

*The A* Coatings in Manufacturing Engineering  
**13<sup>th</sup>** PROCEEDINGS  
Conference

5-6 October 2017, Thessaloniki, Greece

**EDITORS:**

N. Michailidis, G. Skordaris, K. Bobzin, B. Denkena, M. Merklein

# Contents

## Plenary

Effect of hm substrates' cutting edge roundness manufactured by laser machining and micro-blasting on the coated tools' cutting performance <i>K.-D. Bouzakis, P. Charalampous, T. Kotsanis, G. Skordaris, E. Bouzakis, B. Denkena, B. Breidenstein, J. C. Aurich, M. Zimmermann, T. Herrmann, R. M'Saoubi</i> .....	3
High-rate deposition of protective (Cr,Al) <sub>2</sub> O <sub>3</sub> coatings by innovative high speed PVD technology <i>K. Bobzin, T. Brögelmann, C. Kalscheuer, M. Welters</i> .....	21
Development and launching of an application-oriented test rig for wear investigations in sheet bulk metal forming <i>M. Merklein, K. Andreas, M. Kraus, M. Löffler, F. Pilz</i> .....	31
Laser heat treatment of PVD-(Al,Ti) <sub>n</sub> -coated carbide cutting tools and its effect on tool wear <i>B. Breidenstein, S. Beblein, B. Denkena</i> .....	41

## Coatings in Manufacturing

On the thermal insulation effect of PVD-ALCrN-coated cutting tools in continuous turning of AISI 4140 <i>B. Breidenstein, S. Beblein, B. Denkena</i> .....	53
Film thickness effect on mechanical properties and milling performance of nano-structured multilayer PVD coated tools <i>G. Skordaris, K.-D. Bouzakis, T. Kotsanis, P. Charalampous, E. Bouzakis, O. Lemmer, S. Bolz</i> .....	63
Investigation of the tribological behaviour of alloyed hot stamping tools in contact with ALSI coated 22MNB5 <i>F. Neubauer, P. Rupprecht, K. Hofmann, K. Andreas, M. Merklein</i> .....	81
Effect of PVD coating's mechanical properties and adhesion on the milling performance of coated cemented carbide inserts <i>G. Skordaris<sup>1</sup>, K.-D. Bouzakis<sup>1</sup>, P. Charalampous<sup>1</sup>, T. Kotsanis<sup>1</sup>, E. Bouzakis<sup>2</sup>, R. Bejjani<sup>3</sup></i> .....	91

Suitability of friction laws to simulate the influence of surface textures on the process force in cold forging <i>R. Hild, A. Feuerhack, D. Trauth, M. Arghavani, N. Kruppe, T. Broegelmann, K. Bobzin, F. Klocke</i> .....	103
Effect of the interface fatigue strength of NCD coated hardmetal inserts on their cutting performance in milling <i>K.-D. Bouzakis, G. Skordaris, E. Bouzakis, P. Charalampous, T. Kotsanis, D. Tasoulas, S. Kombogiannis, O. Lemmer</i> .....	113
Influence of tribological conditions on cold forging processes <i>C. Kiener, J. Dohmstreich, K. Andreas, M. Merklein</i> .....	129
Effect of structure and residual stresses of diamond coated cemented carbide tools on the film adhesion and developed wear mechanisms in milling <i>G. Skordaris, K.-D. Bouzakis, P. Charalampous, T. Kotsanis, E. Bouzakis, O. Lemmer</i> .....	139

### Coating Properties

Influence of the bias voltage on the mechanical and tribological behavior of self-lubricating hybrid dcMS/HPPMS (Cr,Al)N coatings <i>K. Bobzin, T. Brögelmann, N. C. Kruppe, M. Arghavani, D. C. Hoffmann, F. Klocke, P. Mattfeld, D. Trauth, R. Hild</i> .....	149
Synthesis of composite aluminide coatings and examination of their high temperature performance <i>D. Kourtidou, E. Tarani, D. Chaliampalias, K. Chrissafis, E. Pavlidou, G. Vourlias</i> .....	159
Influence of plasma nitriding parameters and subsequent surface finishing on the adhesion strength of tungsten doped PVD a-C:H coatings <i>H. Hasselbruch, A. Mehner, H.-W. Zoch</i> .....	169
High-rate deposition of Cr-Al coatings by high speed physical vapor deposition for the oxidation protection of $\gamma$ -TiAl alloys <i>K. Bobzin, T. Brögelmann, C. Kalscheuer, T. Liang</i> .....	179
Research of tribological parameters of multilayer coating Ti/TiN/CrN-mI deposited on 1.2343 steel <i>V. Rupetsov, S. Dishliev, G. Mishev, F. Franek, M. Premauer, L. Kolaklieva</i> .....	189

## Coating Applications

Tailored made copper foams suitable for potential use in water treatment technology <i>F. Stergioudi, K. Simeonidis, M. Mitrakas, G.Vourlias, N. Michailidis</i> .....	199
Formation of thermoelectric coatings on Si by pack cementation process <i>D. Stathokostopoulos, E. Tarani, A. Teknetzi, D. Chaliampalias, K. Chrissafis, E. Pavlidou, G. Vourlias</i> .....	209
Protective coatings for chalcogenide glass molding <i>M. Friedrichs, J.-H. Staasmeyer, O. Dambon, F. Klocke</i> .....	219
Eis study on surface modification of porous niti biomedical alloy in simulated body fluids <i>F. Stergioudi, C.A. Vogiatzis, S. Skolianos, N. Michailidis</i> .....	227
Production, electrochemical and oxidation evaluation of Mg and Al coatings deposited on copper by pack cementation <i>C.A. Vogiatzis, D. Stathokostopoulos, D. Chaliampalias, E. Pavlidou, K. Chrissafis, S. Skolianos, G. Vourlias</i> .....	241

## INDustrial presentations

Pure HIPIMS coatings for cutting tool applications <i>Toni Leyendecker, Oliver Lemmer, Werner Kölker, Christoph Schiffers</i> .....	251
PVD equipment and coatings for automotive components <i>Rainer Cremer, Satoshi Hirota</i> .....	253
