## Chapter 1

**Limits, Alternatives, and Choices**

2

### The Economic Perspective

3

- Scarcity and Choice / Purposeful Behavior / Marginal Analysis: Comparing Benefits and Costs
- Consider This: Free for All? 3
- Consider This: Fast-Food Lines 4

### Theories, Principles, and Models

4

### Microeconomics and Macroeconomics

5

- Microeconomics / Macroeconomics / Positive and Normative Economics

### Individual's Economizing Problem

6

- Limited Income / Unlimited Wants / A Budget Line
- Consider This: Did Zuckerberg, Seacrest, and Swift Make Bad Choices? 8

### Society's Economizing Problem

9

- Scarce Resources / Resource Categories

### Production Possibilities Model

9

- Production Possibilities Table / Production Possibilities Curve / Law of Increasing Opportunity Costs / Optimal Allocation
- Consider This: The Economics of War 12

### Unemployment, Growth, and the Future

13

- A Growing Economy / Present Choices and Future Possibilities / A Qualification: International Trade
- Last Word: Pitfalls to Sound Economic Reasoning 16

## Chapter 1 Appendix: Graphs and Their Meaning

21

## Chapter 2

**The Market System and the Circular Flow**

27

### Economic Systems

27

- Laissez-Faire Capitalism / The Command System / The Market System

### Characteristics of the Market System

29

- Private Property / Freedom of Enterprise and Choice / Self-Interest / Competition / Markets and Prices / Technology and Capital Goods / Specialization / Use of Money / Active, but Limited, Government

### Five Fundamental Questions

32

- Consider This: McHits and McMisses 33

### The "Invisible Hand"

36

- The Demise of the Command Systems / The Incentive Problem
- Consider This: The Two Koreas 37
## The Circular Flow Model
- Households / Businesses / Product Market / Resource Market

## How the Market System Deals with Risk
- The Profit System / Shielding Employees and Suppliers from Business Risk / Benefits of Restricting Business Risk to Owners
  - Consider This: Insurance 40
  - Last Word: Shuffling the Deck 41

## Externalities
- Negative Externalities / Positive Externalities / Government Intervention
  - Consider This: The Fable of the Bees 90

## Society's Optimal Amount of Externality Reduction
- MC, MB, and Equilibrium Quantity / Shifts in Locations of the Curves / Government's Role in the Economy
  - Last Word: Carbon Dioxide Emissions, Cap and Trade, and Carbon Taxes 93

## PART TWO
### Price, Quantity, and Efficiency

#### Chapter 3
- Demand, Supply, and Market Equilibrium 47
  - Markets 48
    - Demand
      - Law of Demand / The Demand Curve / Market Demand / Changes in Demand / Changes in Quantity Demanded
    - Supply
  - Market Equilibrium
    - Equilibrium Price and Quantity / Rationing Function of Prices / Efficient Allocation
  - Changes in Supply, Demand, and Equilibrium
    - Changes in Demand / Changes in Supply / Complex Cases
  - Application: Government-Set Prices
    - Price Ceilings on Gasoline / Rent Controls / Price Floors on Wheat
  - Last Word: Student Loans and Tuition Costs 62

#### Chapter 4 Appendix: Additional Examples of Supply and Demand

#### Chapter 4
- Market Failures: Public Goods and Externalities 76
  - Market Failures in Competitive Markets
    - Demand-Side Market Failures / Supply-Side Market Failures
  - Efficiently Functioning Markets
    - Consumer Surplus / Producer Surplus / Efficiency Revisited / Efficiency Losses (or Deadweight Losses)
  - Public Goods
  - Consider This: Street Entertainers 84
  - Consider This: Responding to Digital Free Riding 85

#### Chapter 5 Appendix: Public Choice Theory and Voting Paradoxes

## PART THREE
### Consumer Behavior

#### Chapter 6
- Elasticity 122
  - Price Elasticity of Demand
    - The Price-Elasticity Coefficient and Formula / Interpretations of $E_d$
  - The Total-Revenue Test
    - Elastic Demand / Inelastic Demand / Unit Elasticity / Price Elasticity along a Linear Demand Curve / Price Elasticity and the Total-Revenue Curve
    - Consider This: A Bit of a Stretch 126
  - Determinants of Price Elasticity of Demand
    - Applications of Price Elasticity of Demand
  - Price Elasticity of Supply
    - Price Elasticity of Supply: The Immediate Market Period / Price Elasticity of Supply: The Short Run / Price Elasticity of Supply: The Long Run / Applications of Price Elasticity of Supply
    - Consider This: Elasticity and College Costs 131
  - Cross Elasticity and Income Elasticity of Demand
    - Cross Elasticity of Demand / Income Elasticity of Demand

<tbody>
<tr>
<td><strong>Pure Monopoly</strong></td>
</tr>
<tr>
<td><strong>An Introduction to Pure Monopoly</strong></td>
</tr>
<tr>
<td>Examples of Monopoly / Dual Objectives of the Study of Monopoly</td>
</tr>
<tr>
<td><strong>Barriers to Entry</strong></td>
</tr>
<tr>
<td>Economies of Scale / Legal Barriers to Entry: Patents and Licenses / Ownership or Control of Essential Resources / Pricing and Other Strategic Barriers to Entry</td>
</tr>
<tr>
<td><strong>Monopoly Demand</strong></td>
</tr>
<tr>
<td>Marginal Revenue Is Less Than Price / The Monopolist Is a Price Maker / The Monopolist Sets Prices in the Elastic Region of Demand</td>
</tr>
<tr>
<td><strong>Output and Price Determination</strong></td>
</tr>
<tr>
<td>Cost Data / MR = MC Rule / No Monopoly Supply Curve / Misconceptions Concerning Monopoly Pricing / Possibility of Losses by Monopolist</td>
</tr>
<tr>
<td><strong>Economic Effects of Monopoly</strong></td>
</tr>
<tr>
<td>Price, Output, and Efficiency / Income Transfer / Cost Complications / Assessment and Policy Options</td>
</tr>
<tr>
<td><strong>Price Discrimination</strong></td>
</tr>
<tr>
<td>Conditions / Examples of Price Discrimination / Graphical Analysis</td>
</tr>
<tr>
<td>Consider This: Some Price Differences at the Ballpark</td>
</tr>
<tr>
<td><strong>Regulated Monopoly</strong></td>
</tr>
<tr>
<td>Socially Optimal Price: ( P = MC ) / Fair-Return Price: ( P = ATC ) / Dilemma of Regulation</td>
</tr>
<tr>
<td>Last Word: Personalized Pricing</td>
</tr>
</tbody>

<tbody>
<tr>
<td><strong>Oligopoly and Strategic Behavior</strong></td>
</tr>
<tr>
<td><strong>Oligopoly</strong></td>
</tr>
<tr>
<td>A Few Large Producers / Homogeneous or Differentiated Products / Control over Price, but Mutual Interdependence / Entry Barriers / Mergers / Oligopolistic Industries</td>
</tr>
<tr>
<td>Consider This: Creative Strategic Behavior</td>
</tr>
<tr>
<td><strong>Oligopoly Behavior: A Game Theory Overview</strong></td>
</tr>
<tr>
<td>Mutual Interdependence Revisited / Collusion / Incentive to Cheat</td>
</tr>
<tr>
<td>Consider This: The Prisoner’s Dilemma</td>
</tr>
<tr>
<td><strong>Three Oligopoly Models</strong></td>
</tr>
<tr>
<td>Kinked-Demand Theory: Noncollusive Oligopoly / Cartels and Other Collusion / Price Leadership Model</td>
</tr>
<tr>
<td><strong>Oligopoly and Advertising</strong></td>
</tr>
<tr>
<td>Positive Effects of Advertising / Potential Negative Effects of Advertising</td>
</tr>
<tr>
<td><strong>Oligopoly and Efficiency</strong></td>
</tr>
<tr>
<td>Productive and Allocative Efficiency / Qualifications</td>
</tr>
<tr>
<td><strong>Additional Game Theory Applications</strong></td>
</tr>
<tr>
<td>A One-Time Game: Strategies and Equilibrium / Credible and Empty Threats / Repeated Games and Reciprocity Strategies / First-Mover Advantages and Preemption of Entry / Extensive Form Representation of Sequential Games / A Leader-Follower (Stackelberg Duopoly) Game</td>
</tr>
<tr>
<td>Last Word: Internet Oligopolies</td>
</tr>
</tbody>
</table>

<tr>
<td><strong>Invention, Innovation, and Diffusion</strong></td>
</tr>
<tr>
<td>Invention / Innovation / Diffusion / R&amp;D Expenditures / Modern View of Technological Advance</td>
</tr>
<tr>
<td><strong>Role of Entrepreneurs and Other Innovators</strong></td>
</tr>
<tr>
<td>Forming Start-Ups / Innovating within Existing Firms / Anticipating the Future / Exploiting University and Government Scientific Research</td>
</tr>
<tr>
<td><strong>A Firm’s Optimal Amount of R&amp;D</strong></td>
</tr>
<tr>
<td>Interest-Rate Cost of Funds / Expected Rate of Return / Optimal R&amp;D Expenditures</td>
</tr>
<tr>
<td><strong>Increased Profit via Innovation</strong></td>
</tr>
<tr>
<td>Increased Revenue via Product Innovation / Reduced Cost via Process Innovation</td>
</tr>
<tr>
<td><strong>Imitation and R&amp;D Incentives</strong></td>
</tr>
<tr>
<td>Benefits of Being First / Profitable Buyouts</td>
</tr>
<tr>
<td>Consider This: Trade Secrets</td>
</tr>
<tr>
<td><strong>Role of Market Structure</strong></td>
</tr>
<tr>
<td>Market Structure and Technological Advance / Inverted-U Theory of R&amp;D / Market Structure and Technological Advance: The Evidence</td>
</tr>
<tr>
<td><strong>Technological Advance and Efficiency</strong></td>
</tr>
<tr>
<td>Productive Efficiency / Allocative Efficiency / Creative Destruction</td>
</tr>
<tr>
<td>Last Word: The Relative Decline of Federal R&amp;D Spending</td>
</tr>
</tbody>
</table>
PART FIVE
Microeconomics of Resource Markets and Government

Chapter 16
The Demand for Resources

The Significance of Resource Pricing
Marginal Productivity Theory of Resource Demand
Determinants of Resource Demand
Elasticity of Resource Demand
Optimal Combination of Resources
Marginal Productivity Theory of Income Distribution

Chapter 17
Wage Determination

Labor, Wages, and Earnings
A Purely Competitive Labor Market
Monopsony Model
Three Union Models
Bilateral Monopoly Model
The Minimum-Wage Controversy
Wage Differentials

Chapter 18
Rent, Interest, and Profit

Economic Rent
Loanable Funds Theory of Interest Rates
Time-Value of Money
Role of Interest Rates
Economic Profit
Income Shares

Chapter 19
Natural Resource and Energy Economics

Resource Supplies: Doom or Boom?
Energy Economics
Running Out of Energy?
Natural Resource Economics
Economic Analysis of Discrimination 469
Taste-for-Discrimination Model / Statistical Discrimination / Occupational Segregation: The Crowding Model / Cost to Society as Well as to Individuals
Last Word: U.S. Family Wealth and Its Distribution 473

Chapter 24
Health Care 479

The Health Care Industry
The U.S. Emphasis on Private Health Insurance / Twin Problems: Costs and Access / High and Rising Health Care Costs / Quality of Care: Are We Healthier?

Economic Implications of Rising Costs?
Reduced Access to Care / Labor Market Effects / Personal Bankruptcies / Impact on Government Budgets / Too Much Spending?

Limited Access 484
Why the Rapid Rise in Costs?
Peculiarities of the Health Care Market / The Increasing Demand for Health Care / Role of Health Insurance / Supply Factors in Rising Health Care Prices / Relative Importance
Consider This: Why Do Hospitals Sometimes Charge $25 for an Aspirin? 486
Consider This: Electronic Medical Records 490

Cost Containment: Altering Incentives
Deductibles and Copayments / Health Savings Accounts / Managed Care / Medicare and DRG / Limits on Malpractice Awards

The Patient Protection and Affordable Care Act
Major Provisions / Objections and Alternatives
Consider This: PPACA Implementation Problems 494
Last Word: Singapore’s Efficient and Effective Health Care System 495

Chapter 25
Immigration 500

Number of Immigrants
Legal Immigrants / Illegal Immigrants

The Decision to Migrate
Earnings Opportunities / Moving Costs / Factors Affecting Costs and Benefits

Economic Effects of Immigration
Personal Gains / Impacts on Wage Rates, Efficiency, and Output / Income Shares / Complications and Modifications / Fiscal Impacts / Research Findings
Consider This: Stars and Stripes 506

The Illegal Immigration Debate
Employment Effects / Wage Effects / Price Effects / Fiscal Impacts on Local and State Governments / Other Concerns
Last Word: The Startling Slowdown in Illegal Immigration 511

Optimal Immigration 512

PART SEVEN
GDP, Growth, and Instability 516

Chapter 26
An Introduction to Macroeconomics 517
Performance and Policy 517
The Miracle of Modern Economic Growth 519
Saving, Investment, and Choosing between Present and Future Consumption 520
Banks and Other Financial Institutions
Consider This: Economic versus Financial Investment 521

Uncertainty, Expectations, and Shocks 521
The Importance of Expectations and Shocks / Demand Shocks and Sticky Prices / Example: A Single Firm Dealing with Demand Shocks and Sticky Prices / Generalizing from a Single Firm to the Entire Economy
Consider This: The Great Recession 525

How Sticky Are Prices?
Categorizing Macroeconomic Models Using Price Stickiness
Last Word: Debating the Great Recession 527

Chapter 27
Measuring Domestic Output and National Income 531

Assessing the Economy’s Performance
Gross Domestic Product / A Monetary Measure / Avoiding Multiple Counting / GDP Excludes Nonproduction Transactions / Two Ways of Looking at GDP: Spending and Income

The Expenditures Approach
Personal Consumption Expenditures (C) / Gross Private Domestic Investment (I) / Government Purchases (G) / Net Exports (X) / Putting It All Together: GDP = C + I + G + X
Consider This: Stocks versus Flows 537

The Income Approach
Compensation of Employees / Rents / Interest / Proprietors’ Income / Corporate Profits / Taxes on Production and Imports / From National Income to GDP

The Expenditures Approach
Personal Consumption Expenditures (C) / Gross Private Domestic Investment (I) / Government Purchases (G) / Net Exports (X) / Putting It All Together: GDP = C + I + G + X
Consider This: Stocks versus Flows 537

The Expenditures Approach
Personal Consumption Expenditures (C) / Gross Private Domestic Investment (I) / Government Purchases (G) / Net Exports (X) / Putting It All Together: GDP = C + I + G + X
Consider This: Stocks versus Flows 537

The Income Approach
Compensation of Employees / Rents / Interest / Proprietors’ Income / Corporate Profits / Taxes on Production and Imports / From National Income to GDP

Other National Accounts
Net Domestic Product / National Income / Personal Income / Disposable Income / The Circular Flow Revisited

Nominal GDP versus Real GDP
Adjustment Process in a One-Product Economy / An Alternative Method / Real-World Considerations and Data

Shortcomings of GDP
Nonmarket Activities / Leisure / Improved Product Quality / The Underground Economy / GDP and the Environment / Composition and Distribution of Output / Noneconomic Sources of Well-Being / The Importance of Intermediate Output
Last Word: Magical Mystery Tour 547
Chapter 28

Economic Growth 552

Economic Growth
Growth as a Goal / Arithmetic of Growth / Growth in the United States 553

Modern Economic Growth
The Uneven Distribution of Growth / Catching Up Is Possible / Institutional Structures That Promote Modern Economic Growth 554

Consider This: Economic Growth Rates Matter! 557

Consider This: Patents and Innovation 559

Determinants of Growth
Supply Factors / Demand Factor / Efficiency Factor / Production Possibilities Analysis 559

Accounting for Growth
Labor Inputs versus Labor Productivity / Technological Advance / Quantity of Capital / Education and Training / Economies of Scale and Resource Allocation 561

Consider This: Women, the Labor Force, and Economic Growth 562

Recent Fluctuations in the Average Rate of Productivity Growth
Reasons for the Rise in the Average Rate of Productivity Growth between 1995 and 2010 / Implications for Economic Growth / The Recent Productivity Slow Down 564

Is Growth Desirable and Sustainable?
The Antigrowth View / In Defense of Economic Growth 567

Last Word: Can Economic Growth Survive Population Decline? 568

Chapter 29

Business Cycles, Unemployment, and Inflation 573

The Business Cycle
Phases of the Business Cycle / Causation: A First Glance / Cyclical Impact: Durables and Nondurables 573

Unemployment
Measurement of Unemployment / Types of Unemployment / Definition of Full Employment / Economic Cost of Unemployment / Noneconomic Costs / International Comparisons 576

Consider This: Downwardly Sticky Wages and Unemployment 577

Inflation
Meaning of Inflation / Measurement of Inflation / Facts of Inflation / Types of Inflation / Complexities / Core Inflation 582

Consider This: Clipping Coins 584

Redistribution Effects of Inflation
Nominal and Real Income / Anticipations / Who Is Hurt by Inflation? / Who Is Unaffected or Helped by Inflation? / Anticipated Inflation / Negative Nominal Interest Rates / Other Redistribution Issues 585

Consider This: The Specter of Deflation 588

Does Inflation Affect Output?
Cost-Push Inflation and Real Output / Demand-Pull Inflation and Real Output / Hyperinflation 588

Last Word: Unemployment after the Great Recession 589

PART EIGHT

Macroeconomic Models and Fiscal Policy 594

Chapter 30

Basic Macroeconomic Relationships 595

The Income-Consumption and Income-Saving Relationships
The Consumption Schedule / The Saving Schedule / Average and Marginal Propensities 595

Nonincome Determinants of Consumption and Saving 600

Other Important Considerations
Consider This: The Great Recession and the Paradox of Thrift 602

The Interest-Rate-Investment Relationship
Expected Rate of Return / The Real Interest Rate / Investment Demand Curve 605

Shifts of the Investment Demand Curve
Instability of Investment
Consider This: The Great Recession and the Investment Riddle 607

The Multiplier Effect
Rationale / The Multiplier and the Marginal Propensities / How Large Is the Actual Multiplier Effect? 607

Last Word: Toppling Dominoes 610

Chapter 31

The Aggregate Expenditures Model 615

Assumptions and Simplifications 616

Consumption and Investment Schedules 616

Equilibrium GDP: \( C + I = GDP \) 617

Tabular Analysis / Graphical Analysis

Other Features of Equilibrium GDP
Saving Equals Planned Investment / No Unplanned Changes in Inventories 620

Changes in Equilibrium GDP and the Multiplier 621

Adding International Trade
Net Exports and Aggregate Expenditures / The Net Export Schedule / Net Exports and Equilibrium GDP / International Economic Linkages 622

Adding the Public Sector
Government Purchases and Equilibrium GDP / Taxation and Equilibrium GDP 625

Equilibrium versus Full-Employment GDP

Last Word: Say's Law, the Great Depression, and Keynes 631
Chapter 32

Aggregate Demand and Aggregate Supply

Aggregate Demand

Aggregate Demand Curve

Changes in Aggregate Demand

Consumer Spending / Investment Spending / Government Spending / Net Export Spending

Aggregate Supply

Aggregate Supply in the Immediate Short Run / Aggregate Supply in the Short Run / Aggregate Supply in the Long Run / Focusing on the Short Run

Changes in Aggregate Supply

Input Prices / Productivity / Legal-Institutional Environment

Equilibrium in the AD-AS Model

Changes in Equilibrium

Consider This: Ratchet Effect / Last Word: Stimulus and the Great Recession

Chapter 32 Appendix: The Relationship of the Aggregate Demand Curve to the Aggregate Expenditures Model

Chapter 33

Fiscal Policy, Deficits, and Debt

Fiscal Policy and the AD-AS Model

Expansionary Fiscal Policy / Contractionary Fiscal Policy / Policy Options: G or T?

Built-In Stability

Automatic or Built-In Stabilizers

Evaluating How Expansionary or Contractionary Fiscal Policy Is Determined

Cyclically Adjusted Budget

Recent and Projected U.S. Fiscal Policy

Fiscal Policy from 2000 to 2007 / Fiscal Policy during and after the Great Recession / Past and Projected Budget Deficits and Surpluses

Problems, Criticisms, and Complications of Implementing Fiscal Policy

Problems of Timing / Political Considerations / Future Policy Reversals / Offsetting State and Local Finance / Crowding-Out Effect / Current Thinking on Fiscal Policy

The U.S. Public Debt

Last Word: The Social Security and Medicare Shortfalls

PART NINE

Money, Banking, and Monetary Policy

Chapter 34

Money, Banking, and Financial Institutions

The Functions of Money

The Components of the Money Supply

Money Definition M1 / Money Definition M2

Consider This: Are Credit Cards Money?

What “Backs” the Money Supply?

Money as Debt / Value of Money / Money and Prices / Stabilizing Money’s Purchasing Power

The Federal Reserve and the Banking System

Historical Background / Board of Governors / The 12 Federal Reserve Banks / FOMC / Commercial Banks and Thrifts

Fed Functions, Responsibilities, and Independence

Federal Reserve Independence

The Financial Crisis of 2007 and 2008

The Mortgage Default Crisis / Securitization / Failures and Near-Failures of Financial Firms

The Policy Response to the Financial Crisis

The Treasury Bailout: TARP / The Fed’s Lender-of-Last-Resort Activities

The Postcrisis U.S. Financial Services Industry

Last Word: Extend and Pretend

Chapter 35

Money Creation

The Fractional Reserve System

Illustrating the Idea: The Goldsmiths / Significant Characteristics of Fractional Reserve Banking

A Single Commercial Bank

Money-Creating Transactions of a Commercial Bank

The Banking System: Multiple-Deposit Expansion

The Banking System’s Lending Potential

The Monetary Multiplier

Reversibility: The Multiple Destruction of Money

Last Word: Banking Leverage, and Financial Instability
