

***Agricultural Biotechnology:
Food Safety and
Nutritional Quality
For the Consumer***

Editor: June Fessenden MacDonald

NABC Report 2

Table of Contents

| | | |
|-------------------|-----------|--|
| | 7 | Acknowledgements |
| | 8 | Preface |
| Part One | 11 | Overview |
| | 12 | Summary |
| | 21 | Workshop Recommendations |
| | 27 | Robert Barker Concluding Remarks |
| Part Two | 35 | Workshop Reports |
| | 36 | Improving Food Safety Through Biotechnology |
| | 42 | Improving Nutritional Quality Through Biotechnology |
| | 53 | Safety of Biotechnologically-Derived Foods and Food Ingredients |
| | 58 | Improving Communication on Biotechnology |
| Part Three | 63 | Plenary Addresses |
| | 64 | Ian C. Munro and Richard L. Hall Food Safety and Quality: Assessing The Impact on Biotechnology |
| | 74 | Carol Tucker Foreman Food Safety and Quality for the Consumer: Policies and Communication |
| Part Four | 82 | Lectures |
| | | Our Food Supply: How Safe? |
| | 84 | Joseph H. Hotchkiss Food Related Risks: A Food Scientist's Perspective |
| | 90 | Malden C. Nesheim Food Related Risks: A Nutritionist's Perspective |
| | 96 | Kenneth J. Taylor Many Voices: Citizens and the Issues of Biotechnology and Food Safety |

- 103 **A. Ann Sorenson**
Farmer Concerns: Food Safety, Biotechnology and the Consumer

**Food Safety and Quality—
Biotechnology's Role**

- 118 **George H. Parsons**
Biotechnological Diagnostics for the Detection of Microbial Contamination of Food
- 127 **Matthew G. Kramer**
Genetically Engineered Plant Foods: Tomatoes
- 131 **Floyd M. Byers**
Biotechnologically Modified Animal Products
- 145 **Susan K. Hartlander**
Food Processing Biotechnology

**Policies for a Safe and Nutritious
Food Supply**

- 154 **Peter Berton Hutt**
Government Regulations: Insuring Safety and Quality
- 161 **Lester M. Crawford and Denise L. Clarke**
Biotechnology and Food Safety
- 167 **Michael W. Pariza**
Evaluating the Relative Safety of Biotechnologically Produced Foods

Economic, Social & Ethical Concerns

- 174 **Julie A. Caswell**
The Implications for Biotechnology-Related Products of Food Safety and Nutrition-Based Marketing
- 181 **Marshall A. Martin**
Potential Economic Impacts of Agricultural Biotechnology
- 191 **Lawrence Busch**
The Social Impact of Biotechnology on Farming and Food Production
- 204 **Paul B. Thompson**
Risk: Ethical Issues and Values
