# **The Cultural Impact on Decision Coordination in International Alliances**

*An investigation of partnerships in the German-Russian  
oil and natural gas industry*

KÖLNER WISSENSCHAFTSVERLAG

Köln 2015

# Table of Contents

---

- Chapter I** Does Culture matter in International Business?..... 1
  - 1.1 The importance of cross-cultural management..... 3*
    - 1.1.1 The economic significance of cross-cultural management..... 4
    - 1.1.2 The practical significance of cross-cultural management in the European energy sector..... 6
  - 1.2 The goal of this research project..... 9*
    - 1.2.1 The research’s practical-oriented contribution..... 9
    - 1.2.2 The research’s contribution to scientific theory..... 11
    - 1.2.3 The research’s milestones ..... 13
  - 1.3 The research construct and the preliminary investigation model..... 13*
    - 1.3.1 A preliminary model for investigating the cultural impact on international alliances..... 15
    - 1.3.2 Research questions and hypotheses..... 18
  - 1.4 The structure of this book..... 21*
  
- Chapter II** A Model of Decision-Making-Processes and Cultural Influences..... 25
  - 2.1 Decision-making within an organization..... 26*
    - 2.1.1 A basic understanding of decisions and decision-making processes..... 26
    - 2.1.2 Decision-making as an academic discipline..... 29
    - 2.1.3 Decision-making theory’s contribution to the investigation model ..... 32
  - 2.2 Decision-making between organizations..... 37*
    - 2.2.1 Alliance theory as an academic discipline ..... 37
    - 2.2.2 Alliance theory’s contribution to the investigation model ..... 42
  - 2.3 Cultural management and theory..... 50*
    - 2.3.1 Culture theory as an academic discipline ..... 51
    - 2.3.2 Cultural theory’s contribution to the investigation model..... 59
  - 2.4 Theory consolidation into a problem-based investigation model..... 67*

<b>Chapter III</b>	<b>Research Methodology</b> .....	71
3.1	<i>The choice of the correct research strategy</i> .....	71
3.1.1	The case study approach for solving complex problems.....	72
3.1.1.1	A definition of case study research.....	72
3.1.1.2	Advantages of case study research.....	74
3.1.1.3	Prejudices against case study research.....	75
3.1.1.4	Controlling the quality of case study research.....	76
3.1.2	Special circumstances of this particular research .....	77
3.2	<i>Research design</i> .....	80
3.2.1	Selection of the appropriate case study approach.....	80
3.2.2	Design of individual case studies .....	82
3.2.3	Selection of the appropriate data collection method.....	84
3.2.3.1	Expert interviews as primary collection method .....	84
3.2.3.2	Secondary data collection methods .....	86
3.2.3.3	Data collection limitations and solutions.....	87
3.2.4	Design of data collection methods .....	89
3.2.4.1	Design of expert interviews .....	89
3.2.4.2	Design of surveys.....	93
3.3	<i>Case selection process</i> .....	94
3.3.1	Selection criteria for case studies .....	94
3.3.2	Selecting the right number of case studies.....	96
3.4	<i>The evaluation of case study research</i> .....	97
3.4.1	Individual case evaluation design.....	98
3.4.1.1	Case study classification .....	98
3.4.1.2	Depiction of the interaction process .....	100
3.4.1.3	Deduction of investigation factors .....	101
3.4.1.4	Evaluation of causes of disharmony.....	102
3.4.2	Cross-case evaluation design .....	104
3.4.2.1	Cross-case validation and consolidation process.....	104
3.4.2.2	Cross-case evaluation design of causes of disharmony.....	106
3.4.2.3	Cross-case evaluation design of the cultural impact.....	108

<b>Chapter IV</b>	<b>Cross-case Evaluation of Causes for Disharmonies in International Alliances.....</b>	<b>111</b>
4.1	<i>Overview of individual case study evaluations.....</i>	<i>112</i>
4.1.1	Case studies of cooperative and established alliances .....	112
4.1.2	Case studies of cooperative and newly formed alliances .....	116
4.1.3	Case studies of competitive alliances.....	118
4.2	<i>The praxis-oriented evaluation of causes of disharmony and their triggers in international alliances.....</i>	<i>121</i>
4.2.1	Direct causes of disharmony .....	121
4.2.2	Indirect causes of disharmony.....	128
4.2.3	Countermeasures to causes of disharmony .....	137
4.2.4	Causes of disharmony under different alliance conditions.....	142
4.3	<i>The scientific-oriented evaluation of the cultural impact on the formation of disharmonies in international alliances.....</i>	<i>144</i>
4.3.1	Structural and cultural traits in international business alliances .....	145
4.3.1.1	Characteristics of direct and indirect causes of disharmony ...	145
4.3.1.2	Interdependencies among indirect causes of disharmony .....	151
4.3.1.3	Most frequent structural and cultural traits in the formation of disharmony and their consequences.....	154
4.3.2	The cultural impact of specific societies on the formation of disharmony in international business alliances .....	161
4.3.3	The potential of cultural profiles as indicators for potential causes of disharmony.....	166
<b>Chapter V</b>	<b>Implications of the Cultural Impact on Decision Coordination in International Alliances .....</b>	<b>173</b>
5.1	<i>Results of the research's analyses.....</i>	<i>173</i>
5.2	<i>Implications, limitations and conclusion.....</i>	<i>182</i>
5.2.1	Implications for decision makers and researchers .....	182
5.2.2	Limitations .....	186
5.2.3	Conclusion .....	189

References .....	191
<b>Appendix 1</b> Case Study Reports.....	221
<b>Appendix 2</b> Research Concepts, Data Collection, Analysis and Results.....	397
