Max Planck Institute for Biophysical Chemistry
Karl-Friedrich Bonhoeffer Institute
25 Years (1971 - 1996)
Table of Contents

Introduction to the Max Planck Institute for Biophysical Chemistry 1
A Short History 3
Former Directors 6
Kollegium, External Scientific Members, Fachbeirat, Kuratorium 8
Scientific Departments
  Spectroscopy and Photochemical Kinetics (Director: Jürgen Troe) 10
  Molecular Biology (Director: Thomas M. Jovin) 12
  Biochemistry and Cell Biology (Director: Klaus Weber) 14
  Membrane Biophysics (Director: Erwin Neher) 16
  Molecular Genetics (Director: Dieter Gallwitz) 18
  Molecular Cell Biology (Director: Peter Gruss) 20
  Molecular Developmental Biology (Director: Herbert Jäckle) 22
  Molecular Neurobiology (Director: Reinhard Jahn) 24
Emeritus Group
  Biochemical Kinetics (Director emeritus: Manfred Eigen) 26
Independent Research Groups
  Biomedical Nuclear Magnetic Resonance (Head: Jens Frahm) 28
  Molecular Neurobiology of Signal Transduction (Group Leader: Andreas Karschin) 30
  Cellular Neurobiology (Group Leader: Alain Marty) 32
  High Resolution Optical Microscopy (Group Leader: Stefan W. Hell) 34
Department-Associated Research Groups 36
