Contents

I: INTRODUCTION

1. Conceptual and Measurement Issues in the Study of Coping with Chronic Stress	3
--	----------

Benjamin H. Gottlieb

Introduction	3
Acute and Chronic Stressors: Fluid Boundaries and Interactive Effects	5
The Challenges of Assessing Coping with Chronic Stress	10
Determining the Focus of Coping	10
Documenting Coping without Relying on Eventful or Stressful Markers	12
Temporal Changes in Coping with Chronic Stressors	16
Prominent Modes of Coping with Chronic Stress	19
Vigilance and Respite	20
Future Outlook	24
Making Meaning through Cognitive Reinterpretation	25
Acceptance, Resignation, and Religiosity	27
Instrumental Coping	28
The Bases of Efficacy	29
Organization and Overview of the Volume	32
References	37

II: THEORY AND PERSPECTIVES

2. The Nature of Chronic Stress 43

Blair Wheaton

Prefatory Note	43
Introduction	44
Of Stressors, Stress, and Stress Outcomes	44
Defining Stress	45
Elaborating the Stress Domain	48
Models of the Stress Concept—Reconsidered	49
Events versus Chronic Stressors	52
Forms of Chronic Stress	57
Threats	57
Demands	58
Structural Constraints	59
Underreward	60
Complexity	61
Uncertainty	62
Conflict	63
Restriction of Choice	63
Resource Deprivation	64
Measuring Chronic Stress	65
Conclusions	68
Appendix: Classification of the Chronic Stress Items from the Stress Measurement Survey	69
References	72

3. Theories of Coping with Chronic Stress: Illustrations from the Health Psychology and Aging Literatures 75

Carolyn M. Aldwin and Jennifer Brustrom

Theoretical Models of Coping	76
Coping with Acute Stress	76
Critique	80
Application of Current Models of Chronic Stress	81
Models of Coping with Chronic Stress	82
Patterns of Coping with Chronic Illness	85
Predictors of Coping Patterns	85

Outcomes of Coping Efforts 87
 Limitations of Studies 90
 Aging as a Paradigm for Coping with Chronic Stress 92
 A Deviation Amplification Model of Coping
 with Chronic Stress 95
 Future Research 98
 References 99

**4. Effortful and Involuntary Responses to Stress:
 Implications for Coping with Chronic Stress 105**

Bruce E. Compas, Jennifer Connor, Dana Osowiecki, and Amy Welch

Acute and Chronic Stress 107
 Responses to Stress: Effortful and Involuntary Processes 109
 Coping as an Effortful Process: Try and Try Again 109
 Involuntary Responses to Stress: Unwanted Effects
 of Unintended Reactions 110
 Engagement and Disengagement Responses to Stress 115
 Rumination, Avoidance, and Distraction 116
 A Framework for Distinguishing Responses to Stress 117
 Understanding Responses to Chronic Stress 121
 Involuntary Processes Contribute to Chronic Stress 121
 Affective and Physical Consequences of Avoidant
 Coping Efforts 123
 Involuntary Thoughts, Avoidance, and Effortful
 Engagement Coping 125
 Future Directions 126
 References 128

**III: THE SOCIAL CONTEXT OF COPING
 WITH CHRONIC STRESS**

**5. Social-Environmental Influences on the
 Chronic Stress Process 133**

Stephen J. Lepore

Overview 133
 Social Origins of Chronic Stress 133

Loneliness	135
Social Stimulus Overload	136
Stressful Life Events	137
Social Roles	137
Stigma	139
Migration	139
Summary	140
Social Environment as a Modifier of Chronic Stress	141
Chronic Stress Buffer	141
Chronic Stress Amplification	144
Summary	149
Social Environment as a Mediator of Chronic Stress	150
Support Deterioration	150
Stress Transmission	152
Summary	153
Conclusion	154
References	156

6. Coping with Chronic Stress: An Interpersonal Perspective .. 161

Tess Byrd O'Brien and Anita DeLongis

The Interpersonal Context of Coping	162
Sources of Strain in Chronic Stress Contexts	162
Dyadic Patterns of Coping and Their Significance for Well-Being	164
The Role of Close Relationships in Coping and Well-Being ...	169
The Role of Coping in Disrupting Relationships and Diminishing Support	171
Relationship-Focused Coping: Sustaining Social Relationships during Periods of Chronic Stress	173
Empathic Coping	174
Other Forms of Relationship-Focused Coping	183
Conclusion	184
References	185

7. Families Accommodating to Chronic Stress: Unintended and Unnoticed Processes 191

Rena L. Repetti and Jenifer Wood

Coping as an Interpersonal Process	192
The Unintentional Involvement of Others in Coping	192

The Daycare Study	198
Long-Term Implications of Coping as an Interpersonal Process	208
What Can Short-Term Responses to Stress Tell Us about Coping with Chronic Stress?	208
Family Accommodation to Chronic Stress	211
Implications for Coping Assessment	213
Accommodation to Poverty and Community Violence	216
Summary	218
References	219

8. Reciprocity in the Expression of Emotional Support among Later-Life Couples with Stroke 221

Mary Ann Parris Stephens and Sarah L. Clark

Stroke as a Chronic Stressor for Married Couples	221
Emotional Support in the Context of Chronic Illness	222
A Dyadic Study of Couples Coping with Stroke	225
Sample Characteristics	227
Measures of Interpersonal Communication and Distress	228
Supportive and Unsupportive Communications	230
Comparing Partners on Psychological Distress and Communications	232
Reciprocity in Communications	232
Some Observations on Couples Coping with Stroke	235
Concluding Comments	239
References	240

IV: CONSIDERATIONS OF EFFICACY IN COPING WITH CHRONIC STRESS

9. Changes in Coping with Chronic Stress: The Role of Caregivers' Appraisals of Coping Efficacy 245

Monique A. M. Gignac and Benjamin H. Gottlieb

Introduction	245
Coping with the Chronic Demands of Caregiving	246
Appraisals of Coping Efficacy	248

The Relationship between Coping and Appraisals of Coping Efficacy	254
The Stability of Coping Appraisals	258
The Impact of Efficacy Appraisals on Coping	260
Summary and Conclusions	263
References	266

10. The Role of Two Kinds of Efficacy Beliefs in Maintaining the Well-Being of Chronically Stressed Older Adults 269

Alex J. Zautra, Jeanne M. Hoffman, and John W. Reich

Origins of Research on Efficacy Beliefs	270
The Life Event and Aging Project	273
Assessment of Efficacy Beliefs for Positive and Negative Events: Development of Two Efficacy Measures	274
Factor Analysis of Control Beliefs	275
Stability of Efficacy Ratings	276
The Relationship of Efficacy Beliefs to Adjustment	277
Efficacy Effects on Well-Being over Time	278
Correlates of Efficacy Beliefs with Clinical Outcomes: The Arthritis Project	279
Examining the Antecedents of Efficacy Beliefs	281
Social Influences on Efficacy Beliefs	282
Social Encouragement of Self-Reliance versus Dependency ...	283
Implications for Understanding Coping with Chronic Stressors	286
References	289

V: ILLUSTRATIONS OF COPING WITH PERVASIVE LIFE DIFFICULTIES

11. Positive Meaningful Events and Coping in the Context of HIV/AIDS 293

*Susan Folkman, Judith Tedlie Moskowitz, Elizabeth M. Ozer,
and Crystal L. Park*

Introduction	293
--------------------	-----

Positive Meaningful Events: Relevant Findings and Theoretical Issues	295
Goals of This Chapter	297
Background: The UCSF Coping Project	298
Method: Coding Scheme	299
Coding Process	304
Findings	304
Mood	305
The Context of Meaningful Events	305
Source of Meaning	306
Self-Agency	307
Discussion	308
Theoretical Implications	309
Clinical Implications	311
Conclusion	312
References	313

12. A Framework for Understanding the Chronic Stress of Holocaust Survivors **315**

*Boaz Kahana, Eva Kahana, Zev Harel, Kathy Kelly,
Pam Monaghan, and Lani Holland*

Chronic Stressors Faced by Elderly Holocaust Survivors	317
Sample and Methods	318
Trauma-Related Stressors	321
Prewar Stressors	321
Holocaust Traumatic Stressors	321
Postwar Stressors	322
Coping with Chronic Posttraumatic Stressors	322
Coping with Intrusive Memories of Trauma	323
Coping with Fear and Mistrust	326
Coping with the Chronic Stress of Social and Psychological Isolation	328
Coping with Stigma	330
Normative Chronic Life Stressors: Characteristics and Coping Efforts	332
Childhood Life Stressors	333
Adult Life Stressors	333
Chronic Stressors of Aging	337
Conclusion	339
References	340

13. Coping with Chronic Work Stress 343

C. Gail Hepburn, Catherine A. Loughlin, and Julian Barling

Introduction	343
Chronic Work Stressors	344
Sources of Chronic Stress in the Workplace	344
Contemporary Sources of Chronic Work Stress	346
Perceptions of Workplace Stressors	348
Outcomes of Workplace Stressors	349
Methodological Problems in Connecting Chronic Stressors to Specific Effects	350
Coping with Chronic Work Stress	351
The Measurement of Coping	351
Workplace Stressors and Coping	353
Strain and Coping	354
Coping as a Moderator	356
Further Methodological Problems in the Study of Coping	357
Workplace Interventions for Chronic Work Stress	358
Tertiary Preventive Interventions	359
Secondary Preventive Interventions	359
Primary Prevention	360
Conclusion	361
