

ECONOMICS OF GLOBAL AND REGIONAL INTEGRATION

Edited by

TIBOR PALÁNKAI

AKADÉMIAI KIADÓ

TABLE OF CONTENTS

I. WORLD ECONOMY AND INTERNATIONAL INTEGRATION	
<i>(Tibor Palánkai)</i>	11
1. Globalisation and Integration.....	13
1.1. About Grand Transformations.....	15
1.2. About “Global Transformation”	17
2. Theoretical Frameworks of International Integration	21
2.1. The Genesis of International Integration Theories.....	21
2.2. Some General Features of International Integration	24
2.3. European Unification – Integration in Europe	27
2.4. Emergence of Global Integration	29
3. The possibilities of Measurement of Integration	31
References.....	34
II. THE CONTENT OF INTEGRATION	37
1. Theoretical Backgrounds <i>(Tibor Palánkai)</i>	39
1.1. Division of Labour Theories and Transactionalists	39
1.2. Interdependence and Integration.....	42
2. Characteristics and Measurement of Global Integration <i>(Tibor Palánkai)</i> ..	45
2.1. Patterns of Global Integration	45
2.2. Measurement of Global Integration – Globalisation Indices	52
3. Integration Profiles in a Complex Approach <i>(Tibor Palánkai)</i>	60
4. Real-Integration Profiles <i>(Tibor Palánkai, Gábor Miklós)</i>	64
4.1. Trade Intensity of Integration (Possibilities of Measurement).....	64
4.2. Trade Intensity of Integration (An Empirical Analysis).....	67
4.3. Structure of Trade and Competitiveness	73
4.4. Balances of Integration Trade	79

5.	Intensity of Factor Market Integration (<i>Tibor Palánkai, Gábor Miklós</i>).....	83
5.1.	Capital and Labour Market Integration.....	83
5.2.	Transnationalisation Processes of Company Sectors.....	88
6.	Sub-Regional Connectedness in EU Integration (<i>Tibor Palánkai, Gábor Miklós</i>).....	91
7.	Summary of Real-Integration Performances (<i>Tibor Palánkai</i>).....	97
	References.....	100

III. REGULATORY FRAMEWORKS OF INTERNATIONAL INTEGRATION.....

	103	
1.	Theories and Frameworks of Regional Integration (<i>Tibor Palánkai</i>).....	105
1.1.	Basic Forms of Regional Integration.....	105
1.2.	Liberal Integration Theories.....	107
1.3.	Institutionalism and Integration.....	108
1.4.	Federalism Contra Intergovernmentalism.....	109
2.	General Framework of the Regulation of Global Integration (<i>Tibor Palánkai</i>).....	113
2.1.	General Characteristics and Functions of International Institutions.....	113
3.	The Regulatory Role of Institutions in Global Trade Integration (<i>Tibor Palánkai</i>).....	116
3.1.	International Trade Regimes.....	116
3.2.	Creation of Institutional Frameworks of International Trade.....	119
4.	Monetary Frameworks of International Integration.....	122
4.1.	Basic Monetary Conditions of International Integration (<i>Tibor Palánkai</i>).....	122
4.2.	Theoretical Background of Regional Monetary Integration (The Theory of Optimum Currency Areas) (<i>István Benczes</i>).....	125
4.2.1.	Asymmetric Shocks and their Costs.....	126
4.2.2.	The Analytics of Economic Shocks in a Two-Country Model.....	127
4.2.3.	Factor Mobility.....	130
4.2.4.	Adjustment under Fixed Exchange Rates.....	130
4.2.5.	Flexible Exchange Rate Regimes.....	131
4.2.6.	The Mobility of Labour.....	131
4.2.7.	Economic Openness.....	132
4.2.8.	Product Diversification.....	134
4.2.9.	The Similarity of Preferences.....	134
4.2.10.	Challenges to OCA Theories.....	137
4.2.11.	Fiscal Transfers and/or Fiscal Union – An EMU Perspective.....	138
4.3.	International Monetary Institutions Serving of Global Integration (<i>Tibor Palánkai</i>).....	141
5.	Economic Union and the Regulation of Regional Integrations (<i>Tibor Palánkai</i>).....	145

6.	Crisis of Governance and the Challenges to European Democracy (<i>Jody Jensen</i>)	148
6.1.	The Great Disruption	148
6.2.	The Global Context	150
6.3.	The Consolidation	151
6.4.	Financial Crisis and Democracy	152
6.5.	The European Crisis	154
6.6.	Crisis and Democracy in Europe: New Movements and Democratic Potential	156
6.7.	Is Another Europe Possible?	159
	References	161
IV. REGIONAL INTEGRATIONS IN THE WORLD ECONOMY		165
1.	The Spreading of Regional Integrations in World Economy (<i>Gábor Kutasi</i>)	167
2.	The European Union and its Policies (<i>Ákos Kengyel</i>)	175
2.1.	Competition Policy	178
2.2.	Commercial Policy	181
2.3.	Common Agricultural Policy	183
2.4.	Regional Policy	187
3.	Regional Monetary Integrations	191
3.1.	The EMU and the EU (<i>Tibor Palánkai</i>)	191
3.1.1.	The Theoretical Bases of Economic and Monetary Union	191
3.1.2.	The Beginnings of Monetary Integration in Europe	192
3.1.3.	The Maastricht Decisions about EMU	194
3.1.4.	EMU and Economic Policy Coordination	199
3.2.	The Reforms of the EU Governance (<i>István Benczes</i>)	202
3.2.1.	The Concept of Economic Governance	202
3.2.2.	The Balance-of-Payments Facility and the No-Bail-Out Clause	205
3.3.	Crisis Management and Resolution in the EU (<i>István Benczes</i>)	209
3.3.1.	The European Financial Stability Facility	209
3.3.2.	The European Financial Stabilisation Mechanism	210
3.3.3.	The European Stability Mechanism	213
3.4.	Preventing a Crisis in the EU (<i>István Benczes</i>)	219
3.4.1.	Strengthening the Existing Rules: The Six Pack	219
3.4.2.	The European Semester	223
3.4.3.	The Fiscal Compact	225
3.5.	Banking Union (<i>István Benczes, Gábor Kutasi</i>)	229
3.6.	Elements of Monetary Union in Regional Integrations (<i>Gábor Kutasi</i>) ..	231
3.6.1.	Unilateral Monetary "Integration"	232
3.6.2.	CFA Franc Zones	237
3.6.3.	Gulf Monetary Cooperation	240

3.6.4.	Southern African Rand Union	241
3.6.5.	Caribbean Monetary Union	242
3.6.6.	Asian Monetary Attempts.....	243
4.	The Common Budget of the EU (<i>Sándor Gyula Nagy, Tibor Palánkai</i>)..	246
4.1.	The Characteristics of the EU Budget	246
4.1.1.	Principles and Characteristics of Budget Financing.....	247
4.1.2.	The Economic Policy Functions of the EU Budget.....	252
4.1.3.	Principles of Program Financing	254
4.2.	The Main Directions of Reform of the Common Budget.....	255
4.3.	The Common Budget for 2014–2020.....	263
4.3.1.	The Common Budget and EMU.....	263
4.3.2.	The Multiannual Financial Framework for 2014–2020	264
4.4.	Fiscal Federalism.....	266
5.	The Cohesion Policy of the EU (<i>Sándor Gyula Nagy</i>).....	270
5.1.	History of the Cohesion Policy.....	270
5.2.	Main Changes in the 2000–2013 Programming Periods	274
5.3.	Cohesion Policy between 2014–2020	276
5.3.1.	Frameworks of Cohesion Policy	276
5.3.2.	Principles and Main Concepts	278
5.4.	The Efficiency of the Cohesion Policy	282
5.4.1.	The Goals of the Cohesion Policy	282
5.4.2.	Implementation Practices in Member States	287
5.5.	Opinions about the Success of the Cohesion Policy	290
6.	Possibilities of Measurement of the Regulatory Integration of the EU (<i>Tibor Palánkai</i>)	296
6.1.	“Variable Geometry” – “Multi-Speed” Union.....	296
6.2.	Summary Evaluation of Participation in Institutional Integration	299
	References.....	302
V.	INTEGRATION MATURITY (<i>Tibor Palánkai</i>)	311
1.	Theoretical Approaches	313
2.	Economic Criteria of Membership and Integration Maturity	318
2.1.	Market Economy Criteria of Integration	319
2.2.	Competitiveness (Development and Structural Requirements)	323
2.3.	Macro-Economic Stability and Stabilization.....	328
2.4.	Convergence (Real and Financial)	330
2.5.	Financing and Financability	332
3.	The Political Criteria of Membership (Accession).....	334
	References.....	337

VI. IMPACTS OF INTEGRATION – COST AND BENEFITS

<i>(Tibor Palánkai)</i>	339
1. Integration and its Impacts on Social Research and Analysis	341
1.1. Knowledge-Based Society and New Paradigms of Economics	341
1.2. Integration and its New Challenges to Social Sciences.....	347
2. Economics of Regional Market Integration	350
2.1. ‘Classical’ Customs Union Theories: Market Advantages and Disadvantages (Costs and Benefits)	350
2.1.1. Mechanisms of Integration Effects in Customs Union Theories.....	350
2.1.2. Analysis in a Supply and Demand Model	353
2.1.3. The Customs Union and the Abolition of Quantitative Restrictions.....	358
2.1.4. Factors Influencing Gains and Losses	359
2.2. “Dynamic” Concepts in Customs Union Theory	362
2.3. Some Macro-Effects of the Customs Union.....	365
2.4. The Theoretical Foundations of the Common Market	367
2.5. Measuring the Effects of Customs Union and Common Market	370
3. Creation 1992 Single European Market	375
3.1. Major Advantages.....	375
4. Macro-Economic Performance, Stability and Integration.....	377
4.1. Main Features of Macro-Performance.....	377
4.2. Synthetic Scores of the EU-27s.....	379
5. The Balance of Impacts of Globalisation	383
5.1. Global Integration – Performance and Welfare Impacts	383
5.1.1. Growth Trends	384
5.1.2. Price (Inflationary) Trends	390
5.2. Globalization and Inequities.....	392
6. Integration and Trends of Convergence in Europe.....	399
7. The European Centre and Eastern Central European Periphery.....	403
References.....	407
APPENDIX.....	409
