

Technology and Market Structure

Theory and History

John Sutton

The MIT Press
Cambridge, Massachusetts
London, England

Contents

Acknowledgments	xi
Foreword	xiii

Part I A Bound to Concentration 1

1	Introduction	3
2	Theory I: Equilibrium Configurations	33
3	Technology and Market Structure	63
4	From Theory to Testing	93
5	Natural Experiments: The High-Alpha Industries	113
6	The Low-Alpha Industries	155
7	Scale, Learning, and the Unit Size Effect	173
8	Not by Technology Alone ...	197

Part II The Size Distribution 229

9	An Outline of the Argument	231
10	In Search of a Benchmark	241
11	Theory II: Independent Submarkets	265
12	Testing the Independent Submarkets Model	295

Part III Extensions and Limitations 315

13	Technology and Market Structure Revisited	317
14	Extensions and Limitations I: Learning Effects	341
15	Extensions and Limitations II: Networks and Standards	379

16 A Complex Case	415
17 Summing Up	473
Afterword	495
Appendices	497
References	641
Index	661
