Interpolation and  
Sampling in Spaces  
of Analytic Functions

Kristian Seip

---

**American Mathematical Society**  
Providence, Rhode Island

# Contents

Acknowledgements	v
Introduction	vii
Chapter 1. Carleson's interpolation theorem	1
Chapter 2. Interpolating sequences and the Pick property	15
Chapter 3. Interpolation and sampling in Bergman spaces	41
Chapter 4. Interpolation in the Bloch space	63
Chapter 5. Interpolation, sampling, and Toeplitz operators	79
Chapter 6. Interpolation and sampling in Paley–Wiener spaces	95
Bibliography	125
Index	135
