Contents

Contributors	vii
Preface	xiii
Acknowledgments	xv
Part I. Psychophysiological Contributions	
1 Psychophysiology and Crime: Theory and Data Peter H. Venables	3
2 Evoked Potentials and Antisocial Behavior Adrian Raine	14
3 EEG Topography in Patients with Aggressive Violent Behavior Victor Milstein	40
Part II. Neuropsychological Contributions	
1 Hemisphere Function in Violent Offenders Israel Nachshon	55
2 Psychopathy and Language Robert D. Hare, Sherrie E. Williamson and Timothy J. Harpur	68
3 Neuropsychology and Self-Reported Early Delinquency in an Unselected Birth Cohort: A Preliminary Report from New Zealand Terrie E. Moffitt	93
Part III. Congenital Contributions	
1 Genetic and Perinatal Factors in Violence Sarnoff A. Mednick and Elizabeth Kandel	121
Part IV. Biochemical Contributions	
1 Antisocial Behavior of Boys and Autonomic Activity/Reactivity David Magnusson	135
2 Cerebrospinal Fluid: Monoamine Metabolites Among Habitually Violent and Impulsive Offenders Matti Virkkunen	147

Part V. Psychopathology Contributions

- | | | |
|---|---|-----|
| 1 | Biology, Mental Disorder, Aggression and Violence: What Do We Know?
Sheilagh Hodgins and Michael von Grunau | 161 |
| 2 | Crime and the Schizophrenia Spectrum: A Study of Three Danish Cohorts
Leigh Silverton | 183 |
| 3 | Personality Variables in Antisocial and Prosocial Disinhibitory Behavior
Montserrat Goma, Jorge Perez and Rafael Torrubia | 211 |
| 4 | Prediction of Violence in Psychiatric Inpatients
Antonio Convit, Judith Jaeger, Shang Pin Lin, Morris Meisner, David Brizer and Jan Volavka | 223 |
| 5 | Bio-Social Influences on the Control of Aggression/Aggressive Behavior in Mental Health Settings
Mark A. J. O'Callaghan | 246 |

Part VI. Alcohol-Related Contributions

- | | | |
|---|--|-----|
| 1 | Alcohol and Violence
Wouter Buikhuisen, Corry van der Plas-Korenhoff and Elisabeth H. M. Bontekoe | 261 |
| 2 | Emotional, Clinical and Familial Correlates of Antisocial Personality Disorder and Alcoholism in Men with Unipolar Major Depression
Collins E. Lewis, John P. Rice, Nancy Andreasen, Jean Endicott and Ann Hartman | 277 |

Part VII. Culture and Gender Contributions

- | | | |
|---|--|-----|
| 1 | Antisocial Behavior and the Other Side of Cultural Evolution
Henry C. Harpending and Patricia Draper | 293 |
| 2 | Biology and Female Crime
Cathy Spatz Widom and Ashley Ames | 308 |
