Table of Contents

The Year (and the 1990s) in Review	1
David Learmount, <i>Flight International</i>	
Session I — Risk Assessment/Risk Management	
Session Chairman: Capt. Shireen McVicker, flight safety officer, British World Airlines	
<hr/>	
FOQA Contribution to Flight Safety Management	7
Jacques Verrière, Air France	
Risk Assessment-Hazard Management Using Dependency Modelling	29
Capt. John Mimpriss and Capt. John Savage, British Airways	
Modeling Risk with the Flight Operations Risk Assessment System (FORAS)	47
Douglas Schwartz, AT&T; John McCarthy, U.S. Naval Research Laboratory; Deborah Osborne, Embry-Riddle Aeronautical University; Michael Hadjimichael, U.S. Naval Research Laboratory	
Session II — Current Operational Issues	
Session Chairman: Capt. Keith Yim, manager, flight operations, KLM Cityhopper	
<hr/>	
Swissair 111 Lessons Learned	69
Jeff Morgan, Aviem International	
Role of Passengers in Air Safety: Disruptive Passengers and Cabin Crew Training	77
Gudbjorg Arnadottir, Air Atlanta Icelandic	
A Differential Approach to Eliminating Controlled Flight into Terrain	87
Jens Gjerlev, Widerøe's Flyveselskap	
The Need to Improve Safety of Ad-hoc Cargo Operations	93
Alfred L.C. Roelen and Mijntje Pikaar, National Aerospace Laboratory NLR, Department of Flight Testing & Safety, Netherlands	
Session III — Safety Initiatives	
Session Chairman: Gören Forsberg, chief operating officer and claims manager aviation, Inter Hannover Scandinavian Branch	
<hr/>	
HEIDI Taxonomy: Harmonisation of European Incident Definitions Initiative for ATM	105
Gilles Le Galo, Eurocontrol	
Short-haul Multi-sector Fatigue Issues	127
Capt. Flemming Sorensen, International Federation of Air Line Pilots' Associations (IFALPA)	
Non-Adherence to Procedures: Why Does It Happen?	139
Arun K. Karwal and Renate Verkaik, National Aerospace Laboratory NLR; Claartje Jansen, Leiden University	
Safety Audit Pooling of Ground Handling at Line Stations	157
Fons Schaefers, Martinair Holland	

Safety: Beginning at the Bottom, A Response-based, Pilot-oriented Safety Program	163
Paul Miller, Independent Pilots Association and, United Parcel Service of America	

Session IV — Future Challenges

Session Chairman: Paul Miller, safety committee chairman, Independent Pilots Association and, United Parcel Service of America

Safety Objectives for the Next Century of Flight	171
Konstantine K. Vasilchenko and Andrei N. Petrov, M. Gromov Flight Research Institute, Russia	

Safety Study of North Sea Helicopter Traffic	179
Per Hokstad, Erik Jersin and Terje Sten, SINTEF Industrial Management, Department of Safety and Reliability, Norway	

JAA Safety Strategy Initiative “JSSI”	191
Klaus Koplín, Joint Aviation Authorities	

Additional Papers

Electromagnetic Interference to Aircraft Systems: The Sources and Effects	219
Vijay K. Ginotra, Alliance Air, India	

Stabilized Approach Path in Direct Approach	225
Capt. Pierre Grange, Air France	

A New Approach to Hull Loss Statistics?	229
Paul Hayes, Airclaims	

Airside Safety Management (Ramp Safety/Ramp Damage)	237
Mike Thompson, Air Transport Group, College of Aeronautics, Cranfield University	

European Regions Airline Association
