Audio Watermarking Benchmarking – A Profile Based Approach

Dissertation

zur Erlangung des akademischen Grades

Doktoringenieur (Dr.-Ing.)

vorgelegt der Fakultät für Informatik

der Otto-von-Guericke-Universität Magdeburg

von: Diplom-Informatiker (FH) Andreas Lang
geboren am 30. Mai 1974 in Halle/S.

Magdeburg, Germany, den 20. November 2007

Contents

List of Figures XXI

List of Tables XVIII

Notations and Abbreviatons XIVV

1 Motivation and Introduction 1

1.1 The Variety of Application Fields for Watermarking as Motivation for Profile Based Testing . . . 2

1.2 Contribution of Application Oriented Benchmarking . . . 5

1.3 Structure of the Thesis . . . 6

2 Fundamentals of Audio 9

2.1 Audio Signals . . . 9

2.1.1 Analog Audio Signals . . . 9

2.1.2 Digital Audio Signals . . . 10

2.2 Measurement Methods of Audio Quality . . . 12

2.2.1 Statistical Methods . . . 13

2.2.2 Subjective Methods . . . 14

2.2.3 Objective Methods . . . 16

2.2.4 Comparison of Statistical, Subjective and Objective Audio Quality Measurement . . . 16

3 Fundamentals of Digital Audio Watermarking and its Evaluation 19

3.1 General Aspects of Digital Watermarking . . . 19

3.1.1 General Watermarking Principles . . . 20

3.1.2 Principle of Watermarking Communication Channel . . . 22

3.2 Description of Selected Watermarking Algorithms . . . 23

3.3 IT–Security and the CERT Taxonomy . . . 28

3.4 Evaluation of Digital Watermarks . . . 30

3.4.1 General Aspects and Existing Evaluation Techniques . . . 30

3.4.2 General Watermark Security . . . 32

3.5 Currently Existing Evaluation Problems . . . 35

4 Methodology of Benchmarking – Formalization and the Profile Based Approach 37

4.1 General Digital Audio Watermark Evaluation Approach . . . 38

4.2 Expected Attackers and the Adaptation of the CERT Taxonomy . . . 38

4.3 Terminology of Watermark Properties . . . 40

4.3.1 Basic Definition . . . 40

4.3.2 Instance of a Watermarking Scheme . . . 42

4.3.3 Embedding Function . . . 43

4.3.4 Detection and Retrieval Function . . . 46

4.3.5 Watermark Attacking Functions . . . 50

4.3.6 Other Properties – Invertibility, Verification, Security . . . 56

4.3.7 Realization of Security Measurements . . . 58

4.4 Watermark Attack Design and Watermark Attack Set – StirMark for Audio 60
4.5 Quality Dependent Benchmarking 62
4.6 Watermarking Life–Cycle Phases 65
4.7 Benchmarking from the Application Point of View 66
4.8 Benchmarking Metrics for the Profile Based Approach 68
4.8.1 Definition of Basic Profiles 70
4.8.2 Definition of Extended Profiles 74
4.8.3 Definition of Application Profiles 78
4.9 Evaluation Methodology 90
4.9.1 Evaluation Methodology based on Watermarking Parameters 90
4.9.2 Evaluation Methodology Based on Profiles 93
4.10 Audio Data Test Set: Formalization and Example Test Sets 95

5 Profile Based Benchmarking Implementation **99**
5.1 Selected Digital Audio Watermarking Schemes 99
5.1.1 Time Domain: Least Significant Bit (LSB) – Ω_{LSB} 99
5.1.2 Wavelet Domain: AMSL Audio Water Wavelet (2A2W) – Ω_{2A2W} 101
5.1.3 Frequency Domain: Spread Spectrum (SSWater) – Ω_{SS} 102
5.2 StirMark Benchmark for Audio – Offline Evaluation Tool 102
5.2.1 Single Attacks 104
5.2.2 Special Features of Attacks 105
5.3 Audio WET – Online Evaluation Platform 108

6 Practical Framework – Test Goals, Selected Watermarking Schemes, Test Scenarios and Test Sets **113**
6.1 Test Goals of this Work 113
6.2 Selected Watermarking Schemes for Evaluation 118
6.3 Test Scenarios 123
6.3.1 Test Scenario to Achieve Test Goals $\mathfrak{I}_{1_1}$ and $\mathfrak{I}_{1_2}$ 124
6.3.2 Test Scenario to Achieve Test Goal $\mathfrak{I}_2$ 126
6.3.3 Test Scenario to Achieve Test Goals $\mathfrak{I}_{3_1}$ and $\mathfrak{I}_{3_2}$ 128
6.3.4 Test Scenario to Achieve Test Goals $\mathfrak{I}_{4_1}$, $\mathfrak{I}_{4_2}$, $\mathfrak{I}_{4_3}$ 130
6.3.5 Test Scenario to Achieve Test Goals $\mathfrak{I}_{5_1}$ and $\mathfrak{I}_{5_2}$ 133

7 Test Results of Profile Based Evaluation **137**
7.1 Test Results: Evaluation of the Single Attacks with Basic Profiles Transparency and Complexity ($\mathfrak{I}_1$) 137
7.2 Test Results: Evaluation of Exemplary Selected Digital Audio Watermarking Schemes with Basic Profiles ($\mathfrak{I}_2$) 143
7.3 Test Results: Evaluation of Exemplary Selected Digital Audio Watermarking Schemes and their Security with the Basic Profile Security ($\mathfrak{I}_3$) 164
7.4 Test Results: Evaluation of Digital Audio Watermarking Schemes with the Application Profile Biometrics ($\mathfrak{I}_4$) 173
7.4.1 Evaluation of All User Classes Together – ($\mathfrak{I}_{4_1}$) 174
7.4.2 Evaluation with Female/Male Distinction ($\mathfrak{I}_{4_2}$) 179
7.4.3 Evaluation with Speaker Classes Distinction ($\mathfrak{I}_{4_3}$) 188
7.4.4 Summarization of All Evaluation Results of the Evaluation with the Application Profile Biometrics 192
7.5 Test Results: Evaluation of Digital Audio Watermark Schemes with the Application Profile Perceptual Hashing ($\mathfrak{I}_5$) 193
7.6 Lessons Learned from the Profile based Audio Watermark Evaluation 202
7.6.1 Transparency Evaluation 202

7.6.2 Working Domains of the Digital Audio Watermarking Schemes 203
7.6.3 Error Correction and Scrambling Mode 204
7.6.4 From Benchmarking to Design Aspects of Audio Watermarking Algorithms 205
7.6.5 Forms of Visualization of Evaluation Results 206

8 Summary and Future Research **211**
8.1 Contribution and Results of Application Oriented Benchmarking – Concluding Discussion 212
8.2 From the Evaluation to the Watermark Design 213
8.3 Possible Research Topics Based on this Work 215

A Appendix – Digital Audio Watermarking Applicatio Scenarios **217**

B Appendix – Single Attack Definitions provided by SMBA **221**

C Appendix – Single Attacks Modes **233**

D Appendix – Detailed Intra Algorithm Evaluation and Analysis Results of the Single Attacks with $P_{A-Transparency}$ and $P_{A-Complexity}$ **235**

E Appendix – Single Attacks and their Transparency Visualization **261**

F Appendix – Basic Profile Evaluation **269**

G Appendix – Evaluation Test Results with the Application Profile $P_{A-Biometrics}$ **345**

References **357**
