Dedication xvii  

Introduction 1  
*Frederic S. Lee and Bruce Cronin*

## PART I PHILOSOPHICAL FOUNDATION AND RESEARCH STRATEGY

1 Critical realism as a social ontology for economics 15  
*Jamie Morgan*

2 Critical realism, method of grounded theory, and theory construction 35  
*Frederic S. Lee*

3 An interdisciplinary perspective on heterodoxy 54  
*Rick Szostak*

## PART II RESEARCH METHODS AND DATA COLLECTION

4 Separate or symbiotic? Quantitative and qualitative methods in (heterodox) economics research 73  
*Lynda Pickbourn and Smita Ramnarain*

5 Historical method and data 92  
*Natalia Bracarense and A. Reeves Johnson*

6 Using survey methods in heterodox economic research 110  
*Tiago Cardão-Pito*

7 Qualitative and ethnographic methods in economics 135  
*Amit Basole and Smita Ramnarain*

8 Experimental methods and data 165  
*Andrew Mearman*

9 Factor analysis, cluster analysis, and nonparametric research methods for heterodox economic analysis 190  
*Michael J. Murray*

10 Regression analysis: a review 210  
*Paul Downward*

11 Critical realism, econometrics, and heterodox economics 222  
*Nuno Ornelas Martins*
12 Social network analysis
  Bruce Cronin

13 Agent-based computational economics: simulation tools for heterodox research
  Jonathan F. Cogliano and Xiao Jiang

14 Modeling as a research method in heterodox economics
  Frederic S. Lee

15 Multiple and mixed methods research for economics
  Bruce Cronin

PART III APPLICATIONS

16 A mixed methods approach to investment behavior
  Armağan Gezici

17 Price stability
  Gyun Cheol Gu

18 Studying low-income households: challenges and issues
  Lynne Chester

19 Marketization and human services providers: an industry study
  Bob Davidson

20 A qualitative case study of the Mexican stock market (BMV) from the perspective of critical realism and grounded theory
  Jesús Muñoz

21 Looking into the black box: policy as a contested process
  Jamee K. Moudud

22 Modeling the economy as a whole: stock-flow models
  Gennaro Zezza

23 A mixed methods approach to investigating the employment decisions of aged care workers in Australia
  Therese Jefferson, Siobhan Austen, Rhonda Sharp, Rachel Ong, Valerie Adams and Gill Lewin

24 Combining qualitative and quantitative methods in fieldwork: an application to research on gender, migration, and remittances in Ghana
  Lynda Pickbourn

25 A data triangulation approach to understanding the behavior of small landholders in Bulgaria
  Mieke Meurs
26 Measuring the intra-household distribution of wealth in Ecuador: qualitative insights and quantitative outcomes  
*Carmen Diana Deere and Zachary B. Catanzarite*  
512

27 The use of quasi-experimental design in urban and regional policy research and political economy  
*Thomas E. Lambert and Michael Bewley*  
535

28 Detecting business cycles  
*Susan K. Schroeder*  
554

29 A *Régulationist* analysis of an industry sector using mixed research methods  
*Lynne Chester*  
569

*Index*
