Preface .....	vii
<b>Chapter 1. Introduction to Linear Elliptic Problems</b> .....	1
1.1. The Lax–Milgram theorem .....	1
1.2. Elementary notions on Sobolev spaces .....	3
1.3. Applications to linear elliptic problems .....	8
<b>Chapter 2. Some Model Techniques</b> .....	17
2.1. The case of lateral Dirichlet boundary conditions on a rectangle ...	17
2.2. The case of lateral Neumann boundary conditions on a rectangle ..	21
2.3. The case of lateral Dirichlet boundary conditions revisited .....	29
2.4. A different point of view .....	33
Open problems .....	36
<b>Chapter 3. A General Asymptotic Theory for Linear Elliptic Problems</b> .....	37
3.1. A general convergence result in $H^1(\Omega_{\ell_0})$ .....	40
3.2. A sharper rate of convergence .....	45
3.3. Convergence in higher Sobolev spaces .....	52
Open problems .....	58
<b>Chapter 4. Nonlinear Elliptic Problems</b> .....	59
4.1. Variational inequalities .....	59
4.2. Quasilinear elliptic problems .....	66
4.3. Strongly nonlinear problems .....	74
Open problems .....	76
<b>Chapter 5. Asymptotic Behaviour of some Nonlinear Elliptic Problems</b> .....	77
5.1. The case of variational inequalities .....	77
5.2. The case of quasilinear problems .....	84
Open problems .....	99
<b>Chapter 6. Elliptic Systems</b> .....	101
6.1. Some inequalities .....	101
6.2. Existence results for linear elliptic systems .....	116
6.3. Nonlinear elliptic systems .....	125
Open problems .....	126

<b>Chapter 7. Asymptotic Behaviour of Elliptic Systems</b> .....	127
7.1. The case of linear elliptic systems satisfying the Legendre condition .....	127
7.2. The system of elasticity .....	131
Open problems .....	136
<b>Chapter 8. Parabolic Equations</b> .....	137
8.1. Functional spaces for parabolic problems .....	137
8.2. Linear parabolic problems .....	142
8.3. Nonlinear parabolic problems .....	146
<b>Chapter 9. Asymptotic Behaviour of Parabolic Problems</b> .....	153
9.1. The linear case .....	153
9.2. A nonlinear case .....	162
Open problems .....	175
<b>Concluding Remark</b> .....	177
<b>Bibliography</b> .....	179
<b>Index</b> .....	181
