Handbook of Research on Information Architecture and Management in Modern Organizations

George Leal Jamil
*Informações em Rede, Brazil*

José Poças–Rascão
*Polytechnic Institute of Setúbal, Portugal*

Fernanda Ribeiro
*Porto University, Portugal*

Armando Malheiro da Silva
*Porto University, Portugal*

A volume in the Advances in Information Quality and Management (AIQM) Book Series
# Table of Contents

**Preface** .................................................................................................................. xxiv  
**Acknowledgment** .................................................................................................. xxix  

**Section 1**  
**A Word from the Organizers**  

**Chapter 1**  
Challenges in Modelling Healthcare Services: A Study Case of Information Architecture  
Perspectives .................................................................................................................. 1  
  
*George Leal Jamil, Informações em Rede, Brazil*  
*Liliane Carvalho Jamil, Independent Researcher, Brazil*  
*Augusto Alves Pinho Vieira, Independent Researcher, Brazil*  
*Antônio José Daniel Xavier, Federal University of Minas Gerais, Brazil*  

**Chapter 2**  
Architecture of Information .......................................................................................... 24  
  
*José Poças Rascão, Polytechnic Institute of Setúbal, Portugal*  

**Chapter 3**  
Modeling Architecture of Information ........................................................................ 61  
  
*José Poças Rascão, Polytechnic Institute of Setúbal, Portugal*  

**Section 2**  
**Defining a Conceptual Background**  

**Chapter 4**  
Reconfiguring Information Services in the Light of the Post-Custodial, Informational, and  
Scientific Paradigm of Information Science: A Case Study of the Hospital Sector .......... 96  
  
*Olivia Pestana, University of Porto, Portugal*  

**Chapter 5**  
Borderline Fields of Information Architecture: Information Overload, the Literacies, and Personal  
Information Management ......................................................................................... 111  
  
*Tibor Koltay, Szent István University, Hungary*
Chapter 6
The Roles of Knowledge Management and Organizational Innovation in Global Business ............... 130
Kijpokin Kasemsap, Suan Sunandha Rajabhat University, Thailand

Chapter 7
Management in Modern Organizations: Organizational, Innovation, and Knowledge Management
Theories ............................................................................................................................................. 154
Maria José Sousa, Instituto Universitário de Lisboa, Portugal & Universidade Europeia, Portugal
Isabel Moço, Universidade Europeia, Portugal

Chapter 8
Innovation Management in Modern Organizations: An Evolutionary Approach ......................... 180
João P. C. Marques, Polytechnic Institute of Coimbra, Portugal & University of Aveiro, Portugal

Chapter 9
Leaders and Followers: The Leadership Style Perceived in Modern Organizations ..................... 195
Paula Figueiredo, Universidade Europeia, Portugal
Maria José Sousa, Instituto Universitário de Lisboa, Portugal & Universidade Europeia, Portugal

Chapter 10
User-Centred Design and Evaluation of Information Architecture for Information Systems .......... 219
André de Lima Salgado, Universidade Federal de Lavras, Brazil
Fabrício Horácio Sales Pereira, Universidade Federal de Lavras, Brazil
André Pimenta Freire, Universidade Federal de Lavras, Brazil

Chapter 11
Regional Innovation Systems and Revolutionary Business Modelling: The Network-Based
Innovation Model ................................................................................................................................ 237
Filipe Castro Soeiro, Universidade Europeia, Portugal & Nova School of Business and Economics (UNL), Portugal

Chapter 12
Internet Technologies and Innovation: A Framework Based on the Study of Brazilian
Companies ............................................................................................................................................. 256
André Grützmann, Universidade Federal de Lavras, Brazil
André Luiz Zambalde, Universidade Federal de Lavras, Brazil
Paulo Henrique de Souza Bermejo, Universidade Federal de Lavras, Brazil

Chapter 13
Organisational Architecture and Learning in an Inter-Professional Context: A Case-Study of an
Agile Crowd-Funded Software Project Using Contingent Working ............................................. 274
Jonathan Bishop, Centre for Research into Online Communities and E-Learning Systems, UK
Section 3
Cases and Practical Approach

Chapter 14
Information Architecture in Practice

José Poças Rascão, Polytechnic Institute of Setúbal, Portugal
Antonio-Juan Briones-Penalver, Polytechnic University of Cartagena, Spain

Chapter 15
Allocation of Information and Technology Professionals According to Brain Structures

Fernando Paulo Belfo, Institute of Accounting and Administration of Coimbra, Portugal

Chapter 16
Informed Governance: The Objective Definition Model

Carlos Páscoa, Air Force Academy, Portugal
Benjamin Fernandes, University of Lisbon, Portugal
José Tribolet, University of Lisbon, Portugal

Chapter 17
Information Architecture as an Enabler for Business Development: A Case Study

Henrique S. Mamede, Universidade Aberta, INESC-TEC, Portugal

Chapter 18
Using Wiki for Managing Knowledge in Agile Software Development

Pankaj Kamthan, Concordia University, Canada

Chapter 19
Information Architecture: Case Study

Cláudio Roberto Magalhães Pessoa, Universidade Fumec, Brazil
Monica Nassif Erichsen, Escola de Ciência da Informação da Universidade Federal de Minas Gerais, Brazil
Renata Maria Abranches Baracho, Escola de Ciência da Informação da Universidade Federal de Minas Gerais, Brazil
George Leal Jamil, Informações em Rede, Brazil

Chapter 20
Information Architecture and Business Modeling in Modern Organizations of Information Technology: Professional Career Plan in Organizations IT

Edilaine Rodrigues Soares, Faculty COTEMIG, Brazil
Fernando Hadad Zaidan, Federal University of Minas Gerais, Brazil

Chapter 21
Organizational Urbanism: A Value Proposal for the Generation of Organizational Intelligence to Healthcare Institutions – The Case of a Portuguese Hospital Center

Pedro Fernandes Anunciação, Escola Superior de Ciências Empresariais, Portugal
Sónia Nunes, Centro Hospitalar Lisboa Ocidental, Portugal
Chapter 22
Information Architecture: A Study about Usability and Accessibility

Maria Irene da Fonseca e Sá, Universidade Federal do Rio de Janeiro, Brazil

Chapter 23
Organizational Architecture and Online Social Networks: Insights from Innovative Brazilian Companies

André Grützmann, Universidade Federal de Lavras, Brazil
Cleber Carvalho de Castro, Universidade Federal de Lavras, Brazil
Anderson Antonio Freire de Moraes Meireles, Universidade Federal de Lavras, Brazil
Renan Carlos Rodrigues, Universidade Federal de Lavras, Brazil

Chapter 24
An Evaluation of Partnership for Productive Development in Brazil’s Healthcare: Measuring the Knowledge Translation from Implementation to the Impact

Jorge Lima Magalhães, Centre for Technological Innovation, NIT FAR, Farmanguinhos, Oswaldo Cruz Foundation, FIOCRUZ, Brazil
Zulmira Hartz, Global Health and Tropical Medicine, GHTM, Instituto de Higiene e Medicina Tropical, IHMT, Universidade Nova de Lisboa, UNL
Adelaide M. S. Antunes, National Institute for Industrial Property - INPI & Chemical School of the University of Rio de Janeiro - UFRJ, Brazil
