PART I  

HISTORICAL PERSPECTIVES

CHAPTER 1  

A Multicentennial View of Trend Following  

The Tale of Trend Following: A Historical Study  
Return Characteristics over the Centuries  
Risk Characteristics over the Centuries  
Portfolio Benefits over the Centuries  
Summary  
Appendix: Included Markets and Relevant Assumptions  
Further Reading and References
PART II  TREND FOLLOWING BASICS

CHAPTER 2  Review of Futures Markets and Futures Trading  27
Forward and Futures Contract Fundamentals  27
Review of the Managed Futures Industry  34
Futurization  38
Summary  43
Further Reading and References  43

CHAPTER 3  Systematic Trend Following Basics  45
The Basic Building Blocks of a Trend Following System  47
Strategy Classification and Core Differentiators  56
Partitioning Trend Following Systems  60
Summary  61
Further Reading and References  61

PART III  THEORETICAL FOUNDATIONS

CHAPTER 4  Adaptive Markets and Trend Following  65
The Adaptive Market Hypothesis  66
A Framework for Speculative Risk Taking  75
A Closer Look at Crisis Alpha  78
Summary  91
Further Readings and References  91

CHAPTER 5  Divergence and the Tradability of Trend  93
Risk versus Uncertainty  93
Convergence versus Divergence  95
Measuring Market Divergence at the Portfolio Level  106
Testing the Stationarity of Market Divergence  114
The Tradability of Trend  117
The Importance of Entry versus Exit  121
Summary  124
Further Reading and References  124

CHAPTER 6  The Role of Interest Rates and the Roll Yield  127
Collateral Yield  128
Decomposition into Roll Yield and Spot  131
Summary  138
Further Reading and References  139
## PART IV  TREND FOLLOWING AS AN ALTERNATIVE ASSET CLASS

### CHAPTER 7  Properties of Trend Following Returns
- Trend Following as an Alternative Asset Class  143
- Crisis Alpha  145
- Crisis Beta  149
- Key Statistical Properties  155
- Summary  159
- Appendix: A Summary of Common Performance Measures  160
- Further Reading and References  161

### CHAPTER 8  Characteristics of Drawdowns, Volatility, and Correlation
- Understanding the Properties of Drawdowns  163
- Volatility of a Trend Following Portfolio  173
- Correlation and Diversification at the Portfolio Level  181
- Summary  185
- Further Reading and References  186

### CHAPTER 9  The Hidden and Unhidden Risks of Trend Following
- Directional and Nondirectional Strategies: A Review  187
- Defining Hidden and Unhidden Risks  188
- The Myths and Mystique of the Sharpe Ratio  195
- Unraveling Hidden Risks of Dynamic Leveraging  196
- Summary  207
- Further Reading and References  207

### CHAPTER 10  Trend Following in Various Macroeconomic Environments
- Interest Rate Environments  210
- Regulatory Forces and Government Intervention  217
- Postcrisis Recovery  221
- Summary  228
- Further Reading and References  229
PART V  BENCHMARKING AND STYLE ANALYSIS

CHAPTER 11  Return Dispersion  233
Strategy Classification and Return Dispersion  234
A Closer Look at Capital Allocation and Position Sizing  239
Return Dispersion from an Investor’s Perspective  247
Empirical and Theoretical Considerations for Correlated Return Series  256
Summary  263
Further Reading and References  264

CHAPTER 12  Index and Style Factor Construction  265
Divergent Risk Taking Revisited  266
Defining a Divergent Trend Following Strategy  269
Constructing Style Factors  277
Characteristics of the Style Factors  282
Summary  286
Further Reading and References  287

CHAPTER 13  Benchmarking and Style Analysis  289
A Framework for Return-Based Style Analysis  290
Style Analysis for Individual CTA Managers  294
Sector Level Analysis of the Market Size Factor  299
Style Analysis Clarifications  304
Manager Selection and Allocation  310
Summary  313
Further Reading and References  313

PART VI  TREND FOLLOWING IN AN INVESTMENT PORTFOLIO

CHAPTER 14  Portfolio Perspectives on Trend Following  317
A Closer Look at Crisis Alpha  317
The Impact of Mark-to-Market on Correlation  326
Understanding Volatility Cyclicality  329
Summary  334
Further Reading and References  335

CHAPTER 15  Practicalities of Size, Liquidity, and Capacity  337
Does Size Matter?  337
The Impact of Less Liquid Markets  345
