## Contents

### Part One: Introduction

1. What Is Agricultural Economics?
   - Scope of Economics
   - Definition of Economics
   - Definition of Agricultural Economics
   - What Does an Agricultural Economist Do?
   - What Lies Ahead?
   - Summary
   - Key Terms
   - Testing Your Economic Quotient
   - References
   - Graphical Analysis

2. The U.S. Food and Fiber Industry
   - Indices
   - Changing Complexion of Farming
   - Other Sectors in the Food and Fiber Industry

---

### Scope of Economics

- **Scarc Resource**
- **Making Choices**

### Definition of Economics

- **Microeconomics versus Macroeconomics**
- **Positive versus Normative Economics**
- **Alternative Economic Systems**

### Definition of Agricultural Economics

### What Does an Agricultural Economist Do?

- **Role at Microeconomic Level**
- **Role at Macroeconomic Level**
- **Marginal Analysis**

### What Lies Ahead?

- **Summary**
- **Key Terms**
- **Testing Your Economic Quotient**
- **References**
- **Graphical Analysis**

### The U.S. Food and Fiber Industry

- **Indices**
- **Changing Complexion of Farming**
  - **Physical Structure**
  - **Productivity**
  - **Profitability**
- **Financial Structure**
- **Other Sectors in the Food and Fiber Industry**
  - **Farm Input Suppliers**
  - **Food Processors, Wholesalers, and Retailers**
  - **Value-Added Process**
5  
Measurement and Interpretation of Elasticities 69 
Own-Price Elasticity of Demand 70 
Income Elasticity of Demand 73 
Cross-Price Elasticity of Demand 75 
Other General Properties 75 
Some Real-World Examples 77 
Applicability of Demand Elasticities 79 
Applicability to Policymakers 79 
Applicability to Farmers 80 
Applicability to Consumers 80 
Applicability to Input Manufacturers 80 
Applicability to Food Processors and Trade Firms 81 
Summary 81 
Key Terms 82 
Testing Your Economic Quotient 82

part three 
Business Behavior and Market Equilibrium 

6  
Introduction to Production and Resource Use 85 
Conditions for Perfect Competition 86 
Classification of Inputs 86 
Land 86 
Labor 86 
Capital 87 
Management 87 
Important Production Relationships 88 
The Production Function 88 
Total Physical Product Curve 89 
Marginal Physical Product Curve 90 
Average Physical Product Curve 91 
Stages of Production 92 
Assessing Short-Run Business Costs 93 
Total Costs and the TPP Curve 93 
Average Costs and the APP Curve 95 
Marginal Costs and the MPP Curve 95 
Economics of Short-Run Decisions 96 
Marginal and Average Revenue 96 
Level of Output: MC = MR 96 
Level of Resource Use: MVP = MIC 99
Market Equilibrium and Product Price: Imperfect Competition 147

Market Structure Characteristics 148
- Number of Firms and Size Distribution 148
- Product Differentiation 149
- Barriers to Entry 149
- Economic Environment 150
- Classification of Firms 150

Imperfect Competition in Selling 151
- Monopolistic Competition 151
- Oligopoly 154
- Monopoly 157
- Comparison of Alternative Market Structures 159
- Welfare Effects of Imperfect Competition 159

Imperfect Competition in Buying 160
- Monopsony 161
- Oligopsony and Monopsonistic Competition 163

Market Structures in Livestock Industry 164

Governmental Regulatory Measures 165
- Legislative Acts 165
- Ceiling Price 166
- Lump-Sum Tax 167
- Minimum Price 167

Summary 169
Key Terms 169
Testing Your Economic Quotient 169

part four
Government in the Food and Fiber Industry

Natural Resources, the Environment, and Agriculture 173

Agriculture and the Environment 174
- Water Pollution 174
- Air Pollution 176
Changing the Money Supply 252
  Creation of Deposits 252
  Monetary Policy and the Money Supply 255

Money Market Equilibrium 256
  Demand for Money 256
  Equilibrium Conditions 258

Effects of Monetary Policy on the Economy 258
  Transmission of Policy 258
  Combating Recessionary Gaps 258
  Combating Inflationary Gaps 260
  Microeconomic Perspectives 260

The Federal Budget 262
  Federal Expenditures 262
  Federal Receipts 263
  Budget Deficit 265

The National Debt 266
  National Debt and GDP 266
  Ownership of National Debt 266
  Burdening Future Generations? 268

Fiscal Policy Options 269
  Automatic Policy Instruments 269
  Discretionary Policy Instruments 270
  Fiscal Policy and Aggregate Demand 272
  Combating Recessionary Gaps 273
  Combating Inflationary Gaps 274

Summary 275
Key Terms 276
Testing Your Economic Quotient 276
References 278

Consequences of Business Fluctuations 279

Fluctuations in Business Activity 279
  Nature of Business Fluctuations 280
  Indicators of Economic Activity 281

Consequences of Business Fluctuations 283
  Unemployment 283
  Inflation 284
  Short-Run Phillips Curve 289

Macroeconomic Policy Options 290
  Laissez-faire Macroeconomic Policy 291
  Demand-Oriented Macroeconomic Policy 291
  Supply-Oriented Macroeconomic Policy 292

Summary 293
Key Terms 294
Testing Your Economic Quotient 294
References 295
15 Macroeconomic Policy and Agriculture 297

A Historical U.S. Perspective 298

The Big Five 299
Rate of Inflation 300
Rate of Interest 300
Rate of Unemployment 301
Rate of Growth in Real GDP 301
Rate of Foreign Exchange 301

Impacts of Macroeconomic Policy Actions on the General Economy 301
The Real Economy 302
The Monetary Economy 302

Macro-Market-Micro Linkage 303

Impacts of Macroeconomic Policy Actions on Agriculture 304
Effect of Expansionary Monetary Policy 305
Effect of Contractionary Fiscal Policy 307
Microeconomic Performance Implications 309
Implications for Imperfect Competition 310
Implications for Other Sectors in the Food and Fiber Industry 311

part six
International Agricultural Trade

16 Agricultural Trade and Exchange Rates 315

Growth and Instability in Agricultural Trade 316
Export Boom and Bust 316
Moves toward Trade Liberalization 317

The Importance of Agricultural Trade 318
Increased Export Dependence 318
Greater Dependence on Imports 318

The Composition of Agricultural Trade 319
The Role of Agricultural Exports 319
The Role of Agricultural Imports 319

Direction of U.S. Agricultural Trade 320
Major Export Markets 320
Major Import Suppliers 320

U.S. Agricultural Trade Performance 320
The Balance of Trade 321
Agricultural Trade Policy and Preferential Trading Arrangements 357

Trade and Welfare 358
  - Autarky or the Closed Economy 358
  - Trade and Partial Equilibrium 359
  - Welfare Gains from Trade 360

Why Restrict Trade? 361
  - Protectionism in Agriculture 361
  - Arguments against Trade 361

Trade Restrictions 363
  - Import Policies 363
  - Domestic Agriculture and Food Policies 368
  - Export Policies 369

Agricultural Trade Policy Making 370
  - The General Agreement on Tariffs and Trade and the World Trade Organization 370
  - The United Nations Conference on Trade and Development 372
  - U.S. Agricultural Trade Policy Formulation 372
  - The Economic Policy Council 373

The Importance of Preferential Trading Arrangements 374

Forms of Economic Integration 374

Reasons for Preferential Trading Arrangements 375
  - Counter Economic and Political Power in Other Parts of the World 376
  - Reduce Side Effects 376
  - Foster Political Stability and Economic Prosperity 376

Do Preferential Trading Arrangements Create or Divert Trade? 377
  - Static Effects 377
  - Dynamic Effects 380
