

Electricity costs of energy intensive industries in Iceland

A comparison with energy intensive industries in selected countries

Contents

1	Introduction	5
2	Description of the electricity market and prices in Iceland	6
2.1	Electricity supply and demand.....	6
2.2	Electricity market.....	9
2.3	Retail electricity price.....	13
2.4	Situation and costs of the network.....	14
2.5	Electricity tax.....	15
2.6	Promotion of renewable energy sources.....	15
2.7	Conclusion.....	16
3	Electricity price components of energy intensive industries	17
3.1	Calculation of the energy component.....	17
3.2	Network component.....	21
3.3	Taxes.....	23
3.4	Levies: Promotion of renewable energy sources, energy efficiency and environmental protection.....	24
3.5	EU Emission Trading System compensation.....	26
4	Competitiveness of Iceland's energy-intensive industries	29
4.1	Method.....	29
4.2	Energy consumption.....	30
4.3	Results.....	32
5	Electricity prices in Iceland	38
5.1	Current electricity prices.....	38
5.2	Outlook.....	39
6	Conclusion	41
7	List of figures	45
8	List of tables	46
A.1	Annex	47
A.1.1	Network fees.....	47
A.1.2	Electricity prices in Quebec.....	48

A.1.3	Technical specifications	49
A.1.4	Currency exchange rate.....	50
