Managing Humanitarian Logistics
Contents

Part I  Humanitarian Logistics Design and Planning

1  Humanitarian Logistics and Disaster Management:  
The Role of Different Stakeholders ........................................ 3  
B.S. Sahay, N. Vinod Chandra Menon, and Sumeet Gupta

2  Logistics Planning in Natural Disasters ......................... 23  
Sravani Bharandev, S.K. Mukul Ali, and Sindhu

3  Identification and Modelling of Critical Success Factors  
of a Humanitarian Supply Chain ........................................ 33  
Vijayta Fulzele, Rachita Gupta, and Ravi Shankar

4  Non-Ownership Commercial Mobility and Humanitarian  
Logistics: New Perspectives to Improve Response Times  
and Long-Term Impact ................................................... 51  
Micha Hirschinger and Roger Moser

5  Modeling the Barriers of Humanitarian Supply Chain  
Management in India ..................................................... 61  
Lijo John and A. Ramesh

Part II  Humanitarian Logistics Strategies

6  Relief Network Model for Efficient Disaster Management  
and Disaster Recovery .................................................. 85  
Sumeet Gupta, B.S. Sahay, and Parikshit Charan

7  Exploring the Challenges in Implementation of Information  
Technology in Humanitarian Relief Organisations in India:  
A Qualitative Study .................................................... 105  
Gaurav Kabra and A. Ramesh
8 Managing Disaster Supply Chains with RFID for Humanitarian Logistics ......................................................... 115
Joy Mukhopadhyay and Sancharan Roy

9 An Agile and Flexible Supply Chain for Efficient Humanitarian Logistics in a Disaster Management System .... 129
B.R. Raghukumar, Ashish Agarwal, and Milind Kumar Sharma

10 A “Collective Impact Framework” to Improve Output and Outcomes in Disaster Reconstruction Programs .... 141
Debashish Naik

Part III Humanitarian Logistics Modelling

11 An Approach of Modeling for Humanitarian Supplies .......................................................... 153
Devendra Kumar Dewangan, Rajat Agrawal, and Vinay Sharma

12 Reinforcing the Human Elements in Downstream Supply Chain in TOC Way ................................. 165
Kuldeep Malik and Sheelan Mishra

13 Business Modeling for the Sustainability of Humanitarian Projects ............................................... 173
Darshan Suresh Rathi and Ali M.S. Zalzala

14 Supplier Selection and Multi-period Demand Allocation in a Humanitarian Supply Chain ...................... 189
Amol Singh

15 Hierarchical Decision Modeling Approach for Risks Prioritization in Sustainable Supply Chains ............... 209
Divya Choudhary and Jitendra Madaan

16 Selection of Post-Disaster Humanitarian Logistics Structure Using AHP Approach .......................... 227
Vivek Roy, Sumit Agarwal, Subhash Kumar, and Parikshit Charan

Part IV Relief Supply Chain for Disaster Management

17 Supply Chain for Disaster Management: An Empirical Study ...................................................... 241
Ashwini Sharma, Dixit Garg, and Ashish Agarwal

18 Role of Humanitarian Supply Chain Management in Various Disaster Situations Across the Globe .......... 253
Laxhminarayan Das

19 Peculiarities of Disaster Management in a High-Altitude Area ..................................................... 273
Ajay Bohtan, Prem Vrat, and A.K. Vij
20 Relief-Chain Logistics in Natural Disasters ......................... 297
Purvishkumar Patel, Repaul Kanji, and Rajat Agrawal

21 Humanitarian Logistics of Human Remains of Disasters .......... 305
Kailash Gupta
