## Radical reaction rates in liquids

### Subvolume b: Carbon-centered radicals II

#### General introduction (H. Fischer)

A	Definition and coverage . . . . .	IX
B	Arrangement and contents of tables . . . . .	IX
C	Important monographs, series, compilations . . . . .	XI
D	Symbols and abbreviations . . . . .	XI

#### 4.1 Rate constants for displacement reactions by carbon-centered radicals with molecules in solution (K.-D. Asmus, M. Bonifačić)

4.1.0	Introduction . . . . .	1
4.1.1	Absolute rate constants . . . . .	2
4.1.1.1	Aliphatic radicals and radicals derived from other compounds containing no aromatic constituents . . . . .	2
4.1.1.1.1	Radicals containing only C and H atoms . . . . .	2
4.1.1.1.2	Radicals containing C, H and other atoms . . . . .	24
4.1.1.2	Radicals from compounds with aromatic and heterocyclic constituents . . . . .	58
4.1.1.2.1	Radicals containing only C and H atoms . . . . .	58
4.1.1.2.2	Radicals containing C, H and other atoms . . . . .	73
4.1.1.3	Radicals with undefined stoichiometry and/or structure . . . . .	74
4.1.2	Relative rate constants . . . . .	82
4.1.2.1	Aliphatic radicals and radicals derived from other compounds containing no aromatic constituents . . . . .	82
4.1.2.1.1	Radicals containing only C and H atoms . . . . .	82
4.1.2.1.2	Radicals containing C, H and other atoms . . . . .	87
4.1.2.2	Radicals from compounds with aromatic and heterocyclic constituents . . . . .	97
4.1.2.2.1	Radicals containing only C and H atoms . . . . .	97
4.1.2.2.2	Radicals containing C, H and other atoms . . . . .	111
4.1.3	Isotope effects . . . . .	115
4.1.3.1	Aliphatic radicals and radicals derived from other compounds containing no aromatic constituents . . . . .	115
4.1.3.1	Radicals from compounds with aromatic constituents . . . . .	117
	References for 4.1 . . . . .	120

**4.2 Rate constants for electron transfer reactions of carbon-centered radicals  
with molecules in solution (K.-D. Asmus, M. Bonifačić)**

4.2.0	Introduction . . . . .	124
4.2.1	Absolute rate constants . . . . .	126
4.2.1.1	Aqueous solutions . . . . .	126
4.2.1.1.1	Aliphatic radicals and radicals derived from other compounds containing no aromatic constituents . . . . .	126
4.2.1.1.1.1	Radicals containing only C and H atoms . . . . .	126
4.2.1.1.1.2	Radicals containing C, H and halogen atoms . . . . .	135
4.2.1.1.1.3	Radicals containing C, H and O atoms . . . . .	137
4.2.1.1.1.4	Radicals containing C, H, O, N and other atoms . . . . .	289
4.2.1.1.2	Radicals from compounds with aromatic and heterocyclic constituents . . . . .	297
4.2.1.1.2.1	Radicals containing only C and H atoms . . . . .	297
4.2.1.1.2.2	Radicals containing C, H and N atoms . . . . .	297
4.2.1.1.2.3	Radicals containing C, H, O, N and other atoms . . . . .	301
4.2.1.1.3	Radicals with undefined stoichiometry and/or structure . . . . .	414
4.2.1.2	Non-aqueous solutions . . . . .	464
4.2.1.2.1	Aliphatic radicals and radicals derived from other compounds containing no aromatic constituents . . . . .	464
4.2.1.2.1.1	Radicals containing only C and H atoms . . . . .	464
4.2.1.2.1.1.1	Anionic radicals . . . . .	464
4.2.1.2.1.1.2	Cationic radicals . . . . .	465
4.2.1.2.1.2	Radicals containing C, H and halogen atoms . . . . .	469
4.2.1.2.1.2.1	Neutral radicals . . . . .	469
4.2.1.2.1.2.2	Cationic radicals . . . . .	469
4.2.1.2.1.3	Radicals containing C, H and O atoms . . . . .	472
4.2.1.2.1.3.1	Anionic radicals . . . . .	472
4.2.1.2.1.3.2	Neutral radicals . . . . .	475
4.2.1.2.1.3.3	Cationic radicals . . . . .	481
4.2.1.2.1.4	Radicals containing C, H and N atoms . . . . .	483
4.2.1.2.1.4.1	Cationic radicals . . . . .	483
4.2.1.2.2	Radicals from compounds with aromatic and heterocyclic constituents . . . . .	484
4.2.1.2.2.1	Radicals containing only C and H atoms . . . . .	484
4.2.1.2.2.1.1	Anionic radicals . . . . .	484
4.2.1.2.2.1.2	Neutral radicals . . . . .	497
4.2.1.2.2.1.3	Cationic radicals . . . . .	498
4.2.1.2.2.2	Radicals containing C, H and other atoms . . . . .	503
4.2.1.2.2.2.1	Anionic radicals . . . . .	503
4.2.1.2.2.2.2	Neutral radicals . . . . .	517
4.2.1.2.2.2.3	Cationic radicals . . . . .	520
4.2.2	Relative rate constants . . . . .	522
4.2.2.1	Non-aqueous solutions . . . . .	522
	References for 4.2 . . . . .	527
