| Section I Urinary Incontinence | |
| 1 Prevalence of Urinary Incontinence: A Review of the Literature <i>S.I. Perry.</i> | 3 |
| 2 Anatomy <i>U.M. Peschers and J.O.L. DeLancey</i> | 7 |
| 2.1 Female Pelvic Anatomy | 7 |
| 2.2 Vagina and Uterus. | 9 |
| 2.3 Pelvic Floor Muscles. | 10 |
| 2.4 Anatomic Basis of Urinary Continence | 12 |
| 2.5 Pelvic Organ Support | 13 |
| 2.6 Male Pelvic Anatomy | 14 |
| 2.7 Neurogenic Basis of Continence and Micturition. | 14 |
| 3 Aetiology and Classification of Urinary Incontinence <i>V. Khullar, K. Boos and L. Cardozo</i> | 17 |
| 3.1 International Continence Society Standards | 17 |
| 3.2 Risk Factors for Urinary Incontinence. | 17 |
| 3.3 Classification of Urinary Tract Dysfunction. | 20 |
| 3.4 Urinary Incontinence | 20 |
| 3.5 Conclusion | 21 |
| 4 Assessment and Treatment of Urinary Incontinence in Neurologically Impaired Patients <i>S. Islam and C.D. Betts</i> | 23 |
| 4.1 Prevalence. | 23 |
| 4.2 Aetiology and Pathophysiology of the Neural Control of Bladder Function | 25 |
| 4.3 Bladder Dysfunction in Multiple Sclerosis. | 26 |
| 4.4 Bladder Dysfunction in Idiopathic Parkinson's Disease. | 28 |
| 4.5 Multiple System Atrophy. | 28 |
| 4.6 Cerebrovascular Accident | 29 |
| 4.7 Urinary Retention in Premenopausal Women | 30 |
| 4.8 Evaluation of Urinary Symptoms in Patients with Neurological Disease | 30 |
| 4.9 History and Examination | 30 |
| 4.10 Treatment of Bladder Dysfunction in Neurological Disease | 33 |
| 4.11 Therapy for Detrusor Hyperreflexia | 34 |
| 4.12 Summary | 35 |

| | |
|---|----|
| 5 The Ageing Lower Urinary Tract | |
| <i>A. Wagg</i> | 39 |
| 5.1 Basic Architecture. | 39 |
| 5.2 Functional Studies. | 40 |
| 5.3 Urethral Function | 42 |
| 5.4 Nocturia | 42 |
| 5.5 Conclusion | 42 |
| 6 Patient Assessment | |
| <i>J. Laycock</i> | 45 |
| 6.1 Lower Urinary Tract Dysfunction | 45 |
| 6.2 Frequency/Volume Chart | 45 |
| 6.3 Assessment Forms. | 46 |
| 6.4 Investigations | 48 |
| 6.5 Observations. | 49 |
| 6.6 Internal Palpation Results. | 50 |
| 6.7 Muscle Bulk, Symmetry and Contractility. | 51 |
| 6.8 Quality of Life | 54 |
| 7 Investigations | |
| <i>V. Khullar , K. Boos and L. Cardozo</i> | 55 |
| 7.1 Pad Test | 55 |
| 7.2 Uroflowmetry. | 55 |
| 7.3 Cystometry | 56 |
| 7.4 Videocystourethrography | 56 |
| 7.5 Ambulatory Urodynamics. | 56 |
| 7.6 Urethral Pressure Profilometry | 57 |
| 7.7 Radiology of the Lower Urinary Tract | 57 |
| 7.8 Ultrasound | 57 |
| 7.9 Magnetic Resonance Imaging | 57 |
| 7.10 Electromyography | 57 |
| 7.11 Conclusion | 57 |
| 7.12 Urinalysis | 58 |
| <i>Ray Addison.</i> | 58 |
| Section II Treatment of Urinary Incontinence | |
| 8 Pelvic Floor Muscle Exercise in the Treatment of Urinary Incontinence | |
| <i>J. Haslam</i> | 63 |
| 8.1 Specific Pelvic Floor Muscle Re-education. | 63 |
| 8.2 Pelvic Floor Stability and Trunk Muscle Co-Activation <i>R. Jones, M. Comerford and R. Sapsford.</i> | 66 |
| 9 Improving Patient's Adherence | |
| <i>P.E. Chiarelli</i> | 73 |
| 9.1 How Can Patients Be Encouraged To Adhere To Treatment Protocols? | 73 |
| 9.2 Strategies to Increase Patient Motivation | 74 |
| 9.3 Conclusion | 74 |
| 10 Biofeedback for the Assessment and Re-education of the Pelvic Floor Musculature | |
| <i>J. Haslam</i> | 75 |
| 10.1 Digital Biofeedback | 75 |
| 10.2 Use of Biofeedback Equipment | 75 |
| 10.3 Manometric Biofeedback | 75 |

| | | |
|-----------|--|-----|
| 10.4 | Electromyography Biofeedback | 78 |
| 10.5 | Other Methods of Biofeedback | 80 |
| 10.6 | Other Uses of Biofeedback. | 80 |
| 11 | Vaginal Cones | |
| | <i>J. Laycock</i> | 83 |
| 11.1 | Function and Mode of Action of Cones. | 83 |
| 11.2 | Cone Therapy. | 83 |
| 12 | Electrical Stimulation | |
| | <i>J. Laycock and D.B. Vodusek</i> | 85 |
| 12.1 | Electrodes. | 85 |
| 12.2 | Electrical Parameters | 85 |
| 12.3 | Transcutaneous Electrical Nerve Stimulation | 88 |
| 12.4 | Prolonged Effects of Electrical Stimulation | 88 |
| 12.5 | Adverse Effects | 88 |
| 12.6 | Contraindications and Precautions. | 88 |
| 12.7 | Conclusions. | 88 |
| 13 | Prosthetic Devices, Inserts and Plugs for the Management of Stress Incontinence | |
| | <i>D. Tincello</i> | 91 |
| 13.1 | Prosthetic Devices | 91 |
| 13.2 | Intraurethral Plugs. | 91 |
| 13.3 | Intravaginal Tampons and Pessaries | 92 |
| 13.4 | Extraurethral Devices | 93 |
| 13.5 | General Considerations | 93 |
| 13.6 | Areas for Future Research | 93 |
| 14 | Surgery for Genuine Stress Incontinence | |
| | <i>V. Khullar, L. Cardozo and K. Boos</i> | 95 |
| 14.1 | Anterior Colporrhaphy | 95 |
| 14.2 | Burch Colposuspension | 95 |
| 14.3 | Slings | 95 |
| 14.4 | Bladder Neck Suspension | 96 |
| 14.5 | Injectables | 96 |
| 14.6 | Laparoscopic Colposuspension | 97 |
| 14.7 | Conclusion | 97 |
| 15 | The Importance of Fluids | |
| | <i>R. Addison</i> | 99 |
| 15.1 | The Amount to Drink | 99 |
| 15.2 | Fluid Restriction | 99 |
| 15.3 | Types of Fluid. | 99 |
| 16 | The Male Patient | |
| | <i>R. Addison</i> | 101 |
| 16.1 | Assessment of the Male Pelvic Floor | 101 |
| 16.2 | Voiding Techniques | 102 |
| 16.3 | Post-Micturition Dribble | 102 |
| 17 | Bladder Training and Behavioural Therapy | |
| | <i>J. Haslam</i> | 103 |
| 17.1 | Detrusor Instability and the Overactive Bladder | 103 |
| 17.2 | Normal Bladder Behaviour | 103 |
| 17.3 | Assessment | 103 |

| | | |
|---|--|-----|
| 17.4 | Behavioural Therapy | 104 |
| 17.5 | Bladder Training in Association with Drug Therapy | 105 |
| 17.6 | Bladder Training Versus Pelvic Floor Muscle Training | 105 |
| 17.7 | Other Therapies | 105 |
| 17.8 | Conclusions and Recommendations | 106 |
| 18 | Voiding Problems in Women | |
| | <i>J. Haslam</i> | 109 |
| 18.1 | Dangers of Incomplete Emptying. | 109 |
| 18.2 | Detrusor Hypoactivity and Inappropriate Relaxation of the Pelvic Floor Muscles and Urethral Sphincter | 109 |
| 18.3 | Neurogenic Bladder | 110 |
| 18.4 | Outflow Obstruction in Women. | 110 |
| 18.5 | Prevention of Post-Void Residual Urine | 110 |
| 18.6 | Investigations and Treatment of Post-Void Residual Urine. | 110 |
| 18.7 | Conclusions. | 111 |
| 19 | Drugs Acting On the Lower Urinary Tract | |
| | <i>D. Tincello</i> | 113 |
| 19.1 | Detrusor Instability: Anticholinergic Drugs | 113 |
| 19.2 | Detrusor Instability: Antidepressant Drugs | 113 |
| 19.3 | Genuine Stress Incontinence: Oestrogens | 114 |
| 19.4 | Genuine Stress Incontinence: Sympathomimetic Drugs | 114 |
| 19.5 | Sensory Disorders | 114 |
| 19.6 | Summary | 114 |
| Section III Colorectal Disorders | | |
| 20 | An Anatomical Overview | |
| | <i>D. Kumar</i> | 119 |
| 20.1 | Anatomy of the Anorectum | 119 |
| 20.2 | Aetiology and Pathophysiology of Anorectal Disorders | 121 |
| 20.3 | Assessment and Investigations | 122 |
| 20.4 | Conservative and Medical Management of Faecal Incontinence | 126 |
| 20.5 | Conservative and Medical Management of Constipation | 126 |
| 21 | Faecal Incontinence | |
| | <i>C. Norton</i> | 129 |
| 21.1 | Prevalence. | 129 |
| 21.2 | Assessment | 130 |
| 21.3 | Dietary Management of Faecal Incontinence and Faecal Urgency | 135 |
| 21.4 | Treatment | |
| | <i>J. Laycock</i> | 136 |
| | <i>J.D. Barlow</i> | 137 |
| 22 | Constipation | |
| | <i>P.E. Chiarelli</i> | 143 |
| 22.1 | Prevalence of Constipation and Associated Factors | 143 |
| 22.2 | Aetiology and Pathophysiology. | 143 |
| 22.3 | Assessment of the Constipated Patient | 145 |
| 22.4 | Treatment Programmes for the Patient with Constipation | 148 |
| 22.5 | Abdominal Massage | |
| | <i>J. Laycock</i> | 150 |
| 22.6 | Laxatives | |
| | <i>J. Laycock</i> | 151 |

Section IV Pelvic Pain

| | | |
|-----------|---|-----|
| 23 | Prevalence of Pelvic Pain | |
| | <i>B. Shelly, S. Knight, P. King, G. Wetzler, K. Wallace, D. Hartman and G.C. Gorniak</i> | 157 |
| 23.1 | Definition and Management | 157 |
| 23.2 | Prevalence. | 157 |
| 24 | Anatomy | |
| | <i>B. Shelly, S. Knight, P. King, G. Wetzler, K. Wallace, D. Hartman and G.C. Gorniak</i> | 161 |
| 24.1 | Sources of Pelvic Pain | 161 |
| 24.2 | Sacroiliac Joint | 161 |
| 24.3 | Pubic Symphysis | 162 |
| 24.4 | Sacrococcygeal Joint | 162 |
| 24.5 | Muscles of the Pelvis | 162 |
| 24.6 | Vestibule | 162 |
| 24.7 | Pelvic Nerves | 162 |
| 24.8 | Pain Pathways. | 162 |
| 25 | Aetiology of Pelvic Floor Muscle Pain Syndromes | |
| | <i>B. Shelly, S. Knight, P. King, G. Wetzler, K. Wallace, D. Hartman and G.C. Gorniak</i> | 167 |
| 25.1 | Pelvic Muscle Pain and Vaginismus | 167 |
| 25.2 | Musculoskeletal Factors | 167 |
| 25.3 | Psychogenic Factors | 169 |
| 25.4 | Visceral or Systemic Factors. | 169 |
| 25.5 | Iatrogenic Factors | 169 |
| 25.6 | Neurological Factors | 169 |
| 26 | Assessment of Pelvic Pain | |
| | <i>B. Shelly, S. Knight, P. King, G. Wetzler, K. Wallace, D. Hartman and G.C. Gorniak</i> | 171 |
| 26.1 | Integrated or Holistic Approach. | 171 |
| 26.2 | History – Initial Interview | 171 |
| 26.3 | Tests and Measures | 173 |
| 27 | Treatment of Pelvic Pain | |
| | <i>B. Shelly, S. Knight, P. King, G. Wetzler, K. Wallace, D. Hartman and G.C. Gorniak</i> | 177 |
| 27.1 | Posture and Body Mechanics | 177 |
| 27.2 | Relaxation and Stress Management. | 179 |
| 27.3 | Manual Therapies | 180 |
| 27.4 | Modalities for Pelvic Floor Muscle Spasms. | 182 |
| 27.5 | Vulvodynia | 185 |

Section V Pelvic Organ Prolapse

| | | |
|-----------|---|-----|
| 28 | Background | |
| | <i>C.A. Glowacki and L.L. Wall</i> | 193 |
| 28.1 | Definitions | 193 |
| 28.2 | Prevalence. | 193 |
| 28.3 | Symptomatology | 194 |
| 28.4 | Anatomy and Physiology | 194 |
| 28.5 | Aetiology and Pathophysiology | 195 |
| 29 | Evaluation of Prolapse | |
| | <i>C.A. Glowacki and L.L. Wall</i> | 197 |

| | |
|--|-----|
| 30 Treatment and Prevention of Prolapse | |
| <i>C.A. Glowacki and L.L. Wall</i> | 201 |
| 30.1 Therapeutic Options for the Patient with Prolapse | 201 |
| 30.2 Surgical Options | 204 |
| 30.3 Prevention of Prolapse | 207 |

Section VI Complementary Therapies

| | |
|--|-----|
| 31 Osteopathy | |
| <i>Y. Dereix</i> | 211 |
| 31.1 Assessment | 211 |
| 31.2 Treatments | 213 |
| 31.3 Contraindications and Precautions | 216 |
| 31.4 Conclusion | 217 |
| 32 Acupuncture | |
| <i>N. Ellis</i> | 219 |
| 32.1 Urinary Incontinence | 219 |
| 31.2 Faecal Incontinence | 221 |
| 31.3 Pelvic Pain | 221 |
| 32.4 Prolapse | 223 |
| 32.5 Conclusion | 223 |
| 33 Reflex Therapy | |
| <i>D. Isherwood</i> | 225 |
| 33.1 Assessment | 226 |
| 33.2 Treatment | 227 |
| 33.3 Changes that May Be Found During Treatment of Pelvic Conditions | 227 |
| 33.4 Conditions Illustrated by Case Studies | 229 |
| 33.5 Summary | 230 |
| 34 Homeopathy | |
| <i>J. Worden</i> | 231 |
| 34.1 What Is Homeopathy and How Does It Work? | 231 |
| 34.2 How Is a Remedy Chosen? | 231 |
| 34.3 How Can Homeopathy Help Continence? | 231 |
| 34.4 Homeopathic Remedies for the Urinary Tract | 232 |
| 34.5 Doses of Homeopathic Remedies | 233 |
| 34.6 Finding and Choosing a Homeopath | 234 |

Section VII Professional Issues

| | |
|---|-----|
| 35 Research Trials in Incontinence | |
| <i>P. Assassa and F. Mensah</i> | 237 |
| 35.1 Randomised Controlled Trials | 237 |
| 35.2 Study Population | 237 |
| 35.3 Size of Trial | 238 |
| 35.4 Randomisation and Blinding | 238 |
| 35.5 Interventions and Controls | 238 |
| 35.6 Assessment | 238 |
| 35.7 Ethical Considerations | 239 |
| 35.8 Analysis | 239 |
| 35.9 Conclusion | 239 |

| | |
|--|-----|
| 36 Audit | |
| <i>J. Clayton</i> | 241 |
| 36.1 Audit and the NHS Reforms | 241 |
| 36.2 What Is Audit? | 241 |
| 36.3 Conclusion | 242 |
| 37 Infection Control Issues | |
| <i>L. Barkess-Jones and J. Haslam</i> | 243 |
| 37.1 Background | 243 |
| 37.2 Universal Precautions | 244 |
| 37.3 Hand Hygiene | 245 |
| 37.4 Inoculation Injuries | 245 |
| 37.5 Equipment | 245 |
| 37.6 Decontamination | 245 |
| 37.7 Summary | 247 |
| Appendix 1 Bladder Record Chart | 249 |
| Appendix 2 Urinary Continence Assessment Form | 250 |
| Appendix 3 Exercise Diary | 252 |
| Appendix 4 Fluid Intake and Bladder Diary | 253 |
| Appendix 5 Useful Addresses and Websites | 255 |
| Index | 257 |
