PART I DEMAND FOR HEALTH, HEALTH CARE, AND INSURANCE

CHAPTER 2 HEALTH AND HEALTH BEHAVIORS

2.1 RATIONALITY AND OTHER ECONOMIC ASSUMPTIONS

2.2 HEALTH PRODUCTION FUNCTIONS

   THE CONCEPT

   HEALTH STOCKS AND FLOWS

2.3 THE DEMAND FOR HEALTH: HEALTH AS A CAPITAL STOCK

   EVOLUTION OF A PERSON'S HEALTH OVER TIME

   DEMAND FOR HEALTH AND FOR MEDICAL CARE

   PREDICTIONS OF THE GROSSMAN MODEL

      A Reduction in the Price of Medical Care

      An Increase in the Individual's Wage Rate

      An Increase in the Individual's Age

      An Increase in the Individual's Educational Attainment

2.4 MEASURING HEALTH CAPITAL

   MORTALITY

   QUALITY-OF-LIFE RATING SCALES

   QUALITY OF LIFE DERIVED FROM TRADE-OFF QUESTIONS

2.5 ADDING UNCERTAINTY: DECISION TREES, BACKWARD INDUCTION, AND
   DECISION MAKING UNDER UNCERTAINTY

      A REALISTIC APPLICATION: A PEDIATRICIAN'S DECISION ABOUT ORDERING
      A THROAT CULTURE

      ERRORS IN DIAGNOSTIC TESTS

2.6 CONSUMER CHOICES ABOUT HEALTH BEHAVIORS: A GENERAL FRAMEWORK

   UNHEALTHY BEHAVIORS

   THE CONCEPT OF PRESENT VALUE

   FUNDAMENTAL UNDERLYING ASSUMPTIONS

   Assumptions: Rational, Forward-Looking, and Time Consistency Described
CONTENTS

Ex Ante Expectations and Decisions, Ex Post Realizations, and Revising Expectations from Learning 66

Is the Economic Framework of Health Behavior Decision Making Plausible? 67

Chapter 4 Demand for Private Health Insurance

4.1 Relationships among Health, Health Insurance, and the Use of Personal Health Care Services

4.2 Insurance Concepts and Terminology

First-Party and Third-Party Insurance

Pecuniary and Nonpecuniary Loss

The Price of Insurance

4.3 Diminishing Marginal Utility of Wealth and the Demand for Insurance

Utility of Wealth

Expected Utility

4.4 Model of Demand for Insurance

The Basic Model

Effects of Shifts in the Utility Function, Changes in \( \theta \), and Changes in \( l \) on the Decision to Purchase Insurance

Shifts in the Utility Function

Change in Probability of Incurring a Loss (Becoming Sick)
Change in the Magnitude of the Loss Conditional on Incurring a Loss
(Becoming Sick) 139

THE RISK-LOVER CASE 139

IMPLICATIONS OF THEORY: DETERMINANTS OF DEMAND FOR INSURANCE 140

THE PREMIUM OF A HEALTH INSURANCE POLICY 141

4.5 EMPIRICAL ISSUES 142

WHY DO THE PROBABILITY AND MAGNITUDE OF THE LOSS VARY? 142

WHY INCOME AFFECTS DEMAND FOR INSURANCE 142

HOW ADVERSE SELECTION MAY ARISE IN HEALTH INSURANCE MARKETS 144

ADVERSE SELECTION AND UNRAVELING IN INSURANCE MARKETS 147

ADVERSE SELECTION AND UNRAVELING: THE CASE OF HARVARD UNIVERSITY 151

4.6 EMPIRICAL EVIDENCE ON ADVERSE SELECTION IN PRIVATE HEALTH
INSURANCE MARKETS 154

4.7 "RISK ADJUSTMENT" AND ADVERSE AND PREFERRED RISK SELECTION 156

4.8 SUMMARY AND CONCLUSIONS 159

### Chapter 9: Implementing Public Policy for Pharmaceutical Innovation

9.1 Developing New Drugs: Rare Diseases and Diseases Prevalent in Low-Income Countries
- **Rewards as a Substitute for Patents: Overview**
- **Specific Proposals**
  - Advance Purchase Commitments
  - Optional Rewards Based on Therapeutic Effect
  - Priority Review Voucher

9.2 Implementation of Medicare Part D in the United States

9.3 The Special Cases of Vaccines and Medical Devices
- **Vaccines**
- **Medical Devices**

9.4 Summary and Conclusions

### Chapter 10: The Supply of Private Health Insurance

10.1 The ABCs of the Business of Insurance
- **Functions of Insurers**
- Risk Bearing
- Marketing and Underwriting
- Claims Processing
- Loss Prevention

**Measuring the Financial Strength of Insurers: An Insurer’s Income Statement and Balance Sheet**
- Income Statement
- Balance Sheet

**Insurers’ Cash Flow, Income from Investments, and Premium Setting**
- Timing of Insurers’ Revenue and Expenses
- Investment Income
Higher Investment Income Leads to Lower Premiums on the Underwriting Side of an Insurer's Business

Reinsurance

Underwriting Cycles

10.2 Are Insurers’ Premiums and Returns Excessive?

10.3 Private versus Public Provision of Health Insurance Coverage

The Case for and Against Relying on Private Health Insurance for Provision of Coverage to a Population

10.4 Employer-Based Private Health Insurance Coverage

Advantages of Employer-Based Coverage

Who Really Pays for Employer-Based Health Insurance Coverage?

10.5 Government Regulation of Private Health Insurance

Rationale for Government Regulation

Insurance Mandates: A Form of Private Regulation of Private Health Insurance

Community Rating

Managed Care Defined

The Effect of Managed Care on Market Structure and Providers’ and Patients’ Incentives

Managed Care and Health System Performance

Overview

Effects of Managed Care on Spending on Personal Health Care

Effects of Managed Care on Diffusion of Technology

The Backlash against Managed Care

Competition among Private Insurers: Are Health Insurance Markets Competitive?

Private Health Insurance and Universal Health Insurance Coverage

10.6 Summary and Conclusions

   PROVISION OF HEALTH INSURANCE  510
   UNIVERSAL COVERAGE, SOCIAL INSURANCE, AND MEANS-TESTED INSURANCE  510
   ARGUMENTS OF ADVOCATES FOR THE PUBLIC PROVISION OF HEALTH INSURANCE  512
   CHOICES IN THE DESIGN OF PUBLIC PAYMENT SYSTEMS  514
12.2 Evolution and Structure of the Payment System: German Statutory Health Insurance 522

12.3 Evolution and Structure of the Payment System: The US Medicare Program 526

Background 526

Hospital Payment under Medicare: The Medicare Prospective Payment System 529

Physician Payment under Medicare: Fixed Fees Based on a Resource-Based Relative Value Scale 530

Effects of Medicare 534

Technological Change 534

Population Subgroups 534

Population Health 536

12.4 Evolution of Payment Systems: The US Medicaid Program 536

Background 536

Choice of Medicaid Benefits versus Self-Insurance versus Private Insurance 538

Empirical Evidence on Medicaid Fee Schedules 542

Medicaid and Nursing Home Care 543

12.5 Evolution of Payment Systems: Canada's Medicare 544

Background 544

Effects of the Canadian Medicare Program 546

Patient Waiting Time to Receipt of Care 546

Use of Costly Procedures 546

Disparities in Health and in the Use of Services 547

12.6 Evolution of Payment Systems in Asian Countries on the Pacific Rim 547

Background 547

Japan 547

South Korea 550

Taiwan 552

Effects of Universal Health Insurance 553

12.7 Discussion and Conclusions 556

Key Concepts 558

Review and Discussion Questions 558
Chapter 13  Public Supply and Financing

13.1 The Rationale for Public Provision of Health Care

The Role of Transaction Costs
Noncontractible Outcomes Revisited
Redistributive Concerns

13.2 Public Provision in High-Income Countries in Practice

The United Kingdom's National Health Service
Overview
Rationing by Queues Rather Than by Prices
Nonprice Rationing: Pros and Cons
Empirical Evidence on the Costs of Waiting Lists
The NHS Internal Market

Competition Among Public Sector Hospitals: A Reexamination of Its Effects

Australia
Overview
Empirical Evidence

13.3 Public Provision of Personal Health Care Services in Other Countries

High-Income Countries
Middle- and Low-Income Countries
Dominance of Public Ownership Form
Evidence on Quality of Care
Public Policy Options for Improving Quality of Care
Empirical Evidence on Effects of Interventions to Improve Quality of Care

13.4 The Evolution of China's Health Care System

Prereform Period (1950–1978)
The First Period of Reform (1978–2002)
The Second Period of Reform (2003–2012)
The Latest Health System Reform: 2013 and Afterward
13.5 Evaluation and Comparison of Health Care Systems 613
   Comparisons Based on Intermediate Performance Measures 614
   Access 614
   Cost 616
   Quality 618
   Comparisons Based on Two Performance Goals 619
   Efficiency 619
   Equity 620
