

ASM Handbook®

Volume 17 Nondestructive Evaluation of Materials

Prepared under the direction of the
ASM International Handbook Committee

Volume Editors

Aquil Ahmad, Eaton Corporation, (Retired)
Leonard J. Bond, Iowa State University

Division Editors

David Eisenmann, Iowa State University
Claudia Kropas-Hughes, United States Air Force
Norbert Meyendorf, Iowa State University
Steven M. Shepard, Thermal Wave Imaging, Inc.

ASM International Staff

Victoria Burt, Content Developer
Steve Lampman, Content Developer
Amy Nolan, Content Developer
Susan Sellers, Content Development and Business Coordinator
Madrid Tramble, Manager of Production
Patty Conti, Production Coordinator
Jennifer Kelly, Production Coordinator
Karen Marken, Senior Managing Editor
Scott D. Henry, Senior Manager, Content Development

Editorial Assistance

Ed Kubel
Elizabeth Marquard
Jo Hannah Leyda
Lilla Ryan
Beverly Musgrove

Contents

For a more detailed table of contents and authors, see page xi.

| | | | |
|--|------------|--|------------|
| Introduction to Nondestructive Evaluation | 1 | Acoustic Microscopy | 331 |
| Guide to Nondestructive Evaluation Techniques | 3 | Acoustical Holography | 353 |
| Probability of Detection | 8 | Acoustic Emission Inspection | 360 |
| Reliability of Flaw Detection by Nondestructive Inspection | 23 | Radiography | 381 |
| Nondestructive Evaluation and Life Assessment | 47 | Principles of Radiography | 383 |
| Visual Examination and Optical Inspection Techniques | 57 | Film Radiography | 410 |
| Visual Inspection | 59 | Digital Imaging—Real-Time, Computed, and Digital Radiography | 436 |
| Machine Vision and Robotic Inspection Systems | 66 | Computed Tomography | 440 |
| Liquid Penetrant Inspection | 79 | Electromagnetic Inspection Techniques | 475 |
| Magnetic-Particle Inspection | 96 | Eddy-Current Inspection | 477 |
| Thermal Methods | 125 | Microwave- and Millimeter-Wave Inspection | 508 |
| Thermal Nondestructive Evaluation Methods | 127 | Micromagnetic Techniques | 515 |
| Surface-Excited Thermography | 129 | Nondestructive Evaluation of Manufactured Products | 531 |
| Vibrothermography | 139 | Nondestructive Evaluation of Pressed and Sintered Powder Metallurgy Parts | 533 |
| Thermoelastic Stress Analysis | 143 | Nondestructive Evaluation of Additively Manufactured Metallic Parts | 544 |
| Sonic and Ultrasonic Techniques | 153 | Nondestructive Inspection of Steel Bar, Wire, and Billets | 553 |
| Fundamentals of Ultrasonic Inspection | 155 | Nondestructive Inspection of Tubular Products | 566 |
| Basic Inspection Methods (Pulse-Echo and Transmission Methods) | 169 | Magnetic Barkhausen Noise for Nondestructive Inspection of Gear | 590 |
| Ultrasonic Transduction (Transducer Elements) | 184 | Nondestructive Evaluation of Solid-State Welds | 594 |
| Phased Array Ultrasound | 197 | Nondestructive Inspection of Adhesive-Bonded Joints | 602 |
| Electromagnetic Acoustic Transducers for Nondestructive Evaluation | 214 | Nondestructive Testing of Composites (Polymer- and Metal-Matrix Composites) | 631 |
| Laser-Ultrasonics—Principles and Industrial Applications | 238 | Reference Information | 569 |
| Guided Wave Testing | 259 | Standards and Codes for Nondestructive Testing | 661 |
| Rayleigh Wave Nondestructive Evaluation for Defect Detection and Materials Characterization | 266 | Index | 663 |
| Sizing with Time-of-Flight Diffraction | 283 | | |
| Ultrasonic Imaging and Sizing | 291 | | |
| Nonlinear Ultrasonics | 322 | | |
