Multipurpose Trees in the Tropics:
Management & Improvement Strategies

Editors
V.P. Tewari
R.L. Srivastava

ARID FOREST RESEARCH INSTITUTE, JODHPUR
(Indian Council of Forestry Research & Education)

CONTENTS

Foreword v

Preface vii

Management of Multipurpose Tree Species

Multipurpose tree species in semi-arid subtropics-growth and biomass production

— *A.S. Gill* 1

Effect of management practices on productivity of Teak (*Tectona grandis*) in hill zone of Karnataka

— *A.G. Koppad and R.V. Rao* 6

Productivity of *Acacia auriculioformis* - A multipurpose tree species in degraded uplands as influenced by soil and moisture conservation measure

— *A.G. Koppad and K. Manjappa* 12

Stripping and callusing properties of Kamachile [*Pithecellobium dulce* (Roxb.)]

— *Arsenio B. Ella* 17

The growth performance of *Hopea odorata* planted on original and cut soil

— *M.N. Ahmad Azaruddin, Y. Adzmi and M. Adnan* 22

Boswellia papyrifera (Del.) Hochst: A promising multi-purpose tree species in arid zones

— *Abdalla Mirghani El Tayeb* 27

Germination ecology of five multipurpose trees from the Sudanian savanna in Burkina Faso, West Africa

— *D. Zida, R. Nygård, L. Sawadogo, D. Tiveau, M. Tigabu, P.C. Odén and Maria Schelin* 34

Sustainable management of arid soils through agro-forestry

— *D.C. Joshi and Pramila Raina* 40

Growth, biomass production and water use in *Dalbergia sissoo* seedlings in relation to soil water stress

— *G. Singh and Bilas Singh* 47

Role of multipurpose tree species in community forestry: lessons from northern western Ghats

— *Archana Godbole and Jayant Sarnaik* 55

Performance of tree species with high density planting under irrigated condition

— *K. Manjappa, V.B. Nadagouda and A.G. Koppad* 61

Growth performance of multipurpose tree species in the degraded hill areas of Bangladesh

— *M. K. Hossain and B. M. Khan* 64

The potential fruit yield of economic local tree species in West African savanna area, Burkina Faso

— *N. Lamien and J.S. Ouédraogo* 71

Performance of MPTS under high-density plantation in red lateritic wastelands of Chhattisgarh plain

— *M.N. Naugraiya, Sunil Puri and A.S. Sisodiya* 78

Influence of site characteristics on growth of *Azadirachta excelsa* (Jack) Jacobs

— *Ong Kian Huat and Lim Meng Tsai* 88

Growth of *Madhuca longifolia* var. *latifolia* (Roxb.) Cheval in plantation

— *P.K. Shukla* 94

Growth and biomass yield from *Salvadora persica* with management practices on salt affected soil under hot arid conditions in India

— *Ranjana Arya and R.R. Lohara* 102

Trends and projection of acidic deposition in India for selection of species in afforestation

— *Sanjay Kumar, Sarita Srivastava and T. Kojima* 109

Ligneous species diversity on *Macrotermes* termitarias under different fire regimes in a savannah woodland (Burkina Faso, West Africa)

— *S. Traoré, M. Lepage, R. Nygård, I.J., Boussim, P.C. Odén and S. Guinko* 114

Growth performance of some indigenous fuel wood and fodder tree species at the three altitudes of Garhwal Himalayas

— *S. Nautiyal, Monika Tyagi, Preeti Joshi and Pankaj Kumar* 121

Growth and productivity of certain multipurpose tree species under rainfed condition in North Gujarat

— *S.N. Jaimini, N.M. Patel, J.M. Patel, S.B. Patel and P.M. Patel* 127

Effect of trees on improvement in soil biological activity and P uptake of arid crops

— *J.C. Tarafdar and B.M. Sharma* 132

Growth response of *Acacia farnesiana* Willd. to indigenous arbuscular mycorrhizal fungi and symbiotic nitrogen fixing bacteria under tropical nursery conditions

— *A. Karthikeyan* 140

Influence of moisture conservation techniques and fertilizers on productivity of Teak (*Tectona grandis*) in hill zone of Karnataka

— *A.G. Koppad and R.V. Rao* 148

Characteristics of vegetation, litter and nutrient levels at different altitudes and seasons in upper Yamuna forests of Garhwal Himalayas

— *B.M. Dimri and M.N. Jha* 154

Studies on the effect of naphthalene acetic acid, urea and zinc sulphate on fruit drop and quality of Ber (*Zizyphus mauritiana* Lamk.)

— *B. Yadav, G.S. Rana and M.S. Joon* 160

Management of nursery diseases of multipurpose tree species in central India

— *Jamaluddin and P.K. Chawdhry* 164

Effect of neem fruit at different maturation levels and depulped seeds on germination and vigour and its economic analysis

— *P. Masilamani, S. Selvam and K. Annadurai* 171

Acacia nilotica a multipurpose tree in south of Iran

— *Masoud Tabari and Mohammad Hassan Emtehani* 176

The Biodiesel Tree – *Jatropha curcas* Linn.
— *Naresh Kaushik, Sushil Kumar and R.A. Kaushik* 180

Conservation of multipurpose trees of western Rajasthan
— *N.K. Dwivedi, Neelam Bhatnagar and D.P. Yadav* 185

Managing multipurpose tree species for the nutritional security in arid areas
— *Pratibha Tewari, Sanju Choudhary and Nidhi Shekhawat* 190

Status and management of insect pests of *Emblica officinalis* and *Gmelina arborea* - the multipurpose tree species in Satpura plateau of Madhya Pradesh
— *P.B. Meshram* 194

Estimating use value — A case study of Mahatama Gandhi marine national park, Andaman and Nicobar islands, India
— *Pradeep Chaudhry and V.P. Tewari* 200

Effect of plant species on soil properties under irrigated conditions in hot arid regions of India
— *Ranjana Arya* 208

Madhuca indica: multipurpose tree in benefits of forest inhabitants of Gujarat state, India
— *R.L. Meena, Kabool Chand, Rajbir Singh and S.L. Meena* 214

Seed, seedling and growth characteristics of *Acacia jacquemontii* Benth: A potential multipurpose species in Indian arid zone
— *R. Prasad, R.S. Mertia and Sunil Kumar* 220

Neem (*Azadirachta indica*) in integrated pest management
— *Ranjeet Singh and Surinder Kumar* 225

Biology and efficacy of *Tetrastichus spirabilis* and *Eupelmus* sp., the potential biocontrol agents of gall forming insects of *Prosopis cineraria* (L.) Druce
— *S.I. Ahmed and Shivesh Kumar* 232

Effect of biofertilizers on seed germination and seedling vigour of some multipurpose tree species
— *Seema Mishra, Satyawati Sharma and Padma Vasudevan* 238

Effects of nitrogen treatment and seasonal variation on growth and biomass production in *Pongamia pinnata* Pierre seedlings
— *S.P. Chaukiyal and T.C. Pokhriyal* 244

Pest management potential of *Pongamia pinnata* (L.) Pierre
— *R. Sundararaj, Rajamuthukrishnan and O.K. Remadevi* 252

Biodiversity, qualitative composition and relative abundance of soil fauna in arid ecosystem
— *G. Tripathi and B. M. Sharma* 256

MPTS management by sustainable utilization and value addition: A futuristic approach
— *Vineet Kumar, Pradeep Sharma and P.L. Soni* 262

Conservation, Management and Improvement of Medicinal Plants

Sablot *(Litsea glutinosa)* Lour. Rob: A versatile but disappearing multipurpose tree in tropical Ilocos, Philippines
— *Alfredo R. Rabena* 271

Sustainable development of Aonla (*Phyllanthus emblica* L.) through non-destructive harvesting practices
— *A.K. Pandey, Vishakha Kumbhare and P.K. Chowdhry* 278

Planting stock production of *Labisia pumila* by cuttings
— *Aminah H. and Rozihawati Z.* 284

Estimation of resin yield from *Boswellia papyrifera* Del. (Hochst) in Jebel Marra, Darfur, Sudan
— *Abuelgasim A. Adam, Abdalla M. El Tayeb and A. Elhouri Ahmed* 288

Market survey on the demand of medicinal plants: a case study of Jaipur, Rajasthan
— *K.K. Chaudhuri, D.K. Mishra and J.K. Shukla* 295

Effect of pre-treatments on seed germination in *Cassia angustifolia* Vahl.
— *D.K. Mishra, K.K. Chaudhuri and Vedpal Singh* 301

Assessment of soil-site suitability for commercial cultivation of *Cassia angustifolia* Vahl. in extreme arid conditions of Jaisalmer
— *B.K. Kandpal, R.S. Mertia and Daleep Singh* 306

Assessment of guggal (*Commiphora wightii* (Arn.) Bhandari) provenances for their suitability at extreme arid situation of Jaisalmer
— *R.S. Mertia, B.K. Kandpal and Daleep Singh* 310

Conservation of medicinal plants (trees and shrubs) through homestead husbandry in rural Bangladesh
— *Khaled Misbahuzzaman and Mohammad Khasru Noman* 314

Germination behaviour of *Jatropha curcas L.* in fly ash incorporated medium
— *P. Masilamani, K.T. Parthiban, K. Annadurai and R. Marimuthu* 321

Multipurpose trees with medicinal values: An expanding role in agroforestry
— *P. Rai, Rajeev Tiwari and Ajit* 325

Ex-situ conservation approach through cultivation of medicinal plants in Madhya Pradesh
— *Ravi Srivastava and J. L. Shrivastava* 331

Medicinal plants as an option for ensuring livelihood in arid and semi-arid regions
— *R.B.S. Rawat and R.C. Uniyal* 338

Effect of sowing method on grow+h and yield of Ashwagandha in black soil under *Gmelina Arborea* based agroforestry system
— *R.K. Prajapati, Sunil Puri, M.N. Naugraiya and R. Koulini Sri* 343

Variation in oil content and its composition in neem seeds from trees under different climatic conditions
— *N. Saxena and M.S. Malik* 347

Germination and seedling quality studies on an aphrodisiac plant – *Blepharis sindica*
— *Manish Mathur and S. Sundaramoorthy* 352

RAPD for identifying *Chlorophytum borivilianum* adulteration
— *Sebastian Vadakan, L. D'Cruz and V.J. Braganza* 358

Ex situ conservation practices of Ganwarpatha (*Aloe vera*) in Madhya Pradesh
— *A. Vijayaraghavan, A.K. Patra and D.L. Nandeshwar* 361

Analysing the availability of medicinal plants and their export potential in India
— *D.K. Mishra, K.K. Chaudhuri, Ved Pal Singh and J.K. Shukla* 364

Ethno-medicinally important tree species of west Midnapore district (West Bengal), having potentiality in drug development
— *D.K. Mishra and S.C. Agarwal* 370

Domestication strategy for *Nothapodytes nimmoniana:* An important anti-cancer drug yielding threatened tree
— *H.C. Hombe Gowda and R. Vasudeva* 375

Seed germination studies in medicinal plants of commercial value
— *D.K. Mishra, K.K. Chaudhuri, Ved Pal Singh and J.K. Shukla* 382

Sandal (*Santalum album* L.) a high value tree (HVT) species - potential multi purpose tree of arid/semi arid region
— *S.H. Jain, Ranjana Arya, Hemant Kumar and K.K.Chaudhuri* 387

Verifying molecular level changes in *Curculigo orchioides* Gaertn.
— *G.K. Vaidya, V.A. Sebastian, L. D'Cruz, O.P. Saxena[1] and V.J. Braganza* 393

Modelling Growth and Production

Potential of *Gleditsia triacanthos* f. *inermis* and *Robinia pseudoacacia* for livestock browse: biomass and foliar nutritive value
— *D.M. Burner, D.H. Pote, and A. Ares* 399

Methods and procedures for defining best silvicultural practices and management regimes for fast-growing tree plantations
— *Markku Kanninen and Diego Perez* 407

Tree allometry, volume and above ground biomass yield in a Seven-year-old *Acacia mangium*. Willd stand at Thiruvazhamkunnu, India
— *T.K. Kunhamu, B. Mohan Kumar and S. Vishwanath* 415

Silvia: A flexible system for integrated plantation management
— *Álvaro Vallejo, Markku Kanninen, Marcelino Montero and Edgar Víquez* 422

Individual tree growth models for an *Ailanthus excelsa* Roxb. plantation in the hot arid region of India
— *V.P. Tewari* 428

Trees Outside Forests including Agroforestry

Growth rates of multipurpose trees of the home gardens in Bangladesh
— *M.A. Latif* 439

Trees outside forests in West-African drylands inventories, growth measurements and management concepts
— *P.C. Christensen, A.M. Jensen, P.D. Koné and R. Nygård* 447

Multipurpose tree species of eastern India with special reference to NTFP's
— *B.S. Chandrashekar* 456

Web enabled computerized databases on multipurpose trees in Indian agroforestry: A holistic approach for information dissemination
— *Ajit, P. Rai, A.K. Handa, Sudhakar Choudhari, Y.V. Krishna Prasad and Ajay Babu* 462

Trees outside forest (ToF) assessment in Brazilian Savannah
— *Edgar Gaya Banks Machado and José Imañas Encinas* 470

Tree planting activities in a subsistence farming system context: Farmer's attitudes and priorities
— *V. Ratheesan, S. Gopakumar, A.V. Santhoshkumar, K. Gopikumar and C.L. Babu* 474

Trees outside forest in Himachal Pradesh: an overview
— *R.K. Kapoor and Sushil Kumar* 481

Trees outside forests in an Indian urban environment
— *Klaus Seeland* 486

Ecological assessment, utilization and conservation of useful plants of the Banyang-Mbo wildlfe sanctuary
— *Diangha Mercy Nambu* 493

Changes of tree crown cover on pasture land- A case study from Costa Rica
— *David Morales-Hidalgo, Christoph Kleinn and Stefan Kunth* 501

Multipurpose utilities of oil palm (*Elaeis guineensis* Jacq.)
— *P. Murugesan, Shinoj Subramanian, R.K. Mathur, M. Kochu Babu and R.S.N. Pillai* 509

Trees on agricultural fields: a unique basis of life support in *Thar* Desert
— *Pratap Narain and J.C. Tewari* 516

Effect of moisture conservation techniques on growth and yield of aonla in agrihorticulture system under rainfed conditions
— *Ram Newaj, P. Rai and Ajit* 524

Shisham (*Dalbergia sissoo* Roxb.) based agri-silvi production system for rainfed conditions of Gujarat
— *F.K. Modh, S.B.S. Tikka, S.N. Jaimini and N.M. Patel* 531

Enhancing biomass productivity of MPTs in agroforestry systems in southern India
— *S. Viswanath, R.S. Peddappaiah and T.S. Rathore* 534

Tree farming through jhum cultivation: A kind of agro forestry in Nagaland
— *S.P. Tripathi* 542

Coffee based agroforestry: A means of conserving tropical biodiversity
— *B.N. Sathish, Ramakrishna Hegde, C.G. Kushalappa, S. Raghavendra, N.A. Prakash and K.S. Murali* 549

Performance of *Acacia mangium* in plantations and homesteads under various agro-climatic zones of Kerala
— *C. Buvaneswaran and M. George* 556

Tree associated diversity and productivity of vegetation recovered after a severe drought in Indian desert
— *G. Singh, T.R. Rathod, S. Mutha, S. Upadhyaya and N. Bala* 561

Effect of neem (*Azadirachta indica*) on arable crops and soil fertility
— *J.M. Patel, S.N. Jaimini, N.M. Patel, S.B. Patel and P.M. Patel* 569

Trees outside forest as a source of leaf protein concentrate
— *Mala Rathore and Rajendra Meena* 573

Mahua: a potential NTFP for employment generation in tribal area
— *M. Patel and S.N. Naik* 580

Moisture content and viability of neem seeds collected from different agroclimatic conditions
— *M.S. Malik and N. Saxena* 588

Growth performance and chlorophyll content of *Syzygium campanulatum* treated with uniconazole
— *Ahmad Nazarudin M.R., F.Y. Tsan & R. Mohd Fauzi* 595

Foliage colours: significant attributes for urban landscape use
— *Ahmad Nazarudin M. R. and Sreetheran Maruthaveeran* 599

Agroforestry models for arid region of India
— *S. Mohan, R.K. Gupta, R.L. Meena, Sangeeta Tripathi and Balbir Singh* 602

The study of structure and biodiversity on shrubs in the Three Gorges reservoir area in China
— *Cheng Ruimei and Xiao Wenfa* 608

Obtaining resource information on trees outside the forest: experiences with inventory approaches in Central America
— *Christoph Kleinn and David Morales* 612

Improvement Strategies for Multipurpose Trees

Performance of *Acacia nilotica* (L.) Willd. ex Delile seedlots in an international series of provenance trials
— *A. Raebild, E.D. Kjaer and L. Graudal* 621

Floral biology of Khejri [*Prosopis cineraria* (L.) Druce]
— *S.B.S. Tikka, J.S. Patel and F.K. Modh* 632

Somatic embryogenesis and *Agrobacterium* mediated transformation of *Eucalyptus tereticornis* Sm.
— *M.G. Prakash and K. Gurumurthi* 638

Genetic variability and associated studies on clones of *Bambusa bamboo* and *Dendrocalamus strictus*
— *N. Sathesh, P. Ratha Krishnan and M. Paramathma* 644

Selection of *Casuarina junghuhniana* Miq. provenances for multiple end uses in India
— *A. Nicodemus, Mohan Varghese and B. Nagarajan* 650

Forest plantation in rainfed condition using the multipurpose species *Olea europaea* L.
— *H. Sardabi and M.H. Assareh* 658

Genetic variability and association studies in clonal traits of kapok (*Ceiba pentandra* Linn. Gaertn.) in Tamil Nadu
— *P. Rajendran, M. Paramathma, K.S. Neelakantan and K.T. Parthiban* 666

Genetic variability and association studies in pod and seed characteristics of kapok (*Ceiba pentandra* Linn. Gaertn.) in Tamil Nadu
— *P. Rajendran, M. Paramathma, K.S. Neelakantan and K.T. Parthiban* 672

Screening and multiplication of superior genotypes of neem for quality wood production
— *P. Ratha Krishnan, M. Paramathma and K.T. Parthiban* 679

Genetic variation in wood properties in segregating populations of *Eucalyptus hybrids*
— *S.K. Verma, A.K. Mandal, V.K. Sharma, H.S. Ginwal and S.K. Sharma* 685

Cloning of *Acacia nilotica* for multiplication and establishment of clonal seed orchard
— *S.K. Sharma, S.K. Verma and P.P. Bhojvaid* 691

Direct *in vitro* shoot morphogenesis in desert date -*Balanites aegyptiaca (L.)* Del. from root segments
— *Vinod Singh Gour, C.J.S.K. Emmanuel and Tarun Kant* 701

Reproductive biology and half-sib family performance for early vigour in White Cedar (*Dysoxylum malabaricum* Bedd.)
— *R. Vasudeva, L. Manjunath, Rajesh P. Gunaga, H.C. Hombe Gowda, R. Uma Shaanker and K.N. Ganeshaiah* 705

Macro propagation studies on padauk (*Pterocarpus dalbergioides*)
— *A. Venkatesh* 712

Evaluation of plus tree progenies of neem for growth and fruit yield
— *V.K. Gupta, R.V. Kumar, S.P. Ahlawat and A. Datta* 715

Selection of plus trees of *Schleichera oleosa* (Lour.) Oken - A multipurpose tree
— *Animesh Sinha* 719

Plant regeneration of Ziziphus spina-christi by in vivo and in vitro methods
— *M.H. Assareh, H. Sardabi and F. Sabbaghzadeh* 722

Evaluation of clones selected from seedling seed orchards of *Eucalyptus camaldulensis* and *E. tereticornis* in Tamil Nadu
— *N. Ravi and Mohan Varghese* 729

Variations in phenological patterns in *Azadirachta indica* A. Juss (Neem) in Satpura and adjacent agro-climatic zones of Madhya Pradesh (India)
— *P.K. Pande and Jagdesh Singh* 733

Estimation of variability in growth characters of twenty-three ramets of kapok (*Ceiba Pentandra* Linn. Gaertn.) in clonal evaluation trial in Tamil Nadu
— *P. Rajendran, M. Paramathma, K.S. Neelakantan and K.T. Parthiban* 739

Genetic divergence studies in plus tree families of *Bauhinia variegata* Linn. for its growth and biomass traits
— *R.K. Anand, K.C. Chauhan and Santosh Kumar A. Huse* 744

Evaluation of growth and standardization of propagation methods of exotic *Simarouba Glauca* in Tamil Nadu
— *P. Ratha Krishnan, J. Sundersingh Rajapandian and K.S. Neelakantan* 749

Genetic architecture of bunch weight and bunch number in young oil palm
— *R.K. Mathur, P. Murugesan, R.S.N. Pillai and S. Kapashi* 754

Subject Index **757**
