PLENUM PRESS • NEW YORK AND LONDON

Contents

PART I: BACKGROUND

1. *An Introduction* 3

Motivation Theories 3
Drive Theories 4
Intrinsic Motivation 5
Self-Determination 5
Alternative (Nonmotivational) Approaches 7
The Organismic Approach 8
Self-Determination Theory: An Overview 9

2. *Conceptualizations of Intrinsic Motivation and Self-Determination* .. 11

Historical Background 11
Empirical Drive Theory 12
Psychodynamic Drive Theory 18
White's Proposal 19
Optimal Stimulation 20
Optimal Arousal 20
Optimal Incongruity 22
Needs and Affects 26
The Need for Competence 26
Interest-Excitement and Flow 28
The Need for Self-Determination 29
Intrinsic Motivation Conceptualized 32
Self-Determination: A Brief History 35
Self-Determination Conceptualized 38
Summary 39

PART II: SELF-DETERMINATION THEORY

3. *Cognitive Evaluation Theory: Perceived Causality and Perceived Competence* 43

The Effects of Monetary Rewards 44
Perceived Causality: Internal to External 49
Other Extrinsic Rewards 49
Reward Salience and Expectancy 52
Constraints and Other Extrinsic Factors 54
Perceived Causality: External to Internal 57
Perceived Competence: Increases 58
Perceived Competence: Decreases 60
Cognitive Evaluation Theory 62
Proposition I 62
Proposition II 63
Proposition III 63
Evolution of the Theory 64
Motivationally Relevant Processes 65
Reward Administration and Types of Tasks 72
Reward Contingencies 72
The Nature of the Task 81
Summary 85

4. *Cognitive Evaluation Theory: Interpersonal Communication and Intrapersonal Regulation* 87

Interpersonal Contexts 88
Performance-Contingent Rewards 88
Positive Feedback 91
Self-Administration 93
The Meaning of Controlling 95
The Meaning of Informational 96
The Communicator and the Context 98
Characteristics of the Perceiver/Recipient 99
Sex Differences: Information and Control 99
Individual Differences in the Perceiver 102
Intrapersonal Regulation: Information and Control 105
Proposition IV 107
Experimental Investigations 108
Self-Determination and Causality 111
Summary 112

5. *Toward an Organismic Integration Theory: Motivation and Development* 113

The Nature of Development 113
The Organismic Integration Process 116
Intrinsic Motivation and Development 120
Intrinsically Motivated Behavior 121
The Effects of the Environment 122
The Development of Intrinsic Motivation 127
Extrinsic Motivation and Development 129
Evidence for Internalization 132
Internalization and the Integrative Process 133
Individual Differences in Children's Self-Regulation 140
Internalization and the Environment 143
Summary 147

6. *Causality Orientations Theory: Personality Influences on Motivation* 149

Behaviors and Initiating Events 151
Causality Orientations 152
The Autonomy Orientation 154
The Control Orientation 157
The Impersonal Orientation 159
The Development of Causality Orientations 160
The General Causality Orientations Scale 163
Self-Determination 163
Self-Actualization 164
Self-Esteem 165
Locus of Control 166
Self-Consciousness 168
Other Constructs 169
Emotions and Attitudes 171
Behaviors 172
Summary of Scale Development 174
Summary 175

PART III: ALTERNATIVE APPROACHES

7. *Operant and Attributional Theories* 179

Operant Theory 180
Rewards and Response Rates 181
"Failures" to Replicate 182

Competing Responses and Boredom 184
The Focus of One's Analysis 185
Summary 188
Cognitive Approaches 189
Interpersonal Attributions 190
Attribution Theories 191
Attributing Motivation 194
Self-Attributions 200
Perceiving Intrinsic Motivation in Oneself and Others ... 206
Metatheoretical Considerations 208
Summary 211

8. *Information-Processing Theories* 213

Expectancy Theories 215
Vroom's Model 215
Atkinson's Model 218
The Issue of Task Difficulty 221
Bandura's Theory 223
Hunt's Theory 225
Inadequacies of the Cognitive Theories 228
Self-Determination Theory: An Information-Processing Representation 229
Inputs of Information 229
Causality Orientations 231
Self-Determined Behavior 231
Non-Self-Determined Behavior 239
Summary 242

PART IV: APPLICATIONS AND IMPLICATIONS

9. *Education* 245

Intrinsic Motivation in the Classroom 246
Classroom Structure 250
The Interpersonal Context: Teachers' Orientations 252
Intrinsically Motivated Learning 256
Extrinsic Motivation in the Classroom 261
Reinforcement Programs 261
Organismic Integration 264
Factors Affecting the Teacher 266
Pressure from Above 266

Pressure from Below 268
Summary 270

10. *Psychotherapy* 273

The Therapeutic Process as Development 274
Maintenance and Transfer of Treatment Gains 277
Approaches to Therapy 284
Behavior Therapies 285
Psychoanalytic Therapies 286
Humanistic Therapies 288
General Principles 291
Summary 291

11. *Work* 293

Self-Determination in Organizations 294
Theories Y and Z 295
Reward Structures 298
Research on Self-Determination in Organizations 301
The Interpersonal Context 302
Individual Differences 304
Experimental Change 306
Summary 310

12. *Sports* 313

Cognitive Evaluation Theory and Sports 315
Self-Determination and Perceived Locus of Causality 315
Optimal Challenge and Perceived Competence 318
Competition and Intrinsic Motivation 321
Indirect Competition 322
Direct Competition 323
Competition and Ego-Involvement 325
Sex Differences in Competitive Settings 326
Goals and Values 329
Motivation and the Experience of Sports 330
Summary 332
