

8	Conclusions	251
8.1	Empirical Conclusions.....	251
8.2	Theoretical Conclusions	253
8.3	Political Conclusions	255
8.4	Outlook for Further Research	259
9	Summary	261
	References.....	269

3.1.2	Pessimism Regarding Collective Action for Common-Pool Resource Management	51
3.1.3	Optimism Regarding Collective Action for Common-Pool Resource Management	53
3.1.4	New Aspects of Collective Action Theory.....	56
3.2	Transition Economics	58
3.2.1	Incongruity Between Formal and Informal Rules	58
3.2.2	Information Asymmetry	60
3.2.3	Deterioration of Social Capital	61
3.2.4	Power Abuse and Opportunistic Behavior	63
3.2.4.1	Nomenklatural Power	66
3.2.4.2	Corruption	66
3.2.4.3	Properties of Transactions Facilitating Power Abuse	68
3.3	Distributional Theory of Institutional Change	69
3.3.1	Embeddedness of the Approach into Theories of Institutional Change	69
3.3.2	General Characterization of the Distributional Theory of Institutional Change	71
3.3.3	Power Resources of the Distributional Theory of Institutional Change	75
3.4	Aspects of the Public Choice Theory of Institutional Change	78
3.4.1	Economic Theory of Democracy	79
3.4.2	Complementary Aspects of the Public Choice Perspective	83
3.5	Tradition Transfer in the Irrigation Sector	84
3.5.1	Understanding Tradition	84
3.5.2	Breach or Transfer of Tradition– a Sociological Debate	85
3.6	Complementary Theories in an Analytical Framework.....	88
4	Methodology	95
4.1	Research Paradigm and Strategy	95
4.2	Dynamic Research Process	101
4.3	Selection of Study Sites	104
4.3.1	The Veliko Tarnovo Region	105
4.3.2	The Pavel Bania Region	106

4.3.3 The Haskovo Region	108
4.4 In-depth Case Study Design	109
4.4.1 A Holistic Multiple Case Design	109
4.4.2 Research Team	111
4.4.3 Contact to the Field	111
4.5 Empirical Methods	113
4.5.1 Archival Analysis and Expert Interviews.....	113
4.5.2 Participant Observation	114
4.5.3 Interview Techniques	117
4.5.4 Interactive Empirical Methods.....	119
4.5.5 Data Management.....	120
4.6 Methodological Triangulation	120
4.6.1 Methodological Triangulation to Explain Trust	121
4.6.2 Methodological Triangulation to Explain Power	123
4.7 Analytical Methods	126
4.7.1 Qualitative Analytical Methods	127
4.7.2 Quantitative Analytical Methods	129
4.7.3 An Analytical Reflection Step	130
5 Formal Institutional Change in the Irrigation Sector at the National Level	131
5.1 The Role of the State in the Water Syndicates in the Historical Context of the Cooperative Movement	131
5.1.1 Pre-period of Cooperation (First Settlement-1878)	132
5.1.2 Prime Period of Cooperation (1878-1945) – Establishment of Water Syndicates	133
5.1.3 Socialist Period (1945-1989) – Nationalization of Water Syndicates	134
5.2 Legislation during Socialism in Post-Water-Syndicates-Time	137
5.3 Legislation in the Postsocialist Period	137
5.3.1 World Bank Project and the Cooperative Law	137
5.3.2 Bulgarian Water Law	140
5.3.3 Water User Association Act and By-Laws.....	142

5.3.3.1	Water User Association Act	142
5.3.3.2	Act for Financial Support of Water User Associations.....	147
5.3.3.3	Regulation of the Assignment of Use Rights	148
5.3.3.4	Executive Hydromelioration Agency's Structural Rules.....	148
5.3.4	Special Accession Program for Agriculture and Rural Development	149
5.4	Justification of Postsocialist Irrigation Sector Reforms with the Water Syndicates Existence.....	150
5.5	Public Choice Perspective on the Postsocialist Irrigation Sector.....	151
5.5.1	Period I – Destroying the Irrigation Infrastructure	154
5.5.2	Period II – Slowing Down the Pace of Reforms.....	155
5.5.3	Period III – Establishing Water User Organizations on Paper.....	156
5.5.4	Period IV – Enforcing New Legislation.....	157
5.5.5	Period V – Restricting the Impact of Legislation	159
6	Institutional Change in the Irrigation Sector at the Local Level	161
6.1	Characterization of the In-depth Case Study Villages.....	161
6.1.1	Irrigation Command Area I	162
6.1.2	Irrigation Command Area II	163
6.1.3	Population Structure	164
6.1.4	Agricultural Production Area and Farm Structure.....	166
6.1.5	Actors and Actor Groups in the Irrigation Sector.....	168
6.1.5.1	Key Actors in Village A	169
6.1.5.2	Key Actors in Village B	172
6.1.5.3	Key Actors in Village C	173
6.1.5.4	Key Actors in Village D	177
6.2	Changing Institutional Arrangements in the Irrigation Sector of the Case Study Villages.....	179
6.2.1	Institutional Sequencing and Timing in Village A	182
6.2.2	Institutional Sequencing and Timing in Village B	185
6.2.3	Interlinkages between Village A and Village B	188
6.2.4	Institutional Sequencing and Timing in Village C	188

6.2.5	Institutional Sequencing and Timing in Village D	192
6.2.6	Interlinkages between Village C and Village D	194
6.2.7	Initiatives and Changing Incentives and Motivations due to External Influences – Village C Perspective	196
6.3	Preliminary Conclusions on the Local Institutional Change	199
7	Determinants of Institutional Change in an Irrigation Sector in Transition	203
7.1	Incongruity of Formal and Informal Rules	204
7.1.1	Water Ordering and Appropriation Rules	204
7.1.2	Monitoring Rules	205
7.1.3	Excludability and Sanctioning Rules	206
7.1.4	Operation and Maintenance Rules	206
7.2	Power Abuse	209
7.2.1	Governance of Information	212
7.2.2	Corruption	214
7.2.3	Empirically Derived Power Resources	215
7.2.4	Nonparametric Statistics for the Assessment of Power Resources ..	218
7.2.4.1	Spearman Correlation Coefficient	221
7.2.4.2	Kruskal-Wallis H Test for More than Two Unrelated Samples ...	222
7.2.4.3	Mann-Whitney U Test for Two Unrelated Samples	224
7.3	Deteriorating Social Capital	228
7.3.1	Limited Transfer of Tradition from Water Syndicates	228
7.3.1.1	Empirical Evidence	229
7.3.1.2	Explanations for the Breach of Tradition	230
7.3.2	Breach of Voluntary Agricultural Cooperation during Socialism....	234
7.3.3	Special Trust in Formal Actors	235
7.3.4	Perception of Corruption	240
7.3.5	Distrust and Envy	244
7.3.6	Approaching the Willingness for Collective Action	248
7.3.6.1	Assessment of Collective Action	248
7.3.6.2	Proverbs	249
7.3.6.3	Time Horizon	249

List of Boxes	xix
List of Pictures.....	xxi
List of Abbreviations.....	xxiii
1 Introduction.....	1
1.1 Bulgaria's Irrigation Sector in Transition as an Institutional Problem	1
1.2 Objectives of Research.....	2
1.3 Structure of the Analysis	3
2 Bulgaria's Irrigation Sector.....	5
2.1 Importance of Bulgaria's Irrigation Sector.....	5
2.2 The Irrigation Sector during Socialism.....	9
2.3 Implications of the Land Restitution Process	11
2.4 Irrigation Infrastructure in Transformation.....	15
2.5 Organizational Structure of the Irrigation Sector	21
2.6 Formulation of Irrigation Water Prices and Payment Modes.....	26
2.6.1 Price Calculations	26
2.6.2 Payment Modes.....	29
2.6.3 Price Building.....	30
2.7 Irrigation Systems at the National and Local Levels.....	32
2.7.1 Irrigation Types in Bulgaria.....	34
2.7.1.1 Importance of Irrigation Systems	36
2.7.1.2 Practiced Irrigation Techniques	38
2.7.2 A Closer Look at a Local Irrigation System.....	41
3 Theories for an Irrigation Sector in Transition.....	45
3.1 Common-Pool Resource Theory.....	45
3.1.1 Common-Pool Resources and their Property Regimes	45
