled Using the Aggregate Supply–Aggregate Demand Model?  185
How Is This Similar to the Current Situation in the United States?  185
Summary  187

Chapter 16
Is the (Fiscal) Sky Falling?: An Examination of Unfunded Social Security, Medicare, and State and Local Pension Liabilities  189
What Is the Source of the Problem?  189
How Big Is the Social Security and Medicare Problem?  190
How Big Is the State and Local Pension Problem?  193
Is It Possible That the Fiscal Sky Isn’t About to Fall?  195
Summary  195

Chapter 17
International Trade: Does It Jeopardize American Jobs?  197
What We Trade and with Whom  197
The Benefits of International Trade  199
Comparative and Absolute Advantage  199
Demonstrating the Gains from Trade  200
Production Possibilities Frontier Analysis  201
Supply and Demand Analysis  202
Whom Does Trade Harm?  202
Trade Barriers  203
Reasons for Limiting Trade  203
Methods of Limiting Trade  204
Trade as a Diplomatic Weapon  205
Kick It Up a Notch: Costs of Protectionism  205
Summary  206

Chapter 18
International Finance and Exchange Rates  209
International Financial Transactions  209
Foreign Exchange Markets  211
Alternative Foreign Exchange Systems  213
Determinants of Exchange Rates  215
Summary  216

Chapter 19
European Debt Crisis  218
Introduction  218
In the Beginning There Were 17 Currencies in 17 Countries  218
The Effect of the Euro  219
Why Couldn’t They Pull Themselves Out? The United States Did  223
Is It Too Late to Leave the Euro?  225
Where Should Europe Go from Here?  225
Summary  225

Chapter 20
Economic Growth and Development  227
Growth in Already Developed Countries  227
Comparing Developed Countries and Developing Countries  229
Fostering (and Inhibiting) Development  230
The Challenges Facing Developing Countries  231
What Works  232
Summary  232
Chapter 21
The Line between Legal and Illegal Goods 234

An Economic Model of Tobacco, Alcohol, and Illegal Goods and Services 235

Why Is Regulation Warranted? 235
  The Information Problem 235
  External Costs 236
  Morality Issues 238

Taxes on Tobacco and Alcohol 239
  Modeling Taxes 239
  The Tobacco Settlement and Why Elasticity Matters 239

Why Are Certain Goods and Services Illegal? 240
  The Impact of Decriminalization on the Market for the Goods 240
  The External Costs of Decriminalization 241

Summary 241

Chapter 22
Natural Resources, the Environment, and Climate Change 244

Using Natural Resources 245

How Clean Is Clean Enough? 245

The Externalities Approach 246
  When the Market Works for Everyone 246
  When the Market Does Not Work for Everyone 246

The Property Rights Approach to the Environment and Natural Resources 248
  Why You Do Not Mess Up Your Own Property 248
  Why You Do Mess Up Common Property 248

Natural Resources and the Importance of Property Rights 248

Environmental Problems and Their Economic Solutions 249
  Environmental Problems 249
  Economic Solutions: Using Taxes to Solve Environmental Problems 251
  Economic Solutions: Using Property Rights to Solve Environmental Problems 252
  No Solution: When There Is No Government to Tax or Regulate 253

Summary 254

Chapter 23
Health Care 257

Where the Money Goes and Where It Comes From 257

Insurance in the United States 258
  How Insurance Works 258
  Varieties of Private Insurance 259
  Public Insurance 259

Economic Models of Health Care 260
  Why Health Care Is Not Just Another Good 260
  Implications of Public Insurance 261
  Efficiency Problems with Private Insurance 262
  Major Changes to Insurance Resulting from PPACA 263
  The Blood and Organ Problem 265

Comparing the United States with the Rest of the World 265

Summary 267

Chapter 24
Government-Provided Health Insurance: Medicaid, Medicare, and the Child Health Insurance Program 269

Medicaid: What, Who, and How Much 270

Why Medicaid Costs So Much 271
  Why Spending Is Greater on the Elderly 272
  Cost-Saving Measures in Medicaid 273

Medicare: Public Insurance and the Elderly 273
  Why Private Insurance May Not Work 273
  Why Medicare’s Costs Are High 274

Medicare’s Nuts and Bolts 275
  Provider Types 275
  Part A 275
  Part B 276
  Prescription Drug Coverage (Part D) 276
  Cost Control Provisions in Medicare 277

The Medicare Trust Fund 277
  The Relationship between Medicaid and Medicare 279

Child Health Insurance Program 279

Summary 279

Chapter 25
The Economics of Prescription Drugs 282

Profiiteers or Benevolent Scientists? 283

Monopoly Power Applied to Drugs 283

Important Questions 285
  Expensive Necessities or Relatively Inexpensive Godsend? 285
  Price Controls: Are They the Answer? 287
  FDA Approval: Too Stringent or Too Lax? 287

Summary 288
Table of Contents

Chapter 34
College and University Education: Why Is It So Expensive? 361

Introduction 361
Why Are the Costs So High? 361
Why Are College Costs Rising So Fast? 363
Why Have Textbook Costs Risen So Rapidly? 364
What a College Degree Is Worth 366
How Do People Pay for College? 367
Summary 369

Chapter 35
Poverty and Welfare 371

Measuring Poverty 372
The Poverty Line 372
Who’s Poor? 372
Poverty through History 373
Problems with Our Measure of Poverty 374
Poverty in the United States versus Europe 375
Programs for the Poor 375
In Kind versus In Cash 375
Why Spend $685 Billion on a $91 Billion Problem? 377
Is $685 Billion Even a Lot Compared to Other Countries? 377
Incentives, Disincentives, Myths, and Truths 377
Welfare Reform 378
Is There a Solution? 378
Welfare as We Now Know It 379
Is Poverty Necessarily Bad? 379
Summary 379

Chapter 36
Social Security 382

The Basics 382
The Beginning 382
Taxes 383
Benefits 383
Changes over Time 383
Why Do We Need Social Security? 384
Social Security’s Effect on the Economy 385
Effect on Work 385
Effect on Saving 385
Whom Is the Program Good For? 386
Will the System Be There for Me? 388
Why Social Security Is in Trouble 388
Chapter 42
Walmart: Always Low Prices (and Low Wages)—Always

The Market Form
Who Is Affected?
Most Consumers Stand to
Gain—Some Lose Options
Workers Probably Lose
Sales Tax Revenues Won’t Be Affected Much
Some Businesses Will Get Hurt;
Others Will Be Helped
Community Effects
Summary

Chapter 43
The Economic Impact of Casino Gambling

The Perceived Impact of Casino Gambling
Local Substitution
The “Modest” Upside
of Casino Gambling
The Economic Reasons for
Opposing Casino Gambling
Summary

Index

Web Chapters
NAFTA, CAFTA, GATT, WTO: Are Trade Agreements Good for Us?
The Benefits of Free Trade
Why Do We Need Trade Agreements?
Strategic Trade
Special Interests
What Trade Agreements Prevent
Trade Agreements and Institutions
Alphabet Soup
Are They Working?
Economic and Political Impacts of Trade
The Bottom Line

Summary

The International Monetary Fund: Doctor or Witch Doctor?
Before the IMF and Its Birth
Foreign Exchange Markets
Today’s IMF
How the IMF Works
How IMF Decisions Are Made
The Asian Financial Crisis
The Cause
The IMF to the Rescue?
Summary

The Cost of War
Opportunity Cost
Present Value and the Value of a Human Life
Economic versus Accounting Cost
Personnel, Food, and Supplies
Cost of Munitions
Cost of Getting Personnel and Equipment in Position
Fuel
How GDP Was Affected
Environmental and Cultural Costs
Summary

The Economics of Terrorism
The Economic Impact of September 11th and of Terrorism in General
Modeling the Economic Impact of the Attacks
Insurance Aspects of Terrorism
Buy Insurance or Self-Protect or Both
Terrorism from the Perspective of the Terrorist
Summary

Rent Control
Rents in a Free Market
Reasons for Controlling Rents
Consequences of Rent Control
Why Does Rent Control Survive?
Summary
### Antitrust

What’s Wrong with Monopoly?
- *High Prices, Low Output, and Deadweight Loss*
- *Reduced Innovation*

Natural Monopolies and Necessary Monopolies
- *Natural Monopoly*
- *Patents, Copyrights, and Other Necessary Monopolies*

Monopolies and the Law
- *The Sherman Anti-Trust Act*
- *What Constitutes a Monopoly?*

Examples of Antitrust Action
- *Standard Oil*
- *IBM*
- *Microsoft*
- *iTunes, iPods, iPhones, and the European Union*

Summary

---

### Head Start

Head Start as an Investment
- *The Early Invention Premise*
- *Present Value Analysis*
- *External Benefits*
- *The Early Evidence*
- *The Remaining Doubts*

The Head Start Program
The Current Evidence
- *Evidence that Head Start Works*
- *Evidence that Head Start Does Not Work*
- *More Evidence is Coming and Some is In*

The Opportunity Cost of Fully Funding Head Start
Summary
