| Foreword | |
| <i>A. Ingelman-Sundberg, Shlomo Raz and Jack R. Robertson</i> | vii |
| Preface | xi |
| Contributors. | xvii |
| Section 1: Introduction | |
| 1. Urogynecology and Reconstructive Pelvic Surgery: Past, Present and Future <i>Harold P. Drutz and J. Edwin Morgan.</i> | 1 |
| 2. Prevalence of Urinary Incontinence, Pelvic Organ Prolapse and Anal Incontinence in Women <i>Donna M. Fedorkow.</i> | 11 |
| Section 2: Anatomy, Physiology and Neurophysiology | |
| 3. Anatomy of the Pelvic Floor <i>Richard J. Scotti, George Lazarou and Wilma Markus Greston</i> | 25 |
| 4. Neurophysiologic Control of the Lower Urinary Tract and Anorectum <i>Marie-Claude Lemieux and Stéphane Ouellet</i> | 37 |
| 5. Clinical Aspects of Urinary, Genital and Lower Bowel Anomalies and Ambiguous Genitalia <i>Gillian D. Oliver</i> | 43 |
| 6. Classification of Disorders of Female Pelvic Support and the Role of Collagen <i>Jane A. Schulz and Harold P. Drutz</i> | 61 |
| 7. The Effect of Pregnancy and Childbirth on the Lower Urinary Tract and Pelvic Floor <i>Kevin M. Smith and Harold P. Drutz.</i> | 69 |
| Section 3: Investigation of Pelvic Floor Dysfunction | |
| 8. Clinical Evaluation of the Pelvis <i>Scott A. Farrell.</i> | 81 |
| 9. Urodynamics of the Female Lower Urinary Tract, Resting and Stress Urethral Pressure Profiles and Leak Point Pressures <i>Sidney B. Radomski</i> | 91 |
| 10. Videourodynamics <i>Sender Herschorn and Gary Peers</i> | 107 |

11. Role of Ultrasound in the Investigation of Urinary and Fecal Incontinence
Heinz Koelbl 121
12. Anorectal Testing: Defecography and Anorectal Manometry
N.E. Diamant 133
13. MRI Studies in the Evaluation of Pelvic Floor Disorders
Marie-Andrée Harvey and Eboo Versi 145
14. Pelvic Floor Neurophysiologic Testing
Dana Soroka and Harold P. Drutz 159
15. Cystoscopy, Urethroscopy and Dynamic Cystourethroscopy
Patrick J. Culligan and Peter K. Sand 169

Section 4: Inflammatory Conditions, Painful Bladder and Pelvic Syndromes, Common Bowel Problems

16. Urinary Tract Infections in the Non-pregnant Woman
Abheha Satkunaratnam and Harold P. Drutz 181
17. Urethral Syndrome
Sender Herschorn and Martine Jolivet-Tremblay 193
18. Interstitial Cystitis: New Concepts in Pathogenesis, Diagnosis, and Management
C. Lowell Parsons 199
19. Vulvodynia and Vestibulitis
Alan H. Gerulath 213
20. Urogenital Atrophy
Gloria A. Bachmann and Lisa Aptaker-Stirling 223
21. Common Anal Problems in Women
Marcus J. Burnstein 229
22. Chronic Pelvic Pain
Brenda B. Toner and Taryn N. Tang 235

Section 5: Conservative Treatment for Pelvic Floor Disorders

23. Pharmacologic Approach to Urinary Incontinence and Voiding Disorders
K.-E. Andersson 245
24. Behavioral Strategies for the Treatment of Urinary Incontinence in Women
K. N. Moore and A. Saltmarche 269
25. Biofeedback and Functional Electrical Stimulation
Magali Robert and Thomas C. Mainprize 281
26. Supportive Devices
Cathy Flood and Lesley-Ann Hanson 289
27. Sacral Nerves Neurostimulation
Magdy M. Hassouna 299
28. Biofeedback for Anorectal Disorders
Kenneth R. Jones, Steven Heymen and William E. Whitehead 313

Section 6: Surgical Approaches to Urinary and Fecal Incontinence

29. Anterior Colporrhaphy
Shawna L. Johnston and James A. Low 329
30. Buttress Procedures and Tension-free Slings for the Treatment of
Prolapse and Stress Incontinence
Corrine F.I. Jabs, Harold P. Drutz and Ian Currie 339
31. Endoscopic Suspensions
Sender Herschorn and Lesley K. Carr 345
32. Retropubic Urethropexies
David H.L. Wilkie 355
33. Slings
Jane A. Schulz and J. Edwin Morgan 361
34. Artificial Sphincters
Sender Herschorn and Martine Jolivet-Tremblay 369
35. Minimal Access Surgery in the Management of Genuine Stress
Incontinence
Kevin M. Smith and Rose C. Kung 379
36. Bulking Agents
Sender Herschorn and Patricia Lee 389
37. Fecal Incontinence; Rectal Prolapse
Martin Friedlich and Marcus J. Burnstein 399
38. Paravaginal Repairs
Scott A. Farrell and Constance Ling 413

Section 7: Surgery for Disorders of Pelvic Support

39. Sacrospinous Vault Suspension and Abdominal Colposacropexy
Bunan Alnaif, Harold P. Drutz and Mohamed H. Baghdadi 427
40. Repair of Posterior Vaginal Wall Prolapse
Margie A. Kahn and Abdul H. Sultan 441

Section 8: Fistulas, Operative Trauma, Postoperative Problems

41. Urethral Fistulas and Diverticula
Raymond A. Lee 455
42. Ureterovaginal Fistula
Kathleen C. Kobashi and Gary E. Leach 465
43. Vesicovaginal Fistula
Harold P. Drutz and Kevin R. Baker 471
44. Rectovaginal Fistulas and Intraoperative Bowel Injury
Theodore M. Ross and Frederick D. Brenneman 481
45. Intraoperative Management of Injury to the Lower Urinary Tract
Said A. Awad and Philip Scott Bagnell 493
46. Postoperative Voiding Dysfunction
J. Barry MacMillan and Harold P. Drutz 497

Section 9: Training Guidelines

47. Guidelines for Training in Urogynecology and Reconstructive
Pelvic Surgery (URPS)
International Urogynecological Association 515
- Index 527
