Part I. The Future of Collective Bargaining in Europe	1
<i>Lars Calmfors, Alison Booth, Michael Burda, Daniele Checchi, Robin Naylor, and Jelle Visser</i>	
1. Introduction	3
2. Union Membership	11
2.1. <i>Membership trends in the twentieth century: increased cross-national variation</i>	12
2.2. <i>Union membership decline</i>	14
2.3. <i>Why join a trade union?</i>	17
2.4. <i>Cyclical explanations of union membership developments</i>	19
2.5. <i>Structural explanations</i>	24
2.6. <i>Institutional explanations</i>	32
2.7. <i>Centralization and unionization</i>	34
2.8. <i>Some additional empirical evidence on union membership</i>	36
2.9. <i>New organizing strategies</i>	42
2.10. <i>Conclusions</i>	45
3. Wage Bargaining, Union Power, and Economic Integration	47
3.1. <i>Review of literature on union wage effects: theory and evidence</i>	47
3.2. <i>The impact of trade, integration, and FDI in Europe on union bargaining power</i>	56
3.3. <i>Conclusions</i>	59
4. Wider Dimensions of Unions' Presence	61
4.1. <i>What else do European unions do?</i>	61
4.2. <i>How do they do it?</i>	70
4.3. <i>The future of union presence</i>	83
4.4. <i>Conclusions</i>	85
5. Bargaining Structure and Macroeconomic Performance	86
5.1. <i>The conventional wisdom</i>	86
5.2. <i>The interaction between bargaining structure and economic policy</i>	98
5.3. <i>Bargaining structure and macroeconomic shocks</i>	104

5.4. <i>Bargaining structure and the EMU</i>	109
5.5. <i>Conclusions</i>	112
6. The Future Prospects for Trade Unions in Europe	115
6.1. <i>Prospects for union membership</i>	115
6.2. <i>Four scenarios for collective bargaining in the future</i>	118
6.3. <i>Possible union strategies</i>	132
Comments	135
<i>Villy Bergström</i>	135
<i>Robert Flanagan</i>	138

Part II. What do Unions do to the Welfare States?	157
<i>Agar Brugiavini, Bernhard Ebbinghaus, Richard Freeman, Pietro Garibaldi, Bertil Holmund, Martin Schludi, and Thierry Verdier</i>	
1. Introduction	159
2. Unions' Involvement in the Welfare State	163
2.1. <i>Unions and the welfare state development</i>	164
2.2. <i>Unions and membership structure</i>	172
2.3. <i>Unions as a political movement</i>	175
2.4. <i>Unions and social insurance administration</i>	177
2.5. <i>Unions and occupational welfare</i>	181
2.6. <i>Institutional and political veto points</i>	183
3. Unions and Pensions: Theory, Evidence, and Implications	187
3.1. <i>What unions do to pensions: economic theory</i>	187
3.2. <i>The importance of institutional setting</i>	195
3.3. <i>What unions do in practice: empirical evidence on unions and pensions</i>	197
4. Learning from Welfare Reforms: The Case of Public Pensions	211
4.1. <i>Long-term and short-term reform pressures on pay-as-you-go systems</i>	215
4.2. <i>Tax financing or payroll contributions?</i>	217
4.3. <i>Reversing early retirement</i>	220
4.4. <i>How to calculate benefits fairly</i>	223
4.5. <i>Privatization by mandated or voluntary occupational pensions?</i>	225

4.6. <i>Towards more funded private pension systems</i>	228
4.7. <i>Unilateral or negotiated reforms?</i>	230
5. Unions and Unemployment Insurance	234
5.1. <i>Unemployment insurance and the demand for union membership</i>	234
5.2. <i>Unemployment insurance, wage bargaining, and unemployment</i>	238
5.3. <i>How do unions influence unemployment insurance policies?</i>	241
5.4. <i>Unemployment insurance reforms</i>	244
5.5. <i>How could a Ghent system help other European countries?</i>	247
6. Conclusions	248
6.1. <i>Do unions interact with the welfare state? How do they do it?</i>	248
6.2. <i>What explains union policies towards welfare outcomes?</i>	250
6.3. <i>Which institutional structure best increases union welfare-enhancing activities relative to rent-seeking activities?</i>	251
6.4. <i>Can unions contribute to a reform of welfare systems?</i>	252
Appendix. Unions and Benefits: A Simple Analytical Framework	254
A1. <i>A model of trade unions and long-term benefits</i>	254
A2. <i>Bargaining</i>	264
A3. <i>Political economy considerations within the union</i>	265
A4. <i>Endogenous membership</i>	273
A5. <i>Proofs</i>	275
Comments	278
