

Contents

Introduction	1
Use of the Tables	13
Analgesics	17
Narcotics and Narcotic Antagonists.....	18
Non-Narcotics	19
Antihypertensive and Cardiovascular Agents	21
Antihypertensive Drugs	24
Adrenergic and Serotonergic Modulators.....	24
Angiotensin-II-Receptor Antagonists	25
Angiotensin-Converting-Enzyme Inhibitors.....	26
Beta-Blockers.....	27
Vasodilators	30
Cardiovascular Agents	31
Antiarrhythmic Agents.....	31
Calcium-Channel Blockers	33
Cardiac Glycosides	34
Diuretics	35
Miscellaneous Cardiac Drugs	37
Nitrates	37

Antimicrobial Agents	39
Antibacterial Antibiotics	42
Aminoglycoside Antibiotics.....	42
Cephalosporin Antibiotics.....	43
Miscellaneous Antibacterial Antibiotics	47
Penicillins	51
Quinolone Antibiotics	52
Tetracycline Antibiotics	54
Antifungal Antibiotics	54
Antimycobacterial Antibiotics	56
Antiparasitic Antibiotics.....	57
Antituberculous Antibiotics	58
Antiviral Agents	58

Miscellaneous Agents 63

Anticoagulants.....	65
Anticonvulsants	67
Antihistamines.....	69
H ₁ Antagonists	69
H ₂ Antagonists	71
Antineoplastic Agents	72
Antiparkinson Agents.....	76
Antithyroid Drugs	77
Arthritis and Gout Agents	77
Arthritis and Gout Agents: Nonsteroidal Anti-inflammatory Drugs	78
Bronchodilators	80
Bronchodilators: Leukotriene Inhibitors.....	81
Corticosteroids	81
Hypoglycemic Agents (Oral)	83
Hypoglycemic Agents (Parenteral).....	84
Hypolipidemic Agents.....	85
Miscellaneous Drugs (Various).....	86
Neuromuscular Agents	87
Proton-Pump Inhibitors.....	90

**Sedatives, Hypnotics, and Other Drugs Used in
Psychiatry..... 91**

Antidepressants	92
Barbiturates	92

Benzodiazepines.....	93
Benzodiazepines: Benzodiazepine Antagonist	95
Miscellaneous Sedative Agents.....	95
Phenothiazines.....	96
Selective Serotonin-Reuptake Inhibitors (SSRIs)	96
Tricyclic Antidepressants	97

Bibliography..... 99

Analgesics	99
Narcotics and Narcotic Antagonists	99
Non-Narcotics.....	101
Antihypertensive and Cardiovascular Agents.....	102
Antihypertensive Drugs.....	102
Adrenergic and Serotonergic Modulators	102
Angiotensin-II–Receptor Antagonists	103
Angiotensin-Converting–Enzyme Inhibitors	104
Beta-Blockers	105
Vasodilators	107
Cardiovascular Agents.....	108
Antiarrhythmic Agents	108
Calcium-Channel Blockers.....	110
Cardiac Glycosides	112
Diuretics.....	112
Miscellaneous Cardiac Drugs.....	114
Nitrates.....	114
Antimicrobial Agents	115
Antibacterial Antibiotics.....	115
Aminoglycoside Antibiotics	115
Cephalosporin Antibiotics	116
Miscellaneous Antibacterial Antibiotics.....	120
Penicillins	127
Quinolone Antibiotics.....	129
Tetracycline Antibiotics.....	132
Antifungal Antibiotics	132
Antimycobacterial Antibiotics.....	133
Antiparasitic Antibiotics.....	134
Antituberculous Antibiotics.....	135
Antiviral Agents	135
Miscellaneous Agents	139
Anticoagulants.....	139
Anticonvulsants	141

Antihistamines.....	142
H ₁ Antagonists.....	142
H ₂ Antagonists.....	143
Antineoplastic Agents.....	144
Antiparkinson Agents.....	149
Antithyroid Drugs.....	149
Arthritis and Gout Agents.....	149
Arthritis and Gout Agents: Nonsteroidal.....	150
Anti-inflammatory Drugs	
Bronchodilators.....	152
Bronchodilators: Leukotriene Inhibitors.....	152
Corticosteroids.....	153
Hypoglycemic Agents (Oral).....	154
Hypoglycemic Agents (Parenteral).....	155
Hypolipidemic Agents.....	155
Miscellaneous Drugs (Various).....	156
Neuromuscular Agents.....	157
Proton-Pump Inhibitors.....	159
Sedatives, Hypnotics, and Other Drugs Used in Psychiatry.....	160
Antidepressants.....	160
Barbiturates.....	161
Benzodiazepines.....	161
Benzodiazepines: Benzodiazepine Antagonist.....	165
Miscellaneous Sedative Agents.....	166
Phenothiazines.....	167
Selective Serotonin-Reuptake Inhibitors (SSRIs).....	167
Tricyclic Antidepressants.....	167
