PART ONE

The Elusive Reality of Deviance

CHAPTER 1

Experiencing and Describing Deviance 3

A Sociological Conception of Deviance 5

Are Some Things Inherently Deviant? 5

Objective Properties of Deviance: Expectations and Violations 7

Subjective Properties of Deviance: Reactions and Outcomes 10

Toward a Scientific Definition of Deviance 12

Describing Deviance: Information 13

Implications of the Proposed Definition 17

CHAPTER 2

Deviance, Society, and Human Experience 19**Durkheim, Marx, and Weber: Social Order and Deviance 21**

Durkheim and the Functions of Deviance 21

*Sex and Organization: An Example of Social Evolution /
The Peculiar Logic of Functionalist Theory*

Marx: Functions, Power, and Deviance 27

Production for Survival and Social Organization / The Marxian Dialectical View

Weber: Shared Understandings, Deviance, and Social Control 33

Forms of Authority and Social Control / Law as a Social Reality

**Putting It Together: Toward a More Complete
Understanding of Deviance 38**

CHAPTER 3

**Explaining Deviance: Basic Concepts,
Classical Theories, and Rates of Deviance 41****Deviance as Part of Society 41****Explaining Deviance: The Concepts 44**

Social Action 44

Social Niche 45

Social Organization 46

A Definition of Deviance 49

Violation, Social Control, and Deviance in Context 50

Explaining Deviance: Theories 51**Explaining Rates and Patterns of Deviance and Social Control 53**

Dimensions of Integration 54

The Relationship Between Violation and Social Control 57

CHAPTER 4
**Explaining Deviance: Contemporary Theories
and Causes of Deviance 61**

Contemporary Deviance Theories	62
Functionalist Theories	62
Anomie Theory	63
Social Pathology Theories	64
Social Disorganization Theories	65
Labeling Theories	66
Conflict Theories	67
Social Control Theories	67
Differential Organization and Association and Learning Theories	68
The Proposed Causal Theory	69
Convergence Theory and Contemporary Deviance Theories	72
A Final Note on the Proposed General Theory	74

CHAPTER 5
Researching Deviance 76

Observing Deviance	77
Evaluating Research	80
Validity	81
Reliability	82
Control	83
Generalizability	85
Homicide and Heterogeneity: An Example	86
<i>Validity / Reliability / Control / Generalizability / Findings</i>	
Ethics and Deviance Research	89
Explaining and Counting Deviants	91
Many Causes and Partial Answers	91
Determinism and Outcomes	92
Looking Ahead	96

P A R T T W O
Deviance: Social Organization,
Niches, and Actions

CHAPTER 6
Heterosexual Deviance 99

A Sociological Conception of Sexuality and Deviance 102

Prostitution 102

The Difficulty of Defining Prostitution 104

Description: The Organization, Niches, and
Social Actions of Prostitution 105

*Social Organization / Social Niches / Social Action:
The Patterned Behavior of Prostitution*

Toward a General Theory of Prostitution as Deviance 116

Explaining Rates and Patterns of Prostitution 116

Explaining Causes of Prostitution 118

Policy Implications: Social Control and Deterrence Theories 122

The Need for Research 127

*Researching Rates and Patterns of Prostitution /
Researching Causes of Prostitution*

CHAPTER 7
Mental Illness 130

A Sociological Conception of Mental Illness 132

Mental Illness as a Negotiated Outcome 135

Social Organization: Demographics and Mental Illness 137

Social Class: Occupation, Education, and Income / Marital Status, Gender, and Ethnicity

Social Niches and Mental Illness 141

Families and the Selection of Mental Illness / The Role of the Mental Health System

Social Action: Interpersonal Negotiations 149

Toward a General Theory of Mental Illness as Deviance	153
Explaining Rates and Patterns of Mental Illness	153
Explaining Causes of Mental Illness	155
Beyond Myth and Metaphor: Social Policy and Problems of Living	157
The Need for Research	158
<i>Researching Rates and Patterns of Problems of Living /</i>	
<i>Researching Causes of Mental Illness</i>	

CHAPTER 8

Violence 161

A Sociological Conception of Violence	163
Murder and Aggravated Assault	164
The Social Organization of Murder and Aggravated Assault	164
<i>Social Characteristics of Assailants and Their Victims /</i>	
<i>Social Class and the Subculture of Violence</i>	
The Social Niches and Social Actions of Violent Crimes	169
<i>Settings, Roles, and Relationships / Rationales That Support or Promote Violence</i>	
Family Violence	173
Social Organization and Family Violence	175
The Social Niches and Social Actions of Family Violence	176
<i>The Roles, Relationships, and Rationales of Family Violence</i>	
Toward A General Theory of Violence as Deviance	178
Explaining Rates and Patterns of Deviant Violence	178
Explaining Causes of Deviant Violence	182
Public Policy: Can Violence Be Deterred?	184
The Need for Research	187
<i>Researching Rates and Patterns of Violence /</i>	
<i>Researching Causes of Violence</i>	

CHAPTER 9

White-Collar Crime 190

- A Sociological Conception of White-Collar Crime 191**
Crimes Against the Public 195
Corporate Violators 196
Social Organization / Social Niches / Social Actions
Noncorporate Violators 202
Social Organization / Social Niches and Social Actions
Crimes Within Organizations 206
Corporate Violators 207
Social Organization / Social Niches and Social Actions
Noncorporate Violators 209
Social Organization / Social Niches and Social Actions
Toward a General Theory of White-Collar Crime as Deviance 213
Explaining Rates and Patterns of White-Collar Crime 214
Explaining Causes of White-Collar Crime 216
Policy Implications: Deterrence and White-Collar Crime 219
The Need for Research 222
Researching Rates and Patterns of White-Collar Crime 223
Researching Causes of White-Collar Crime 224

CHAPTER 10

**Some Final Thoughts
on Social Policy 226****Endnotes 234****Bibliography 239****Index 265**
