Maritime Logistics Value in Knowledge Management

Eon-Seong Lee and Dong-Wook Song
Contents

List of figures viii
List of tables x
Preface xii
List of abbreviations xv

1 Introduction 1

Research background 1
Research objective and research questions 2
Research methodology 3
Research scope 4
Book structure 4

2 Global logistics 8

Introduction 8
Logistics in concept 8
Global logistics in concept 21
Summary 27

3 Maritime logistics and operators 30

Introduction 30
Maritime logistics 30
Maritime operators 38
Quest for a new strategic direction 56
Summary 59
Contents

4 Review of strategic management theory 63
   Introduction 63
   An overview of strategic management theories 63
   Knowledge-based perspective 69
   Network embeddedness perspective 78
   Co-opetition approach 80
   Knowledge-based perspective for maritime logistics value 86
   Summary 92

5 Research methodology 99
   Introduction 99
   Research questions and objectives 99
   Conceptual framework 101
   Methodological framework 105
   Qualitative method in application 111
   Validity and reliability assessment 124
   Summary 127

6 Explorative case study on maritime operators 131
   Introduction 131
   Explorative case study design 131
   Findings from the interview 135
   Summary 156

7 The Delphi survey on maritime operators 159
   Introduction 159
   The Delphi survey method design 159
   Formulation of questionnaire 160
   Process of the Delphi survey 168
   Findings from the Delphi survey 172
   Summary 201

8 Implications and conclusions 205
   Introduction 205
   Discussion 205
   Strategic implications 210
   Contribution of the research 213
   Limitations of the research 215
   Directions for future research 216
Appendices

Appendix 1: Interview questionnaire 219
Appendix 2: The Delphi survey questionnaire 221

Index 227
