Preface .................................................................................................................................................. xxv

Acknowledgment .................................................................................................................................. xxix

## Section 1

**A Word from the Organizers**

**Chapter 1**
Numbers Can Restrict Results? Qualitative Research Methods as Information and Knowledge Management Support in Supply Chain and Logistics Sectors ........................................................................... 1

*George Leal Jamil, InescTec, Portugal*

**Chapter 2**
Information Technology and Communication Management in Supply Chain Management .............. 23

*Cláudio Roberto Magalhães Pessoa, FUMEC University, Brazil*

*Marco E. Marques, FUMEC University, Brazil*

**Chapter 3**
Risk and Visibility in Supply Chains: An Information Management Perspective ........................................ 34

*Dario Messina, University of Porto, Portugal & INESC TEC, Portugal*

*Cláudio Santos, INESC TEC, Portugal*

*António Lucas Soares, University of Porto, Portugal & INESC TEC, Portugal*

*Ana Cristina Barros, INESC TEC, Portugal*

## Section 2

**Theoretical Studies**

**Chapter 4**
Strategic Information Management: Proposal of Business Project Model ............................................. 59

*Vítor H. Lazzareschi, Fundação Dom Cabral, Brazil*

*Mônica S. Brito, Fundação Dom Cabral, Brazil*

**Chapter 5**
Identification of Potential Clients, Providers, and Competitors in Supply Chain Networks ................... 89

*Giudia Bruno, Politecnico di Torino, Italy*
Chapter 6
Advocating Information System, Information Integration, and Information Sharing in Global Supply Chain
Kijpokin Kasemsap, Suan Sunandha Rajabhat University, Thailand

Chapter 7
Importance of Stakeholders Identification in Information Distribution Chain Management for Public Value Detection in Public Initiatives
Pedro Fernandes da Anunciagão, Instituto Politécnico de Setúbal, Portugal
Bruno Garcia, Instituto Politécnico de Setúbal, Portugal
Gleyson Fonseca, Instituto Politécnico de Setúbal, Portugal

Chapter 8
Supply-Side: Mapping High Capacity Suppliers of Goods and Services
Brenner Lopes, Nous SenseMaking, Brazil
Luander Falcão, Nous SenseMaking, Brazil
Thiago Canellas, Cortex Intelligence, Brazil

Chapter 9
Information Management Applied to the Development of the Management Process and Improving Energy Efficiency in Transport
Sostenes Bernardes, FTL, Brazil
Poliana Leite, SET, Brazil
Greice Sehren Pesenti, Forquilhinha, Brazil
Edmilson Aparecido Viana, Gidion, Brazil
Vinicius Ladeira, CNT, Brazil
Cynthia Castro, CNT, Brazil
Myriam Caetano, CNT, Brazil
Paulo Renato de Sousa, Fundação Dom Cabral, Brazil

Chapter 10
The Impact of ICT on Supply Chain Agility and Human Performance
Valeria Martínez Loya, Universidad Autónoma de Ciudad Juárez, Mexico
Jorge Luis García Alcaraz, Universidad Autónoma de Ciudad Juárez, Mexico
José Roberto Díaz Reza, Universidad de La Rioja, Spain
Deysi Guadalupe Marquez Gayosso, Universidad Autónoma de Ciudad Juárez, Mexico

Chapter 11
Information and Knowledge Management Perspective Contributions for Fashion Studies: Observing Logistics and Supply Chain Management Processes
George Leal Jamil, InescTec, Portugal
Cecília Carvalho Jamil, Stockholm University, Sweden
Chapter 12
Decision Support System Design Requirements, Information Management, and Urban Logistics
Efficiency: Case Study of Bogotá, Colombia
Jairo Enrique Parra Herrera, SEPRO, Universidad Nacional de Colombia, Bogotá, Colombia
Laura Vanessa Palacios Argüello, Institut Henry Fayol, Ecole des Mines de Saint-Etienne, France
Jesus Gonzalez-Feliu, Institut Henry Fayol, Ecole des Mines de Saint-Etienne, France
Wilson Adarme Jaimes, SEPRO, Universidad Nacional de Colombia, Bogotá, Colombia

Chapter 13
The SCM, CRM Information System, and KM – An Integrating Theoretical View: The Case of Sales Force Automation
Kaouther Jridi, ISG, University of Tunis, Tunisia
Dhouha Jaziri-Bouagina, FSEG-Sousse, University of Sousse, Tunisia
Abdelfattah Triki, University of Tunis, Tunisia

Chapter 14
Composition of the Financial Logistic Costs of the IT Organizations Linked to the Financial Market: Financial Indicators of the Software Development Project
Edilaine Rodrigues Soares, Faculty COTEMIG, Brazil
Fernando Hadad Zaidan, Federal University of Minas Gerais, Brazil

Chapter 15
Competitive Intelligence Competitive Intelligence: A Proposal for Value Creation through Information and Knowledge – The Limeira Gross Domestic Product Sector: Brazil
Pedro Fernandes da Anunciação, Instituto Politécnico de Setúbal, Portugal
António Carlos Zambon, Universidade de Campinas, Brazil
Fernanda de Jesus Andrade, Instituto Politécnico de Setúbal, Portugal
Carla S. Sanches de Sousa, Instituto Politécnico de Setúbal, Portugal

Chapter 16
Benefits of the Transics Fleet Management System
Petre Ilitchev, Medical University of Lodz, Poland
Anna Palczewska, University of Lodz, Poland
Klaudia Pilichowska, University of Lodz, Poland
Remigiusz Kozlowski, University of Lodz, Poland
Michal Marczak, Medical University of Lodz, Poland
Chapter 17
Analysis of the Possibility to Implement the Transics System and GBOX Assist Systems in a Selected Company

Remigiusz Kozlowski, University of Lodz, Poland
Petre Ilchev, Medical University of Lodz, Poland
Anna Palczewska, University of Lodz, Poland
Klaudia Pilichowska, University of Lodz, Poland
Michał Marczak, Medical University of Lodz, Poland

Chapter 18
Port Single Window and Logistics Single Window: Two Competitiveness Proposals in the Port Value Chain

José Carlos Dias Simão, Porto de Sines, Portugal
Pedro Fernandes da Anunciagão, Instituto Politécnico de Setúbal, Portugal

Chapter 19
Information Management and Enterprise Resource Planning: An Analysis of the Medical Products Distribution Chain

Gleison Lopes Fonseca, Centro Universitário Hermínio Ometto, Brazil
Ildeberto Aparecido Rodello, Universidade de São Paulo, Brazil
Pedro Fernandes da Anunciagão, Instituto Politécnico de Setúbal, Portugal

Chapter 20
Information Systems Management in the Supply Chain in an Official Pharmaceutical Laboratory

Jorge Lima de Magalhães, Instituto de Tecnologia em Fármacos (Farmanguinhos), Brazil
Arlene Moreira, Centro de Referência Hélio Fraga, Brazil

Chapter 21
Information System for Logistics and Distribution Management

José Rascão, Polytechnic Institute of Setúbal, Portugal

Chapter 22
Information Management for Network Transformation in Industrial Enterprises Associations: The Case of the Internationalization Process

Eric Costa, University of Porto, Portugal & INESC TEC, Portugal
António Lucas Soares, University of Porto, Portugal & INESC TEC, Portugal
Jorge Pinho de Sousa, University of Porto, Portugal & INESC TEC, Portugal
George Leal Jamil, Informações em Rede Consultoria e Treinamento Ltda, Brazil

Chapter 23
A Telecommunications Approach in Systems for Effective Logistics and Supply Chains

Cláudio Roberto Magalhães Pessoa, FUMEC University, Brazil
Manuel da Rocha Fiúza Branco Júnior, FUMEC University, Brazil
