Preface	ix
Acknowledgments	xi
1. What Needs to Be Explained and How Should We Explain It?	1
Introduction	1
Levels of Analysis and the Multidisciplinary Nature of Psychoactive Drug Studies	3
Toward an Integrated Model of Substance Use and Abuse	6
Overview	11
2. The Nature and Scope of Substance Use and Abuse	13
Introduction	13
What Is a Drug?	14
Who Uses Drugs?	15
Taxonomy of Drug Use Contexts	20
The Harm and Benefits of Drugs	23
From Use to Abuse	26
Summary	32
3. An Evolutionary Perspective	34
Introduction	34
The Nature and Role of Evolutionary Explanations	36
Has Drug Use Been Selected For?	38
Drugs and the Brain	40
Drug Use, Sexual Selection, and Life History Theory	45
From Use to Abuse	51
An Integrated Evolutionary Model of Substance Use	54
Summary	57

4. Drugs in History	59
Introduction	59
What Can History Tell	
Us About Substance Use and Abuse?	60
A Brief History of Drugs	63
Early History	64
Drugs and the Birth of the Modern World	68
A New Order: Drugs in the Twentieth Century	79
Summary	87
5. The Forces of History:	
Explaining Patterns of Use and Abuse	89
Introduction	89
The Functions of Drugs in Historical Perspective	90
Pharmacology	94
New Forms, New Modes, New Substances:	
The Impact of Technological Change on Drug Use	95
Availability	98
Economic and Political Factors	100
Legislation and Public Policy	104
Social Factors	106
A Complex Web: Multiple	
Influences on Patterns of Drug Use	113
Summary	117
6. Drugs and Culture	119
Introduction	119
Conceptual and Methodological Issues	121
Indigenous Patterns of Drug Use	126
Oceania	127
Asia	130
Africa and the Middle East	132
The Americas	136
Conclusions	140
Drugs and Multiculturalism	142
Ethnic Groups	143
Migrants and Drug Use	149
Other Cultural Groups	150
Summary	154
7. The Role of Culture: Explaining Patterns of Use	156
Introduction	156

Drugs and Culture	157
The Function of Drugs in Cultural Perspective	157
Alien Poisons Versus Culturally	
Integrated Substances	160
Production, Supply, and Availability	162
Culture and Drugs	163
Genetic Factors	164
Norms, Values, and Roles	166
Beliefs, Expectations, and Concepts	169
Socialization and Social Identity	172
Social-Structural Factors	177
Social Organization, Social Control, and Power	177
The Minority Experience: Marginalization,	
Poverty, Prejudice, and Social Change	179
Integrating Cultural Explanations	183
Summary	189
8. Conceptualizing and Treating Substance Use	
Problems: A Cultural-Historical Perspective	191
Introduction	191
The Pre- and Early History of Addiction	192
Treatment for Alcohol and	
Drug Problems in the Nineteenth Century	197
The Changing Face of Drug Addiction: 1914–1960	199
The Alcoholism Movement	202
Contemporary Developments	204
Culture and Classification	208
Implications	211
9. Prevention, Treatment, and	
Public Policy: An Integrated Perspective	216
Introduction	216
Prevention	217
Assessment	223
Treatment	225
Biological and Psychosocial	
Treatment Approaches	226
Cultural Issues	229
Natural Recovery	232
A Holistic View of Treatment	234
Legal Sanctions, Regulations, and Restrictions	238

Harm Reduction	243
Conclusion	247
References	251
Author Index	291
Subject Index	303
About the Authors	311
