# List of Figures

Figure 1.1 Degrees of Resource-Sharing	11
Figure 1.2 Staying Home Rates by <i>Comunidades Autónomas</i> (age group 25 to 29 years), 1991	23
Figure 2.1 Spanish Staying Home Rates by Gender and Activity Status, 1991 (in % of 25-29-year-olds)	36
Figure 2.2 State-Family Dependence Models	40
Figure 3.1 Macro Model	61
Figure 3.2 Logistic Regression Models for France and Spain	76
Figure 3.3 Possible Forms of Young People's Choices	79
Figure 3.4 Research Strategy and Hypotheses	84
Figure 4.1 Survival Rate in Parental Home in France and Spain, 1978-1992 (% of people staying home every year out of total of people aged 20-29 in 1991-92)	88
Figure 4.2 Hazard Rate of Leaving Home in France and Spain, 1978-1992 (those leaving every year divided by those at risk of leaving every year)	89
Figure 4.3 Age at First Time of Leaving, Young People Aged 20-29 in Spain 1991/France 1992 (% of first-time leavers out of total of those living independently in 1991/92)	90
Figure 4.4 First Dwellings of Leavers (% of total independent youth), France 1992/Spain 1991	91
Figure 4.5 Types of Living Arrangements of Independent Youth, Spain 1991/France 1992 (% of independent youth aged 20-29)	96
Figure 4.6 Socially Independent Women (aged 20-29) by Activity, France 1992/Spain 1991	100
Figure 4.7 Male Integration into Adulthood, Spain 1991/ France 1992 (transversal in % of age group)	102
Figure 4.8 Female Integration into Adulthood, Spain 1991/ France 1992 (transversal in % of age group)	103
Figure 4.9 Unemployment of Young People (aged 15-24), in France/Spain 1985-1992 (in thousands)	105
Figure 4.10 Activity Structure of Youth (aged 20-29) by Gender, Spain 1991/France 1992	107
Figure 4.11 Completed Educational Level (aged 20-24 and 25-29), Spain 1991/France 1992	109

Figure 4.12 Social Origin of Youth (aged 20-29), Spain 1991/ France 1992	112
Figure 4.13 Number of Siblings of Youth (aged 20-29), Spain 1991/France 1992	113
Figure 4.14 Dwelling Tenure of Independent Youth (aged 20-29), Spain 1991/France 1992	117
Figure 5.1 Estimated Probabilities of Being Socially Independent and Independence Rates (Youth Enrolled in Education, Spain 1991/France 1992)	124
Figure 5.2 Estimated Probabilities of Being Socially Independent and Independence Rates (Youth in the Labour Market, Spain 1991/France 1992)	126
Figure 5.3 Net Effects of Activity Situation on the Likelihood of Social Independence (All Young People, France 1992/Spain 1991)	129
Figure 5.4 Net Effects of Social Origin on the Likelihood of Social Independence (Students, France 1992/Spain 1991)	131
Figure 5.5 Net Effects of Activity Situation on the Likelihood of Social Independence (Non-Students, France 1992/Spain 1991)	135
Figure 5.6 Net Effects of Education on the Likelihood of Social Independence (Non-Students, France 1992/Spain 1991)	136
Figure 5.7 Net Coefficients of Social Origin on the Likelihood of Social Independence (Non-Students, France 1992/Spain 1991)	140
Figure 5.8 Net Coefficients of Siblings on the Likelihood of Social Independence (Non-Students, Spain 1991)	141
Figure 5.9 Net Coefficients of Age on the Likelihood of Social Independence (Non-Students, France 1992/Spain 1991)	142
Figure 5.10 Diversification of Income Sources, Youth (aged 20-29), France 1992	151
Figure 6.1 Students' Staying Home Rates in France by Region, 1992	163
Figure 6.2 Non-Students' Staying Home Rates in Spain, 1991	165
Figure 6.3 Non-Students' Staying Home Rates in France, 1992	167
Figure 6.4 Average Household Expenditure Per Consumption Unit (household head aged 0-29) and GDP Per Capita (national averages=100), Spain 1991	180
Figure 6.5 Part of Expenditure on Leisure/Housing of Average Household Expenditure Per Consumption Unit (house- hold head aged 0-29, national averages=100), Spain 1991	182
Figure 6.6 Non-Practising Catholics (aged 15-29), Consensual Unions (all ages), and Rented Dwellings (all ages) (national averages=100), Spain 1991/92	186

Figure 8.1 Special Employment Contracts for Young People Aged 16 to 25, France 1986-1992 (average annual stock)	236
Figure 8.2 Employment Contracts for Young People (aged 16 to 29), Spain 1985-1991 (annual registered contracts)	238
Figure 8.3 Stock of Youth-Specific Contracts (aged 16-29) and Unemployed (aged 16-24), Spain 1986-1989	239
Figure 9.1 Housing Policy Favouring Very Young People Leaving Home	261
Figure 10.1 Configurations Favouring and Hindering Early Nest-Leaving, 1985-1992	290

# List of Tables

Table 1.1 Types of Households of Young People	8
Table 1.2 Frequency of Household Types of Youth in Spain and France, 1992	10
Table 1.3 Young People by Type of Household in % of Age Group, Spain 1960-1993	14
Table 1.4 Living Arrangements at Age 19/20 (in % of respective age), Catalonia 1977-87	15
Table 1.5 Living Arrangements at Age 20/24 (in % of respective age), France 1982, 1990	17
Table 1.6 Youth (16-24 years) Living with Parents, EU 1982, 1987, 1990	19
Table 1.7 Youth (20-24 years) Living with Parents in EU, 1990 and 1995	21
Table 1.8 Youth Aged 25-29 Living with Parents by Gender, EU Countries, 1986/1994	22
Table 2.1 Love and Respect Parents and Parents' Duties Related to Children, 1990-1993	46
Table 2.2 Ranking of Religiosity and Family Duties, 1990-93	48
Table 4.1 Average Income, Diversification, Activity, Age, and Gender of Independent Youth in France According to Resource Sharing Degree, 1992	94
Table 4.2 Mean Age at First Marriage in Some European Countries, 1988	98
Table 5.1 Micro-level Variables and Hypotheses	121
Table 6.1 Ranking of Export Rates of <i>Bacheliers</i> (1990) and Estimated Coefficients, 1992	169
Table 6.2 Bivariate Correlations of Regional Rates	188
Table 6.3 Indicator of Context Favouring Independence and Regional Differences	192
Table 7.1 Public and Private Education by Level in France and Spain, 1991/1994	200
Table 7.2 Residence Halls in Spain 1991/France 1988	213
Table 7.3 Amounts and Distribution of Grants in France, 1993-94	216
Table 7.4 Amount and Distribution of Means-tested Grants, Spain 1989/91	217

Table 7.5 Grants and Coverage Rates of Grants in Spain, 1988/89-1990/91	219
Table 7.6 Number of Grants and Coverage Rates of Grants in France, 1987/88-1993/94	220
Table 8.1 Contract Duration and Monthly Earnings of People Aged 16 to 25 by Type of Youth-Specific Contract, France 1986-1992	227
Table 8.2 Contract Duration and Earnings of Contracts for Youth, Spain 1985-1991	229
Table 8.3 Vocational Training Courses with Grants for Unemployed/Rural Youth, Spain 1991	231
Table 8.4 Monthly Earnings as Reported in Spanish and French Youth Surveys, 1992	245
Table 8.5 Duration and Amount of Allowances by Type of Unemployment Benefit for Beneficiaries under Age 50, France 1992	249
Table 8.6 Duration and Amount of Allowances by Type of Unemployment Benefit for Beneficiaries under Age 45, Spain 1991	252
Table 9.1 Entitlement to Housing Allowances by Year of Institution and Type of Allowance for Young People Living in an Independent Dwelling, 1986-1993	269
Table 9.2 Types of Housing Policy Measures in Spain 1985-1991	272
Table 9.3 Parents' Rights to Child Benefits in France and Spain, 1991	280
Table 9.4 Range of Social Rights of Young Single People without Children, Aged 20-29, in France and Spain 1991	282
Table 9.5 Comparative Generosity (benefit amounts in monthly PPS), 1991/92	284
Table 9.6 Indicators of Coverage in France and Spain, 1991/92	284

## Appendix Tables

Table A Comparison of Author's Elaboration of ESD and Results of Spanish Labour Force Survey, 1991	307
Table 1 Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 and in Spain in 1991. Young People Aged 20-29 in 1991/92 Who in 1985/86 Were Living at Home and in 1991/92 Were in Education (WOMEN)	308

Table 2	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 and in Spain in 1991. Young People Aged 20-29 in 1991/92 Who in 1985/1986 Were Living in the Parental Home and in 1991/92 Were in Education (MEN)	310
Table 3	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 and in Spain in 1991. Young People Aged 20-29 in 1991/92 Who in 1985/1986 Were Living in the Parental Home and in 1991/92 Were on the Labour Market (WOMEN)	312
Table 4	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 and in Spain in 1991. Young People Aged 20-29 in 1991/92 Who in 1985/1986 Were Living in the Parental Home and in 1991/92 Were on the Labour Market (MEN)	314
Table 5	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were on the Labour Market (MEN)	316
Table 6	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were on the Labour Market (WOMEN)	318
Table 7	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were in Education (WOMEN)	320
Table 8	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were in Education (MEN)	322
Table 9	Coefficient Estimates and Standard Errors of Logistic Regression of Living in a Rented Dwelling in France in 1992 and in Spain in 1991. Young People Aged 20-29 in 1992 Who in 1985/1986 Were Living in the Parental Home and in 1991/92 Were Living Independently	324
Table 10	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992	

	(Regional Analysis). Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were on the Labour Market (MEN)	326
Table 11	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in France in 1992 (Regional Analysis). Young People Aged 20-29 in 1992 Who in 1986 Were Living in the Parental Home and in 1992 Were on the Labour Market (WOMEN)	328
Table 12	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in Spain in 1991 (Regional Analysis). Young People Aged 20-29 in 1991 Who in 1985 Were Living in the Parental Home and in 1991 Were on the Labour Market (MEN)	330
Table 13	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in Spain in 1991 (Regional Analysis). Young People Aged 20-29 in 1991 Who in 1985 Were Living in the Parental Home and in 1992 Were on the Labour Market (WOMEN)	332
Table 14	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in Spain in 1991 (Regional Analysis with Dummies). Young People Aged 20-29 in 1991 Who in 1985 Were Living in the Parental Home and in 1991 Were on the Labour Market (MEN)	334
Table 15	Coefficient Estimates and Standard Errors of Logistic Regression of Living Independently in Spain in 1991 (Regional Analysis with Dummies). Young People Aged 20-29 in 1991 Who in 1985 Were Living in the Parental Home and in 1992 Were on the Labour Market (WOMEN)	336
