Contents

Preface	vii
PELTIER, W. R. Global glacial adjustment and coastal tectonics	1
CHAPPELL, J., OTA, Y. & CAMPBELL, C. Decoupling post-glacial tectonism and eustasy at Huon Peninsula, Papua New Guinea	31
SOTER, S. Holocene uplift and subsidence of the Helike Delta, Gulf of Corinth, Greece	41
TRECKER, M. A., GURROLA, L. D. & KELLER, E. A. Oxygen isotope correlation of marine terraces and uplift of the Mesa Hills, Santa Barbara, California, USA	57
BORDONI, P. & VALENSISE, G. Deformation of the 125 ka marine terrace in Italy: tectonic implications	71
CORNET, Y. & DEMOULIN, A. Neotectonic implications of a lineament-coplanarity analysis in Southern Calabria, Italy	111
FLEMMING, N. C. Archaeological evidence for vertical tectonic movement on the continental shelf during the Palaeolithic, Neolithic and Bronze Age periods	129
GALILI, E. & SHARVIT, J. Ancient coastal installations and the tectonic stability of the Israeli coast in historical times	147
FOULGER, G. R. & HOFTON, M. A. Regional vertical motion in Iceland 1987–1992, determined using GPS surveying	165
ORME, A. R. Late Quaternary tectonism along the Pacific coast of the Californias: a contrast in style	179
THACKRAY, G. D. Convergent-margin deformation of Pleistocene strata on the Olympic Coast of Washington, USA	199
MERRITTS, D., EBY, R., HARRIS, R., EDWARDS, R. L. & CHENG, H. Variable rates of Late Quaternary surface uplift along the Banda Arc-Australian plate collision zone, eastern Indonesia	213
REYSS, J. L., PIRAZZOLI, P. A., HAGHIPOUR, A., HATTÉ, C. & FONTUGNE, M. Quaternary marine terraces and tectonic uplift rates on the south coast of Iran	225
MEGHRAOUI, M., OUTTANI, F., CHOUKRI, A. & FRIZON DE LAMOTTE, D. Coastal tectonics across the South Atlas Thrust Front and the Agadir Active Zone, Morocco	239
MURRAY-WALLACE, C. V., BELPERIO, A. P. & CANN, J. H. Quaternary neotectonism and intra-plate volcanism: the Coorong to Mount Gambier Coastal Plain, southeastern Australia: a review	255
NUNN, P. Late Cenozoic emergence of the islands of the northern Lau–Colville Ridge, southwest Pacific	269
BEZERRA, F. H. R., LIMA-FILHO, F. P., AMARAL, R. F., CALDAS, L. H. O. & COSTA-NETO, L. X. Holocene coastal tectonics in NE Brazil	279
BILHAM, R. Slip parameters for the Rann of Kachchh, India, 16 June 1819, earthquake, quantified from contemporary accounts	295
MCNEILL, L. C., GOLDFINGER, C., YEATS, R. S. & KULM, L. D. The effects of upper plate deformation on records of prehistoric Cascadia subduction zone earthquakes	319
DOMINEY-HOWES, D., DAWSON, A. & SMITH, D. Late Holocene coastal tectonics at Falasarna, western Crete, (Greece): a sedimentary study	341
GOFF, J. R., CROZIER, M., SUTHERLAND, V., COCHRAN, U. & SHANE, P. Possible tsunami deposits from the 1855 earthquake, North Island, New Zealand	351
Index	373
