

Roger H. Charlier Christian P. De Meyer

Coastal Erosion

Response and Management

Springer

TABLE OF CONTENTS

PART I : THE COASTAL ZONE

1. INTRODUCTION	3
2. REFERENCES & NOTES	4

CHAPTER I : COASTAL ZONE MANAGEMENT

1. INTRODUCTION	6
2. THE USE OF THE COASTAL ZONE	6
3. MANAGEMENT	10
4. MANAGEMENT AND ENVIRONMENT	13
5. CONCLUSION	16
6. REFERENCES	18

PART II : COASTAL MANAGEMENT AND COASTAL DEFENSE

INTRODUCTION	21
--------------------	----

CHAPTER I : RESPONSE STRATEGIES

1. RETREAT	22
2. ACCOMODATION	24
3. PROTECTION	25

CHAPTER II : ENVIRONMENTAL IMPLICATIONS OF ADAPTIVE MEASURES

1. INTRODUCTION	26
2. RETREAT	26
3. ACCOMODATION	27
4. PROTECTION	27

CHAPTER III : ECONOMIC IMPLICATIONS OF ADAPTIVE MEASURES

1. <i>INTRODUCTION</i>	29
2. <i>RETREAT</i>	30
3. <i>ACCOMODATION</i>	30
4. <i>PROTECTION</i>	31

CHAPTER IV : SOCIAL AND CULTURAL IMPLICATIONS OF ADAPTIVE MEASURES

1. <i>INTRODUCTION</i>	35
2. <i>RETREAT</i>	35
3. <i>ACCOMODATION</i>	36
4. <i>PROTECTION</i>	37

CHAPTER V : LEGAL AND INSTITUTIONAL IMPLICATIONS OF ADAPTIVE MEASURES

1. <i>INTRODUCTION</i>	38
2. <i>RETREAT AND ACCOMMODATION</i>	39
3. <i>PROTECTION</i>	40

CHAPTER VI : PRIORITIES FOR ADAPTIVE RESPONSES

1. <i>INTRODUCTION</i>	41
2. <i>PRIORITIES FOR ADAPTATION</i>	42
3. <i>PRIORITIES FOR IMPLEMENTING ADAPTIVE OPTIONS IN DEVELOPING COUNTRIES</i>	44
4. <i>CRITERIA FOR ALLOCATION OF RESOURCES</i>	45
5. <i>REFERENCES</i>	46

PART III : SEDIMENT TRANSPORT**CHAPTER I : BED MATERIAL SUSPENSION AND TRANSPORT IN STEADY UNIFORM CURRENTS**

1. <i>BED LOAD TRANSPORT</i>	51
2. <i>SUSPENDED LOAD TRANSPORT</i>	56
3. <i>TOTAL LOAD TRANSPORT</i>	79
4. <i>REFERENCES (IN ALPHABETICAL ORDER)</i>	82

CHAPTER II : BED MATERIAL SUSPENSION AND TRANSPORT IN UNIFORM WAVES

1. <i>INTRODUCTION</i>	85
2. <i>ANALYSIS OF MEASURED CONCENTRATION PROFILES AND TRANSPORT RATES</i>	88
3. <i>COMPUTATION OF TIME-AVERAGED CONCENTRATION PROFILES</i>	97
4. <i>REFERENCES</i>	104

CHAPTER III : DETECTION OF SUSPENDED SEDIMENT

1. <i>PRINCIPLE</i>	107
2. <i>REFERENCES</i>	111

CHAPTER IV : SEDIMENT TRANSPORT

1. <i>INTRODUCTION</i>	112
2. <i>LONGSHORE TRANSPORT</i>	113
3. <i>CROSS-SHORE TRANSPORT</i>	117

CHAPTER V : COASTAL MORPHOLOGY

1. <i>INTRODUCTION</i>	122
2. <i>COASTAL PROFILES</i>	122
3. <i>COASTAL MORPHOLOGY MODELS</i>	129
4. <i>BEACHES BACKED BY DUNES</i>	139
5. <i>MATHEMATICAL MODELING OF BEACHES BACKED BY SEAWALLS</i>	141
6. <i>REFERENCES</i>	148

PART IV / RETREATING SHORELINES**CHAPTER I : COASTAL EROSION** 155

1. <i>INTRODUCTION</i>	156
2. <i>WAVES</i>	159
3. <i>COASTAL PROFILES</i>	168
4. <i>COASTAL EROSION, A WORLDWIDE PHENOMENON</i>	173

CHAPTER II : COASTAL PROTECTION

1. <i>INTRODUCTION</i>	179
2. <i>"HARD" COASTAL DEFENSE WORKS</i>	194
3. <i>BEACH NOURISHMENT AS COASTAL PROTECTION</i>	222
4. <i>SOCIAL ACTION</i>	283
5. <i>REFERENCES</i>	285

CHAPTER III : SEDIMENT BUDGET ANALYSIS

1. <i>THE SEDIMENT "BANK ACCOUNT"</i>	296
2. <i>BUDGET ANALYSIS</i>	297
3. <i>THE CELL THEORY</i>	299
4. <i>CONCLUSION</i>	299
5. <i>REFERENCES</i>	300

CHAPTER IV : EVALUATION OF IMPACTS AND INTERACTIONS

1. <i>INTRODUCTION</i>	301
2. <i>IMPACT OF EXISTING STRUCTURES AND SITES</i>	304
3. <i>THE BEACH/DUNE SYSTEM</i>	305
4. <i>IMPACTS AND INTERACTION</i>	309

APPENDICES	311
GLOSSARY	323
SOURCES OF ILLUSTRATIONS	335
