Preface and Acknowledgments xvi
List of Abbreviations xviii

1 Location Choice and Clustering of Foreign Subsidiaries on the Economic Sustainability and Competitiveness of the Host Regions 1
1.1 Background and problem setting 1
1.2 Outline of the book 3

2 Heterogeneity of Economic Space: Introduction of the Problem 4
2.1 Regional location choices and clustering of firms 4
2.2 Nature of cluster formation 5
2.3 Location choices and clustering of foreign firms 12
2.4 Regional industrial specialization patterns of foreign firms 13
2.5 An industrial specialization and a country-of-origin trajectory development 15
2.6 The effect of R&D activity, market size, availability of skilled labor, and labor costs on FDI attractiveness 21
2.7 Specificities of transition economies 25
2.8 Summary and expected contribution 26

3 Local Strengths and Foreign Firms' Location Choice: The Research Design, Data, and Methodology 29
3.1 Introduction - dependent variable 29
3.2 Methods of analysis 29
3.3 Organization methods 35
3.4 Examination of regional industrial specialization trajectories of FDI and their determinants 39
3.5 Data and method – explanatory variables
3.6 Summary
3.7 The effect of the presence of industry leaders investing in Poland on the location choices of small and medium-size foreign investors

4 Concentration of Foreign Firms in Poland based on Industrial Specialization and Country-of-Origin Criteria: The Results and Summary of the Evidence
4.1 Regional industrial specialization patterns of foreign investment
4.2 Summary
4.3 Country-of-origin – RLACo – concentration patterns of foreign investment
4.4 The results of the RLACo data analysis
4.5 Summary
4.6 The influence of local economic factors on the location choices of foreign investors in Poland
4.7 Summary of the results
4.8 Can the Polish economy do it alone from now on? Analysis of the results

5 The Results of the Effects of Location Choices by Industry Leading Firms Investing in Poland on the Location Choices of Small and Medium-Size Foreign Investors
5.1 Do leading firms actually lead?
5.2 Review of the findings
5.3 Podkarpackie and Wielkopolskie regions
5.4 Pomorskie and Śląskie regions
5.5 Kujawsko-Pomorskie and Łódzkie regions
5.6 The regions with a single leading firm
5.7 The reasons and method of coexistence between large firms and SMEs in Poland

6 Final Analysis of FDI Patterns Across Regions in Poland and Policy Recommendations
6.1 Policy and further research considerations

7 Afterword
7.1 Present situation related to FDI in Poland
7.2 Moving forward
