WDMcon

WDMcon Conference Advisory Board.....v

WDMcon Sessions/Panels:

TUESDAY, APRIL 24

200	KEYNOTE: The Economic Benefits of Intelligent Optical Networking	1
	<i>Presenter: Patrick H. Nettles – Ciena Corporation</i>	
M-201	The Evolution of Converged Public Networks	21
	<i>Presenter: Pete Chadwick – Avici Systems Inc.</i>	
T-202	How Ethernet Will Dominate Next-Generation Metro Networks	35
	<i>Presenter: David Yates – Atrica Inc.</i>	
M-203	Subcarrier Multiplexing: The Next Generation in Optical Transport	47
	<i>Presenter: Eric Schmidt – Centerpoint Broadband Technologies Inc.</i>	
T-204	Barrier to Bandwidth: Chromatic Dispersion and Its Effects on Current and Next-Generation Optical Networks	57
	<i>Presenter: Mark Barratt, LaserComm Inc.</i>	
M-205	In a World of Bandwidth Abundance, Users Expect Access-and They Demand Services	73
	<i>Presenter: Jason Remillard – Ellcoya Networks</i>	
T-206	Issues and Progress in Wide WDM	87
	<i>Presenter: Santanu Das – Lucent Technologies Inc.</i>	
M-207	Optical Access Networking: The Last Mile of the All-Optical Network	99
	<i>Presenters: Wilhelm Kremer – Quantum Bridge Communications Inc.</i>	
T-208	Moving Management into the Optical Era	113
	<i>Presenter: Jean Lawlis – Astral Point Communications Inc.</i>	
M-209	Building What Service Providers Want	125
	<i>Moderator: Norm Swenson – Kestrel Solutions</i>	
	<i>Presenters: Rick Barry – Sycamore Networks</i>	
	<i>Sam Grenholtz – Verizon Communications</i>	
T-210	Enabling 10 Gbs & 40 Gbs Services Over Ultra Long –Haul Optical Networks	129
	<i>Presenters: Peter Meade – TeleResearch Inc.</i>	
	<i>Rich Moran – Yafo Networks</i>	

WEDNESDAY, APRIL 25

300	KEYNOTE: Dynamic Provisions Meeting the “Real-Time” Needs of Your Customers	141
	<i>Presenters: Hugh Martin – ONI Systems Corporation</i>	
M-301	Third Generation All-Optical Metro DWDM Networks	145
	<i>Presenter: Doug Arent – Networks Photonics Inc.</i>	

* Denotes presentations that were unavailable at the time of publication –
Copies may be available at the back of the room where the Session takes place – Please see Room Monitor

Table of Contents - Continued

T-302	DWDM Technology: A Moving Target.....	161
	<i>Presenter: Gerry Heffernan – Latus Lightworks Inc.</i>	
M-303	The Quest for Optical Transparency.....	165
	<i>Presenter: Robert Vento – Corning Inc.</i>	
T-304	Why SONET Won't Go Away.....	181
	<i>Presenter: Ron Fang – Ocular Networks Inc.</i>	
M-305	Operation of Metro-Optical Network Deployment & Servicing	195
T-306	Network Scalability	199
	<i>Presenter: Scott T. Wilkinson – Kestrel Solutions</i>	
M-307	Architectures for Broadband Media Exchange in the Metro Network	209
	<i>Presenter: Jim Greenberg - MediaCenters</i>	
T-308	The Evolution to All-Optical Switching.....	217
	<i>Presenter: Ramu Ramumurthy – Tellium Inc.</i>	
MT-309	CTO Speakout.....	221
	<i>Presenters: Peter Meade – TeleResearch Inc.</i>	
	<i>Henry Yaffe – Yafu Networks Inc.</i>	
	<i>Ron Fang – Ocular Networks Inc.</i>	
	<i>Norm Swenson – Kestrel Solutions</i>	
	<i>Jim Greenberg - MediaCenters</i>	

THURSDAY, APRIL 26

400	KEYNOTE: Fiber to the Home: 2001 The Year of Opportunity.....	227
	<i>Presenter: Darryl E. Ponder – Optical Solutions Inc.</i>	
M-401	Applications of Wide-Space WDM for the Optical Access Network	241
	<i>Presenter: Doug Green – Ocular Networks Inc.</i>	
T-402	Optical Banding Technology: Lighting the Way to Services in Metropolitan Area Networks.....	255
	<i>Presenter: Bruce Miller – Astral Point Communications</i>	
M-403	Gigabit Level Services for the Metro Using Wavelength-Routed All-Optical Networks	267
	<i>Presenter: Glenn Booth – Network Photonics Inc.</i>	
T-404	Multi-Service Metro: Here Today, Still Here Tomorrow	279
	<i>Presenter: Ted Rado – Alidian Networks Inc.</i>	
M-405	Why Fiber Optics Can't Eliminate Today's Broadband Bottleneck	299
	<i>Presenter: Paul Fagan – Actelis Networks Inc.</i>	
T-406	Upgrading Strategies for WDM Networks.....	309
	<i>Presenter: Paul Harrison – Xtera Communications Inc.</i>	

* Denotes presentations that were unavailable at the time of publication –
Copies may be available at the back of the room where the Session takes place – Please see Room Monitor
