Preface **xi**

PART ONE

Basic Properties of Stock Options **1**

CHAPTER 1

Definitions **3**

Elementary Definitions 4, Factors Influencing the Price of an Option 9, Exercise and Assignment: The Mechanics 15, The Option Markets 21, Details of Option Trading 22, Order Entry 25, Profits and Profit Graphs 27

PART TWO

Call Option Strategies **29**

CHAPTER 2

Covered Call Writing **31**

The Importance of Covered Call Writing 31, Covered Writing Philosophy 34, The Total Return Concept of Covered Writing 37, Computing Return on Investment 39, Execution of the Covered Write Order 48, Selecting a Covered Writing Position 50, Writing Against Stock Already Owned 54, Diversifying Return and Protection in a Covered Write 57, Follow-Up Action 61, Special Writing Situations 78, Covered Call Writing Summary 83

CHAPTER 3***Call Buying*****85**

Why Buy? 85, Risk/Reward for the Call Buyer 87, Advanced Selection Criteria 91, Follow-Up Action 94, A Further Comment on Spreads 104

CHAPTER 4***Other Call Buying Strategies*****105**

The Protected Short Sale (or Synthetic Put) 105, The Reverse Hedge (Simulated Straddle) 109, Altering the Ratio of Long Calls to Short Stock 114, Summary 118

CHAPTER 5***Naked Call Writing*****119**

The Uncovered (Naked) Call Option 119, Investment Required 121, Risk and Reward 123, Summary 128

CHAPTER 6***Ratio Call Writing*****129**

The Ratio Write 129, Investment Required 133, Selection Criteria 134, The Variable Ratio Write 138, Follow-Up Action 140, Summary 150, An Introduction to Call Spread Strategies 151

CHAPTER 7***Bull Spreads*****154**

Degrees of Aggressiveness 157, Ranking Bull Spreads 158, Follow-Up Action 160, Other Uses of Bull Spreads 162, Summary 166

CHAPTER 8***Bear Spreads Using Call Options*****167**

The Bear Spread 167, Selecting a Bear Spread 170, Follow-Up Action 171, Summary 171

CHAPTER 9***Calendar Spreads*****172**

The Neutral Calendar Spread 173, Follow-Up Action 175, The Bullish Calendar Spread 177, Follow-Up Action 178, Using All Three Expiration Series 179, Summary 180

CHAPTER 10***The Butterfly Spread*****181**

Selecting the Spread 184, Follow-Up Action 187, Summary 190

CHAPTER 11***Ratio Call Spreads*****191**

Differing Philosophies 194, Follow-Up Action 198, Summary 202

CHAPTER 12***Combining Calendar and Ratio Spreads*****203**

Ratio Calendar Spread 203, Choosing the Spread 206, Follow-Up Action 207, Delta Neutral Calendar Spreads 208, Follow-Up Action 210

CHAPTER 13***Reverse Spreads*****211**

Reverse Calendar Spread 211, Reverse Ratio Spread (Backspread) 212

CHAPTER 14***Diagonalizing a Spread*****217**

The Diagonal Bull Spread 218, Owning a Call for “Free” 220, Diagonal Backspreads 221, Call Option Summary 222

PART THREE**Put Option Strategies****225****CHAPTER 15*****Put Option Basics*****227**

Put Strategies 228, Pricing Put Options 230, The Effect of Dividends on Put Option Premiums 231, Exercise and Assignment 232, Conversion 235

CHAPTER 16***Put Option Buying*****238**

Put Buying vs. Short Sale 238, Selecting Which Put to Buy 240, Ranking Prospective Put Purchases 243, Follow-Up Action 244, Loss-Limiting Actions 249, Equivalent Positions 252

CHAPTER 17***Put Buying in Conjunction with Common Stock Ownership*****253**

Which Put to Buy 255, Tax Considerations 257, Put Buying as Protection for the Covered Call Writer 258

CHAPTER 18***Buying Puts in Conjunction with Call Purchases*** 261

Straddle Buying 262, Selecting a Straddle Buy 265, Follow-Up Action 266, Buying a Combination 269

CHAPTER 19***The Sale of a Put*** 273

The Uncovered Put Sale 273, Follow-Up Action 276, Evaluating a Naked Put Write 277, Buying Stock Below Its Market Price 280, The Covered Put Sale 281, Ratio Put Writing 281

CHAPTER 20***The Sale of a Straddle*** 282

The Covered Straddle Write 282, The Uncovered Straddle Write 285, Selecting a Straddle Write 287, Follow-Up Action 288, Equivalent Stock Position Follow-Up 292, Starting Out with the Protection in Place 293, Combination Writing 295, Further Comments on Uncovered Straddle and Combination Writing 298

CHAPTER 21***Synthetic Stock Positions Created by Puts and Calls*** 301

Synthetic Long Stock 301, Synthetic Short Stock 303, Splitting the Strikes 304, Summary 307

CHAPTER 22***Basic Put Spreads*** 309

Bear Spread 309, Bull Spread 312, Calendar Spreads 313

CHAPTER 23***Spreads Combining Calls and Puts*** 316

The Butterfly Spread 316, Three Useful, But Complex Strategies 319, Selecting the Spreads 327, Summary 330

CHAPTER 24***Ratio Spreads Using Puts*** 332

The Ratio Put Spread 332, Using Deltas 335, The Ratio Put Calendar Spread 335, A Logical Extension (The Ratio Calendar Combination) 338, Put Option Summary 340

CHAPTER 25***LEAPS*****341**

The Basics 342, Pricing LEAPS 344, Comparing LEAPS and Short-Term Options 348, LEAPS Strategies 350, Speculative Option Buying with LEAPS 357, Selling LEAPS 365, Spreads Using LEAPS 377, Summary 382

CHAPTER 26***PERCS*****384**

Call Feature 385, A PERCS Is a Covered Call Write 387, Price Behavior 389, PERCS Strategies 391, Summary 402

PART FOUR**Additional Considerations****405****CHAPTER 27*****Buying Options and Treasury Bills*****407**

How the Treasury Bill/Option Strategy Operates 408, Summary 415

CHAPTER 28***The Best Strategy?*****416**

General Concepts—Market Attitude and Equivalent Positions 416, What Is Best for Me Might Not Be Best For You 418, Mathematical Ranking 420, Summary 421

CHAPTER 29***Arbitrage*****422**

Basic Put and Call Arbitrage (“Discounting”) 423, Dividend Arbitrage 425, Conversions and Reversals 428, More on Carrying Costs 431, Back to Conversions and Reversals 432, Risks in Reversals and Conversions 434, Summary of Conversion Arbitrage 438, The “Interest Play” 439, The Box Spread 440, Variations on Equivalence Arbitrage 444, The Effects of Arbitrage 445, Risk Arbitrage Using Options 446, Pairs Trading 455, Facilitation (Block Positioning) 456

CHAPTER 30***Mathematical Applications*****457**

The Black-Scholes Model 457, Expected Return 467, Applying the Calculations to Strategy Decisions 474, Facilitation or Institutional Block Positioning 483, Aiding in Follow-Up Action 487, Implementation 490, Summary 490

PART FIVE	
Index Options and Futures	491
CHAPTER 31	
<i>Introduction to Index Option Products and Futures</i>	493
Indices 494, Cash-Based Options 501, Futures 509, Options on Index Futures 515, Standard Options Strategies Using Index Options 519, Put-Call Ratio 523, Summary 532	
CHAPTER 32	
<i>Stock Index Hedging Strategies</i>	533
Market Baskets 533, Program Trading 539, Index Arbitrage 549, Follow-Up Strategies 559, Market Basket Risk 562, Impact on the Stock Market 564, Simulating an Index 568, Trading the Tracking Error 577, Summary 580	
CHAPTER 33	
<i>Index Spreading</i>	581
Inter-Index Spreading 581, Summary 604	
CHAPTER 34	
<i>CAPS</i>	606
Call CAPS 606, Put CAPS 609, Selling CAPS 612, CAPS Strategies 613, Pricing CAPS 633, Summary 643	
CHAPTER 35	
<i>Mathematical Considerations for Index Products</i>	644
Arbitrage 644, Mathematical Applications 647	
CHAPTER 36	
<i>Futures and Futures Options</i>	654
Futures Contracts 655, Options on Futures 662, Futures Option Trading Strategies 679, Commonplace Mispricing Strategies 689, Summary 701	
CHAPTER 37	
<i>Futures Options Strategies for Futures Spreads</i>	702
Futures Spreads 702, Using Futures Options in Futures Spreads 710, Summary 725	

CHAPTER 38***Advanced Concepts***

727

Using Implied Volatility 727, Neutrality 741, The “Greeks” 742, Position Delta 747, Strategy Considerations—Using the “Greeks” 761, Advanced Mathematical Concepts 797, Summary 803

CHAPTER 39***Taxes***

804

History 805, Basic Tax Treatment 806, Exercise and Assignment 810, Special Tax Problems 818, Summary 821, Tax-Planning Strategies for Equity Options 822, Summary 826

Postscript

828

PART SIX**Appendices**

831

Appendix A***Strategy Summary***

833

Appendix B***Equivalent Positions***

835

Appendix C***Formulae***

837

Appendix D***Graphs***

847

Appendix E***Qualified Covered Calls***

850
