

# CONTENTS

Preface <i>Robbert Kraan</i>	ix
Introduction <i>Adalbert Evers</i>	1

## Part I

### **The National Context of Social Innovation — Policy Framework and Major Reforms in Care for the Elderly**

I. 1 The Netherlands <i>Catherine Tunissen / Mat Knapen</i>	7
I. 2 Sweden <i>Lennarth Johansson / Mats Thorlund</i>	28
I. 3 England and Wales <i>John Baldock</i>	45
I. 4 Comparing Entitlements in Care for the Elderly — Three Examples <i>All authors</i>	70
I. 5 Concluding Remarks on the Significance of the Existing Policy Frameworks and the Planned Reforms — Similarities and Differences in Problems, Perceptions and Concepts <i>Adalbert Evers</i>	73

## Part II

### Local Innovations Strengthening Home-based Care — An Overview of Major Developments and Significant Examples

II. 1	On Social Innovation — A Short Introduction <i>John Baldock / Adalbert Evers</i>	87
II. 2	The Netherlands <i>Catherine Tunissen / Mat Knapen</i>	93
II. 3	Sweden <i>Lennarth Johansson / Mats Thorslund</i>	121
II. 4	England and Wales <i>John Baldock</i>	141
II. 5	Concluding Remarks on the Significance of the Innovations Reviewed — Their Implications for Social Change <i>John Baldock / Adalbert Evers</i>	186
II. 6	An <i>Excursus</i> — Problems and Methods in Evaluating Strategic Innovations and Reform in Community Care for the Elderly <i>Bleddyn Davies</i>	203

## Part III

### Appendix : Figures, Facts and Definitions

*All authors*

III. 1	Needs, Demand and Services A Comparative Review of Data from the Three Countries	227
III. 2	Addresses of Organizations	238
III. 3	International Differences in Terminology	244

### List of Tables

Introduction.3.1	Patterns of Change in Welfare	3
I.3.1	Use of Home Care Services in Great Britain	52
I.3.2	Number of Elderly	61
II.3.1	Some Relevant Figures	119
II.4.1	The St Pancras Experiment, 1961-3	168

II.4.2	The Thanet and Gateshead Community Care Experiments: Location of Matched Pairs	170
II.4.3	The Ipswich and Newham Home Support Projects: Selected Characteristics of the Samples	172
II.4.4	Outcomes	173
II.4.5	Factors Increasing Burden of Care in Subjects Still at Home	173
II.4.6	Public Expenditure Costs of Enhanced Home Care	173
II.4.7	The Darlington Community Care Project: Destinal Outcomes	175
II.4.8	Revenue Costs (1986-7 prices)	176
II.4.9	The "In Safe Hands" Scheme: Living Situation of Users, 1987	178
II.4.10	Combinations of Care Provided by Helpers in 1987	179
II.4.11	Reasons for Use by Type of Care Arrangement	179
II.6.1	Dimensions of Outcomes and Scales Used in PSSRU Evaluations: A New Table	213
II.6.2	Estimated Costs to the Social Service Department of Target Outputs in Thanet	215
II.6.3	Constituency Accounts	219
III.1.1	How Many Are There and Will There Be?	227
III.1.2	Total Dependency Ratios, 1980-2050	232
III.1.3	Distribution of Public Expenditure on Care for the Elderly	234
III.1.4	Use of Service by Those 65+	235
III.1.5	Where Are the Elderly Living?	236

### List of Figures

I.1.1	Model of Substitution in Professional Care	19
I.2.1	The Social Sector — Extrapolation of Current Trends	43
II.2.1	Responsibilities concerning Conventional and Experimental Services in Domiciliary Care	94
II.3.1	The Number of Patients per Bed and Year in Geriatric Departments	132
II.3.2	Beds in Service Houses, Old-Age Homes, Nursing Homes and Geriatric Departments in Sundsvall, 1979-1989	136
II.6.1	Distribution of Non-Spouse Principal Carers of Community Social Services by Malaise Score	208
II.6.2	The Cost-Effective Choice of Care Mode	209

II.6.3	Costs of Community-Based and Residential Care Compared: Users with Critical Interval Need	211
III.1.1	Increase in Numbers 65+	229
III.1.2	Increase in Numbers 80+	229
III.1.3	Increase in Numbers 85+	230
III.1.4	Netherlands: Comparison of Rates of Growth of “Carer Age Cohort” with “Need Cohort”	231
III.1.5	Sweden: Comparison of Rates of Growth of “Carer Cohort” and “Needs Cohort”	231
III.1.6	Percentage Changes in Total Dependency Ratios	232
III.1.7	Aged Dependency Ratios: Population 65+/15-64	233

# **Care for the Elderly — Significant Innovations in Three European Countries**

## **Introduction**

1. Social Innovation
2. The Place of Local Innovations in the Broader National Frameworks
3. Basic Points of Reference for the Presentation and Discussion of Social Innovations and National Contexts
4. Significant Information and Results Generated by the Research

## **Part I**

### **The Netherlands**

1. Elderly People in the Netherlands
2. Availability of Care Facilities
3. Needs Assessment and Means Testing
4. The Capacity and Development of Care Facilities
5. Insurance and Health Care
6. Characteristics of the Dutch Health Care System
7. Policy Developments
8. Substitution
9. Market Principles in Health Care
10. Latest Policy Developments

### **Sweden**

1. Social Welfare for the Elderly in Sweden
2. Health Care and Social Service — Some Facts
3. Institutional Long-term Care
4. Home Nursing
5. Social Services for the Elderly
6. Housing in the Municipalities
7. Informal Care
8. How Does the Home-Based Elderly Care System Work?
9. Forthcoming Changes in the Elderly Care System
10. The Public Debate

## **England and Wales**

1. Introduction
2. Pattern and Use of Home Care Services
3. Financial Help Offered by the Given System
4. Home Care Services
5. Voluntary Provision
6. Private and For-profit Home Care Services
7. Problems of Service Delivery
8. Conclusion
9. Debate and Reform: Recent Policy Developments
10. Why Has the Debate About the Elderly Peaked?
11. Fiscal Crisis and Demographic Panic
12. Other Factors of Influence
13. The Pattern of the Policy Debate
14. The Construction of a New Policy Consensus
15. Conclusion: General Trends in the Policy Debate

## **Comparing Entitlements in Care for the Elderly — Three Examples**

### **Concluding Remarks**

1. The Situation at Present
2. Similarities and Differences with Respect to Future-Oriented Challenges and Reform Plans

## **Part II**

### **On Social Innovation — A Short Introduction**

1. Social Change and Innovation
2. “Top-Down” and “Bottom-Up” Innovations
3. The Diffusion of Social Innovations
4. The Innovations Gathered and Our Way of Presentation and Selection

### **Strengthening Home-Based Care — The Netherlands**

1. Major Strands of Innovations
  - 1.1 Home-Based Care Schemes
  - 1.2 New Ways of Making Use of Existing Resources
  - 1.3 Services Which Fill the Gap between Home Care and Institutional Care
  - 1.4 Innovations which Use and Support Informal Resources
  - 1.5 Technological Innovations
  - 1.6 Conclusions

- 
2. Some Detailed Case Studies
    - 2.1 Projectplan Zorghuis W. Drees, The Hague
    - 2.2 Integration of Care Service in Venlo
    - 2.3 Intensive Home Nursing
    - 2.4 Voorbij de laatste stad — Community Care for Terminal Patients in Three Rotterdam Neighbourhoods
    - 2.5 STAT: Stichting Aanvullende Thuiszorg — Foundation for Supplementary Home Care

### **Local Innovations Strengthening Home-Based Care — Sweden**

1. Major Strands of Innovation.
  - 1.1 Home-Based Care Schemes
  - 1.2 New Ways of Making Use of Existing Resources
  - 1.3 Services Which Fill the Gap Between Home Care and Institutional Care
  - 1.4 Innovations Which Use and Support Informal Resources
  - 1.5 Technological Innovations
2. Some Detailed Case Studies.
  - 2.1 Innovations in Long-Term Care — The Hudiksvall Project.
  - 2.2 The Sundsvall Project — A Programme for Improved Utilization of Institutional Beds
  - 2.3 Group Dwellings — An Innovations Project in the Care of the Senile in Malmö
  - 2.4 Day Care Centres for the Senile Elderly in Jonköping

### **Strengthening Home-Based Care — England and Wales**

1. Major Strands of Innovations
  - 1.1 The Patterns and Culture of Innovation
  - 1.2 Home-Based Care Schemes
  - 1.3 New Ways of Making Use of Existing Resources
  - 1.4 Services Which Fill the Gap between Home Care and Institutional Care
  - 1.5 Innovations Which Use and Support Informal Resources
  - 1.6 Technological Innovations
2. Some Detailed Case Studies
  - 2.1 The St. Pancras Experiment 1961-63
  - 2.2 The Thanet and Gateshead Community Care Experiments 1977-1986
  - 2.3 The Ipswich and Newham Home Support Projects 1984-86
  - 2.4 The Darlington Community Care Project 1985-88
  - 2.5 Breaks for Carers — A Study by the National Institute for Social Work Research Unit, 1988-91
  - 2.6 The “In Safe Hands” Scheme 1981-87
  - 2.7 Family Placement Schemes for the Elderly

## **Concluding Remarks on the Significance of the Innovations Reviewed — Their Implications for Social Change**

1. Innovations in Home Care — A Challenge for Health and Welfare Policies in General
2. Innovations in Home Care — Issues of Special Concern on the Local Levels of Operation, Planning and Management

## **An Excursus — Problems and Methods in Evaluating Strategic Innovations and Reform in Community Care for the Elderly**

1. Introduction
2. The Production of Welfare Approach (POW)
3. The Effects of Inputs on Outcomes
4. Principles and Practices of Process Analysis in POW Evaluation
5. Conclusions

## **Part III**

### **Needs, Demands and Services. A Comparative Review of Data from the Three Countries**

1. The Growth in the Numbers of the Elderly
2. The Dependency Ratio and the Availability of Carer
3. Levels of Service Provision

### **Addresses of Organizations**

### **International Differences in Technology**

1. Home Help
2. Community Nursing Services
3. Nursing Homes
4. Residential Homes and Sheltered Housing

### **List of Tables**

### **List of Figures**
