Histories of Computing in Eastern Europe

IFIP WG 9.7 International Workshop on the History of Computing, HC 2018
Held at the 24th IFIP World Computer Congress, WCC 2018
Poznañ, Poland, September 19–21, 2018
Revised Selected Papers
Contents

Eastern Europe

Armenian Computers: First Generations ................................................. 3
  Sergey B. Oganjanyan, Valery V. Shilov, and Sergey A. Silantiev

The Emergence of Computing Disciplines in Communist Czechoslovakia:
What’s in a (Sovietized) Name? ...................................................... 16
  Michal Doležel and Zdeněk Smutný

László Kalmár and the First University-Level Programming
and Computer Science Training in Hungary .................................. 40
  Máté Szabó

Poland

Early Computer Development in Poland. ........................................... 71
  Marek Hołyński

The Long Road Toward the Rejewski-Różycki-Zygalski Cipher Center in Poznań ..................................................... 87
  Marek Grajek

Soviet Union

Anatoly Kitov and Victor Glushkov: Pioneers of Russian Digital Economy
and Informatics. ............................................................................. 99
  Olga V. Kitova and Vladimir A. Kitov

On the History of Gosplan, the Main Computer Center of the State Planning
Committee of the USSR ................................................................. 118
  Vladimir A. Kitov

Main Teleprocessing Monitors for Third-Generation Computers
in the USSR. ............................................................................... 127
  Vladimir A. Kitov

CoCom and Comecon

Socialist Life of a U.S. Army Computer in the GDR’s Financial Sector:
Import of Western Information Technology into Eastern Europe
in the Early 1960s. ................................................................. 139
  Martin Schmitt
Cooperating with Moscow, Stealing in California: Poland’s Legal and Illicit Acquisition of Microelectronics Knowhow from 1960 to 1990

Miroslaw Sikora

From CoCom to Dot-Com: Technological Determinisms in Computing Blockades, 1949 to 1994

Christopher Leslie

Analog Computing

Israel Abraham Staffel: Lost Book Is Found

Timo Leipälä, Valery V. Shilov, and Sergey A. Silantiev

Mathematicians at the Scottish Café

Chris Zielinski

Public History

Discovering Eastern Europe PCs by Hacking Them ... Today

Stefano Bodrato, Fabrizio Caruso, and Giovanni A. Cignoni

Twentieth Anniversary of the Russian Virtual Museum of Computing and Information Technology History

Vladimir A. Kitov and Edward M. Proydakov

ICT History Study as Corporate Philanthropy in Latvia

Inara Opmane and Rihards Balodis

The Engineering Heritage of Bashir Rameev at the Polytechnic Museum: Honoring the 100th Anniversary of His Birth

Marina Smolevitskaya

Author Index
