Handbook of Research on Intelligent Techniques and Modeling Applications in Marketing Analytics

Anil Kumar
BML Munjal University, India

Manoj Kumar Dash
ABV-Indian Institute of Information Technology and Management, India

Shrawan Kumar Trivedi
BML Munjal University, India

Tapan Kumar Panda
BML Munjal University, India
Table of Contents

Preface ........................................................................................................................................ xx

Acknowledgment ...................................................................................................................... xxvii

Section 1
Consumer Analytics: Fuzzy Applications

Chapter 1
A New Perspective on RFM Analysis ....................................................................................... 1
Mohammad Hasan Aghdaie, Shomal University, Iran
Parham Fami Tafreshi, Shomal University, Iran

Chapter 2
A Novel Approach to Segmentation Using Customer Locations Data and Intelligent Techniques ..... 21
Başar Öztayşi, Istanbul Technical University, Turkey
Uğur Gökdere, Blesh Incorporated, Turkey
Esra Nur Simşek, Blesh Incorporated, Turkey
Ceren Salkın Oner, Istanbul Technical University, Turkey

Chapter 3
Fuzzy Clustering: An Analysis of Service Quality in the Mobile Phone Industry .................... 40
Mashhour H. Baeshen, Cardiff University, UK
Malcolm J. Beynon, Cardiff University, UK
Kate L. Daunt, Cardiff University, UK

Chapter 4
An Analysis of the Interactions among the Enablers of Information Communication Technology in Humanitarian Supply Chain Management: A Fuzzy-Based Relationship Modelling Approach ..... 62
Gaurav Kabra, Indian Institute of Technology Roorkee, India
A Ramesh, Indian Institute of Technology Roorkee, India
Section 2
Computational Intelligence: Business Analytics

Chapter 5
Auto Associative Extreme Learning Machine Based Hybrids for Data Imputation
Chandan Gautam, Institute for Development and Research in Banking Technology, India
Vadlamani Ravi, Institute for Development and Research in Banking Technology, India

Chapter 6
Multi-Criteria Decision Making in Marketing by Using Fuzzy Rough Set
Tapan Kumar Das, VIT University, India

Chapter 7
Fuzzy Multi-Objective Association Rule Mining Using Evolutionary Computation
Ganghisetti Pradeep, IDRBT, India
Vadlamani Ravi, Institute for Development and Research in Banking Technology, India

Chapter 8
Improved Seating Plans for Movie Theatre to Improve Revenue: An Integrated Best Worst Method with EMSR-B
Kedar Pandurang Joshi, T. A. Pai Management Institute, India
Nikhil Lohiya, T. A. Pai Management Institute, India

Section 3
Consumer Analytics: Multi-Criteria (MCDM) Applications and Sentiment Analysis

Chapter 9
Applications of the Stochastic Multicriteria Acceptability Analysis Method for Consumer Preference Study
Tadeusz Trzaskalik, University of Economics in Katowice, Poland
Piotr Namieciński, University of Lodz, Poland
Andrzej Bajda, University of Economics in Katowice, Poland
Sławomir Jarek, University of Economics in Katowice, Poland

Chapter 10
Modeling Consumer Opinion Using RIDIT and Grey Relational Analysis
Rohit Vishal Kumar, Xavier Institute of Social Service, India
Subhajit Bhattacharyya, Xavier Institute of Social Service, India

Chapter 11
Sentiment Analysis as a Tool to Understand the Cultural Relationship between Consumer and Brand
Nicola Capolupo, University of Kent, UK
Gianpaolo Basile, University of Salerno, Italy
Giancarlo Scozzese, University of Perugia, Italy
Chapter 12
Improving Customer Experience Using Sentiment Analysis in E-Commerce .................................. 216
Vinay Kumar Jain, Jaypee University of Engineering and Technology, India
Shishir Kumar, Jaypee University of Engineering and Technology, India

Section 4
Marketing Analytics: Digital Market Place

Chapter 13
Adoption of Online Marketing for Service SMEs with Multi-Criteria Decision-Making Approach ................................................................. 226
Lanndon Ocampo, University the Philippines Cebu, Philippines
Rosalin Merry Berdin Alarde, University of San Jose-Recoletos, Philippines
Dennis Anthony Kilongklong, University of San Jose-Recoletos, Philippines
Antonio Esmero, University of San Jose-Recoletos, Philippines

Chapter 14
E-Retailing from Past to Future: Definitions, Analysis, Problems, and Perspectives ......................... 244
Zehra Kamisli Ozturk, Anadolu University, Turkey
Mehmet Alegoz, Anadolu University, Turkey

Chapter 15
Fuzzy Time Series: An Application in E-Commerce ........................................................................ 258
Ali Karasan, Yildiz Technical University, Turkey
İsmail Sevim, Yildiz Technical University, Turkey
Melih Çinar, Yildiz Technical University, Turkey

Chapter 16
Understand the Frequency of Application Usage by Smartphone Users: Door Is Open, but Closes Quickly .................................................................................. 291
Geetika Jain, UP Technical University, India
Sapna Rakesh, IMS Ghaziabad, India

Section 5
Advanced Modelling Applications: Business Analytics

Chapter 17
Car Safety: A Statistical Analysis for Marketing Management ......................................................... 305
António Carrizo Moreira, University of Aveiro, Portugal
Monica Gouveia, University of Aveiro, Portugal
Pedro Macedo, University of Aveiro, Portugal

Chapter 18
Banking Credit Scoring Assessment Using Predictive K-Nearest Neighbour (PKNN) Classifier .......... 332
Saroj Kanta Jena, BML Munjal University, India
Anil Kumar, BML Munjal University, India
Maheshwar Dwivedy, BML Munjal University, India
Chapter 19
Prediction of the Quality of Fresh Water in a Basin ................................................................. 351
  Sira M. Allende, Universidad de La Habana, Cuba
  Daniel C. Chen, Smith and King College, UK
  Carlos N. Bouza, Universidad de La Habana, Cuba
  Agustin Santiago, Universidad Autónoma de Guerrero, Mexico
  Jose Maclovio Sautto, Universidad Autónoma de Guerrero, Mexico

Chapter 20
Operating Commodities Market by Automated Traders .......................................................... 368
  Fodil Laib, CEVITAL Group, Algeria
  Mohammed Said Radjef, Unit Research LaMOS, Algeria

Compilation of References ........................................................................................................ 381

About the Contributors ............................................................................................................... 418

Index .......................................................................................................................................... 426
