Contents

PARTHIER, Benno: Begrüßung	7
FLEISCHER, Bernhard: Introduction	9

Infections Due to Protozoa

HACKER, Jörg: Infections Due to Protozoa (Introduction)	13
CLAYTON, Christine, MAIER, Alexander, LORENZ, Patrick, BLATTNER, Judith, HELFFERT, Sandra, and KRIEGER, Stephan: Strange Characteristics of Kinetoplastid Protists: Targets for Anti-parasitic Chemotherapy?	15
TANNICH, Egbert: Molecular Mechanisms of Host Tissue Destruction by <i>Entamoeba histolytica</i>	27
GESSNER, André, and RÖLLINGHOFF, Martin: Current Aspects in Leishmaniasis ...	35

Malaria

WALTER, Rolf D.: Malaria (Introduction)	47
LINGELBACH, Klaus, and MAIER, Uwe-G.: The Cell Biology of <i>Plasmodium falciparum</i> in Infected Human Erythrocytes – An Overview	49
TURNER, Paul, SANCHEZ, Cecilia, WIESNER, Jochen, and LANZER, Michael: Malaria – Current Approaches to Chemotherapy	61
SCHNEIDER, Jörg, GILBERT, Sarah C., HANNAN, Carolyn M., LANGERMANS, Jan, DÉGANO, Pilar, PRIEUR, Eric, SHEU, Eric G., THOMAS, Alan, PLEBANSKI, Magdalena, and HILL, Adrian V. S.: Malaria Vaccines	81
HEMMER, Christoph J.: Pathomechanisms of <i>Plasmodium falciparum</i> Malaria: A Review	95
MÜLLER, Olaf: History and State of Global Malaria Control	127

Hemorrhagic Fever Viruses

SCHMITZ, Herbert: Virological and Epidemiological Aspects of Dengue Fever ...	153
FELDMANN, Heinz, VOLCHKOV, Viktor E., STRÖHER, Ute, and KLENK, Hans-Dieter: Marburg and Ebola Viruses: Past Advances and Future Needs	163
TER MEULEN, Jan: Lassa Fever: A Hypothesis to Explain the Occurrence of Epidemics	179

Helminth Infections

HORSTMANN, Rolf: Helminth Infections (Introduction) 187

SCHULZ-KEY, Hartwig, and SOBOSLAY, Peter T.: Parasitological and Epidemiological Aspects of the Host-parasite Interaction in Filariases and their Relevance for Intervention and Control 189

HOERAUF, Achim, DOETZE, Andrea, AL-QAOU, Khaled, SAEFTEL, Michael, BÜTTNER, Dietrich W., and FLEISCHER, Bernhard: Filariasis: Immunological and Chemotherapeutical Aspects 205

Travel Medicine

LÖSCHER, Thomas, and NOTHDURFT, Hans-Dieter: Tropical Infectious Diseases and International Migration..... 219

Résumé

ROTT, Rudolf: Closing Remarks 235
