Possible Relationships Between Taurine Derivatives and Products of the Metabolism of Ketimines p. 1
The Inhibitory Effects of Taurine on Protein Phosphorylations: Comparison of Various Characteristics of the Taurine-Affected Phosphoproteins Present in Rat Retina, Brain and Heart p. 9
Effect of Photolytically Generated Riboflavin Radicals and Oxygen on Hypotaurine Antioxidant Free Radical Scavenging Activity p. 19
Taurine Protects Against Oxidant-Induced Lung Injury: Possible Mechanism(s) of Action p. 31
Sulphur Amino Acids and the Metabolic Response to Cytokines p. 41
Expression and Regulation of the Taurine Transporter in Cultured Cell Lines of Human Origin p. 51
Dietary Taurine Requirement of Cats Is Determined by Microbial Degradation of Taurine in the Gut p. 59
Reactivity of Taurine with Aldehydes and its Physiological Role p. 71
Hepatic Regulation of Cysteine Utilization for Taurine Synthesis p. 79
Immunohistochemical Localization of Taurine-Conjugated Bile Acids in the Liver of Mouse, Rat, Monkey and Human p. 91
Effects of Taurine on Microsomal Enzyme Activities Involved in Liver Lipid Metabolism of Wistar Rats p. 99
Inhibitors of Anion Exchanger Activity Reduce Sodium Chloride-Dependent Taurine Transport by Brush Border Vesicles p. 111
Expression of Taurine Transporter and its Regulation by Diet in Xenopus laevis Oocytes Following Injection of Rat Kidney Cortex mRNA p. 121
Regulation of Taurine Transport by External Taurine Concentration and Medium Osmolality in Renal Tubular Cells in Culture p. 131
Role of Taurine in the Kidney: Osmoregulatory Taurine Accumulation in Renal Medulla p. 139
Taurine and Experimental Kidney Disease p. 149
Protecting Effect of Taurine Against Hypoxic Cell Damage in Renal Tubular Cells Cultured in Different Transplant Preservation Solutions p. 159
Mechanisms Underlying Physiological and Pharmacological Actions of Taurine on Myocardial Calcium Transport p. 171
Cardioprotective Actions of Taurine Against Intracellular and Extracellular Calcium-Induced Effects p. 181
Antihypertensive Effect of Taurine on Salt-Induced Hypertension p. 197
The Effect of Taurine on Blood Pressure, and Urinary Sodium, Potassium and Calcium Excretion p. 207
Dual Effects of Taurine on Membrane Ionic Conductances of Rat Skeletal Muscle Fibers p. 217
New Data on the Regulation of Taurine Uptake in Cultured Nervous Cells p. 225
Changes in the Localization of Taurine-Like Immunoreactivity During Development and Regeneration in the Rat Brain p. 235
Transmitter and Electrical Stimulation of [\(^{3}\)H]Taurine Release from Rat Sympathetic Ganglia p. 245
Cysteine Sulfinate Decarboxylase in Brain: Identification, Characterization and Immunocytochemical Localization in Astrocytes p. 257
