

AMERICAN STATISTICAL ASSOCIATION

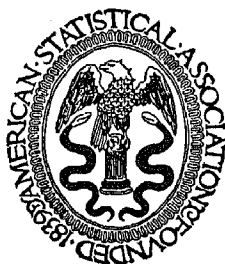

1987

PROCEEDINGS

of the

SECTION ON SURVEY RESEARCH METHODS

Papers presented at the Annual Meeting of the American Statistical Association, San Francisco, California, August 17–20, 1987, under the sponsorship of the Section on Survey Research Methods

TIB/UB Hannover 89
129 603 783

AMERICAN STATISTICAL ASSOCIATION
1429 Duke Street, Alexandria, VA 22314

TABLE OF CONTENTS

INVITED PAPERS BY TOPIC

I. THE MISSING, THE HOMELESS, AND THE VICTIM: COUNTING THE HARD TO COUNT

Chair: HELENA CHMURA KRAEMER, Stanford University

- Estimating the Number of Homeless in Chicago. PETER H. ROSSI, University of Massachusetts at Amherst 1
- Surveillance and Monitoring of Human Rights Violations. JOSE QUIROGA, MARIA VICTORIA ZUNZUNEGUI, RANDY B. REITER, ANA DEUTSCH, University of California, Berkeley 8
- Estimating the Size of an Average Personal Network and of an Event Subpopulation: Some Empirical Results. H. RUSSELL BERNARD, University of Florida; EUGENE C. JOHNSEN, University of California; PETER D. KILLWORTH, Hooke Institute, Oxford; SCOTT ROBINSON, Universidad Autonoma Metropolitana, Mexico 17
- Discussion. EUGENE P. ERICKSEN, Temple University 26

II. MEASURING THE CONCENTRATION OF PERSONAL WEALTH IN THE UNITED STATES, 1962-1983

Organizer: DANIEL SKELLY, Internal Revenue Service

Chair: B.K. ATROSTIC, U.S. Department of Treasury

- Reconciling Flow-of-Funds and Survey-Based Measures of Household Wealth. ROBERT B. AVERY, GREGORY E. ELLIEHAUSEN, ARTHUR B. KENNICKELL, Board of Governors of the Federal Reserve System 28
- Household Income and Wealth: Sample Design and Estimation for the 1983 Survey of Consumer Finances. STEVEN G. HEERINGA, RICHARD T. CURTIN, University of Michigan 38
- Piecing Together Personal Wealth Distributions. FRITZ SCHEUREN, JANET McCUBBIN, Internal Revenue Service 46

III. POLICE HANDLING OF DOMESTIC VIOLENCE

Organizer/Chair: KINLEY LARNTZ, Washington State University

- When Random Assignment Fails: Some Lessons from the Minneapolis Spouse Abuse Experiment. RICHARD A. BERK, GORDON K. SMYTH, University of California, Santa Barbara; LAWRENCE W. SHERMAN, University of Maryland 57
- Random Assignment: Practical Considerations from Field Experiments. FRANKLYN W. DUNFORD, University of Colorado 64
- Discussion. MICHAEL L. DENNIS, Northwestern University 70

IV. THEME SESSION: APPLICATIONS OF RECENT METHODOLOGY IN TIME SERIES METHODS FOR SURVEY ESTIMATION

Chair: PHILLIP KOTT, National Agricultural Statistics Service

- Laspeyres Price Index Estimation Under an Autoregressive Model. RICHARD VALLIANT, U.S. Bureau of Labor Statistics 73
- Time Series Methods for Survey Estimation. WILLIAM R. BELL, U.S. Bureau of the Census; STEVEN C. HILLMER, University of Kansas 83
- Application of Time Series Methods to Ratio Estimation in Repeated Surveys. K.P. SRINATH, B. QUENNEVILLE, Statistics Canada 93

V. COMPLIANCE AND COST CONTROL: TAXES, WELFARE, AND STUDENT LOANS

Organizer: ANN DRYDEN WITTE, Wellesley College
Chair: ROBERT F. BORUCH, Center for Advance Study in the Behavioral Sciences

Tax Compliance Research: Models, Data and Methods. ANN DRYDEN WITTE, Wellesley College;
HELEN TAUCHEN, University of North Carolina 101

VI. MANPOWER EXPERIMENTS: DESIGN, EXECUTION, ANALYSIS

Organizer/Chair: RAYMOND J. CARROLL, University of North Carolina

The Role of Randomized Experiments in Employment and Training Evaluations. REBECCA A. MAYNARD,
Mathematica Policy Research, Incorporated 109

The Experimental Testing of the Minority Female Single Parent Program. PHOEBE H. COTTINGHAM,
AIDA RODRIGUEZ, The Rockefeller Foundation 114

Using Random Assignment to Evaluate an Ongoing Program: The National JTPA Evaluation.
LARRY L. ORR, Abt Associates Incorporated; HOWARD S. BLOOM, New York University;
MICHAEL E. BORUS, Manpower Demonstration Research Corporation 122

VII. IMPROVING THE QUALITY OF EDUCATION STATISTICS FOR POLICY PURPOSES

Organizer: CHARLES D. COWAN, Center for Educational Statistics
Chair: VINCENT P. BARABBA, General Motors Corporation

Redesigning the Collection of National Education Statistics. EMERSON J. ELLIOTT,
CHARLES D. COWAN, Center for Education Statistics 132

Can Reporting on Educational Indicators Serve as a Catalyst for the Improvement of Educational
Achievement? A Visionary Exploration. PASCAL D. FORGIONE, JR., JOAN B. BARON, Connecticut State
Department of Education 138

Discussion. GEORGE E. HALL, Baseline Data Corporation 148

CONTRIBUTED PAPERS BY TOPIC

I. INNOVATIVE TECHNIQUES IN CENSUS & SURVEY IMPLEMENTATION IN DEVELOPING COUNTRIES

Organizer: KAREN A. STANECKI, U.S. Bureau of the Census
Chair: ROBERT BARTRAM, U.S. Bureau of the Census

Processing Samples from Censuses in Developing Countries. KAREN A. STANECKI,
SUSAN ENEA ADAMCHAK, U.S. Bureau of the Census 149

Data Edit Error Analysis. DAVID J. MEGILL, SANDRA ROWLAND, U.S. Bureau of the Census 154

The Use of Microcomputers for Census Processing in Developing Countries. VIVIAN TORO, THOMAS C.
MELANEY, U.S. Bureau of the Census 160

Measuring the Efficiency of Implicit Stratification in Multistage Sample Surveys. DAVID J. MEGILL,
ENRIQUE E. GOMEZ, U.S. Bureau of the Census; ALFREDO BALMACEDA, MARIO CASTILLO,
Ministry of Agriculture, Peru 166

Health Surveys in Africa: Developing Standarized Procedures. WANDA KELLY DOUGHERTY,
STEVEN C. TOURKIN, U.S. Bureau of the Census 172

II. SAMPLE DESIGN FOR EXPERIMENTS, MULTIPURPOSE SURVEYS, AND LONGITUDINAL STUDIES

Chair: CARL N. MORRIS, University of Texas

Sample Sizes for Social Experiments. GEORGE CAVE, Manpower Demonstration Research Corporation 178

A Model-Based Justification for Survey Weights. CHARLES H. ALEXANDER, U.S. Bureau of the Census 183

Sample Size Determination for Longitudinal Surveys. EARL BRYANT, Consultant, DAVID R. MORGANSTEIN, Westat, Incorporated	189
Design Optimization with Multiple Objectives. JAMES R. CHROMY, Research Triangle Institute	194
An Application of Multi-Purpose Survey Sampling. WILLIAM E. WINKLER, Energy Information Administration	200
III. INCOME, PROGRAM PARTICIPATION, AND EXPEDITURES	
Chair: ROBERT F. BORUCH, Northwestern University	
Evaluation of Missing Wave Data from the Survey of Income and Program Participation (SIPP). VICKI J. HUGGINS, U.S. Bureau of the Census	205
Response Errors Around the Seam: Analysis of Change in a Panel with Overlapping Reference Periods. DANIEL H. HILL, University of Michigan	210
Examination of Relationships Between Actual and Reported Changes in the SIPP. LYNN WEIDMAN, U.S. Bureau of the Census	216
Data Quality of the Survey of Income and Program Participation. KAREN E. KING, RITA J. PETRONI, RAJENDRA P. SINGH, U.S. Bureau of the Census	221
Respondent Characteristics and Recall Bias in the Consumer Expenditure Interview Survey. ADRIANA R. SILBERSTEIN, U.S. Bureau of Labor Statistics	227
IV. PRIVACY PROTECTION AND DISCLOSURE AVOIDANCE	
Organizer: WENDY ALVEY, Internal Revenue Service Chair: ROBERT PEARSON, Social Science Research Council	
Disclosure Avoidance Techniques in the Canadian Censuses of Population and Agriculture. M.J. MARCH, D.A. NORRIS, Statistics Canada	233
A Further Development of the Randomized Response Technique for Masking Dichotomous Variables. JAY JONG-İK KIM, U.S. Bureau of the Census	239
Assessing Quality of Randomized Response: Were Instructions Followed? JAMES SCHMEIDLER, New York State Division of Substance Abuse Services	245
Discussion. NANCY L. SPRUILL, U.S. Department of Defense	250
V. MEASUREMENT ISSUES IN SAMPLE SURVEYS, I	
Chair: ELIZABETH A. MARTIN, U.S. Bureau of the Census	
Optimal Allocation to Control Questionnaire Design Variance in Sample Surveys. GAD NATHAN, Hebrew University; MONROE G. SIRKEN, National Center for Health Statistics	252
Improving the Design of the Decennial Census Questionnaire. THERESA J. DeMAIO, ELIZABETH A. MARTIN, ELIZABETH PAGE SIGMAN, U.S. Bureau of the Census	256
Using Response Protocols to Identify Problems in the U.S. Census Long Form. JUDITH T. LESSLER, Research Triangle Institute; MIMI HOLT, Survey Research Consultant	262
Information Structures in Survey Instruments. NAOMI SAGER, PAUL MATTICK, JR., CAROL FRIEDMAN, EMILE C. CHI, Courant Institute of Mathematical Sciences, New York University	267
A Model for Coarse Grouping with Application to Survey Data. DANIEL F. HEITJAN, University of California, Los Angeles; DAVID M. REBOUSSIN, The RAND Corporation	271
Effects on Level and Quality of Response of the Inclusion of "Don't Know" Boxes in Factual Questions in a Mail Questionnaire. GAIL S. POE, ISADORE SEEMAN, National Center for Health Statistics; JOSEPH McLAUGHLIN, National Cancer Institute; ERIC MEHL, MICHAEL DIETZ, Westat, Incorporated	277

VI. METHODOLOGICAL ADVANCES IN ADMINISTRATIVE RECORD RESEARCH

Organizer: WENDY ALVEY, Internal Revenue Service
Chair: STEVE G. HEERINGA, University of Michigan

Measuring Income for Developing and Reviewing Individual Tax Law Changes: Exploration of Alternative Concepts. SUSAN HOSTETTER, Internal Revenue Service	282
Family Data from the Canadian Personal Income Tax File. EDOUARD AUGER, Statistics Canada	288
The Selection of Returns for Audit by the IRS. JOHN P. HINIKER, Internal Revenue Service	294
Research into a Register of Residential Addresses for Urban Areas of Canada. J. DOUGLAS DREW, JOHN B. ARMSTRONG, RUTH DIBBS, Statistics Canada	300
Osculatory Interpolation Revisited. H. LOCK OH, FRITZ J. SCHEUREN, Internal Revenue Service	306
Predicting Edit Outcomes: The Strategic Use of Imputation in Estimating Corporate Income Statistics. JOHN L. CZAJKA, Mathematica Policy Research, Incorporated	312
Discussion. ROBERT E. FAY, U.S. Bureau of the Census	318

VII. ESTIMATING WEALTH IN THE UNITED STATES

Organizer: WENDY ALVEY, Internal Revenue Service
Chair: MARTIN H. DAVID, University of Wisconsin

Improving Wealth Estimates Derived from Estate Tax Data. JANET G. McCUBBIN, Internal Revenue Service	320
Further Estimates of Personal Wealth in the United States Using the Estate Multiplier Technique. MARVIN SCHWARTZ, Internal Revenue Service	326
Intergenerational Wealth Study: Early Results and Prospects. KATHLEEN MEDVE, Internal Revenue Service	332
Discussion. JENNY BOURNE WAHL, U.S. Department of Treasury	338

VIII. NEW APPROACHES TO OLD PROBLEMS, I

Chair: JOSEPH KADANE, Carnegie Mellon University

Small Area Estimates of Proportions via Empirical Bayes Techniques. BRENDA MacGIBBON, THOMAS J. TOMBERLIN, Concordia University	341
A Bayesian Approach to Small Domain Estimation. KUNG-JONG LUI, Centers for Disease Control; WILLIAM G. CUMBERLAND, University of California, Los Angeles	347
A Generalized Dirichlet Multinomial Model for Categorical Data with Extra Variation. JEFFREY R. WILSON, Arizona State University	353
Properties of Two Newly-Defined Distributions and Their Relationships to Other Distributions. JIANG-MING WU, University of Wisconsin, Madison	356

IX. SURVEYS AND STATISTICS BY KIDS: THE U.S. AND THE U.K.

Organizer/Chair: ROBERT E. BORUCH, Northwestern University

The Delaware Voter Preference Survey Using Secondary School Students. CAROL JOYCE BLUMBERG, Winona State University; JOHN H. SCHUENEMEYER, University of Delaware; JAMES M. LUCAS, E.I. duPont de Nemours & Company, Incorporated	362
Teaching of Survey Research Techniques in an Interdisciplinary Middle School Setting. THOMAS C.F. GOFF, George V. Kirk Middle School-Newark, Delaware	368
Student Surveys in the United Kingdom Annual Applied Statistics Competition. ANNE S. HAWKINS, University of London	372

Where Does the Money Go? A Children's Survey. HEATHER DEE MORROW, Hocker Grove Middle School, Shawnee Mission, Kansas	375
The "Unknown Student" Survey. JUDITH S. ZAWOJEWSKI, National College of Education; JERI NOWAKOWSKI, Northern Illinois University; ROBERT F. BORUCH, Northwestern University	378
X. ANALYSES AND IMPLICATIONS OF IMPERFECT SURVEY DATA	
Chair: CHARLES D. COWAN, Center for Educational Statistics	
Evaluating the Effect of Nonresponse on International Travel Statistics. KATHRYN A. MILLER, LINDA LUI, ALVIN SATIN, Statistics Canada	381
Categorical Auto-Regressive Models for Analysing Panel Survey Data. AVINASH C. SINGH, G. LEMAITRE, Statistics Canada	390
Coverage Implications of a Poststratification Adjustment on Estimates from a Household Survey. STEVEN L. BOTMAN, National Center for Health Statistics	395
Nonresponse Bias in Expense Data from the 1985 National Nursing Home Survey. ESTHER HING, National Center for Health Statistics	401
Recent Results on the Noise Addition Method for Database Security. PATRICK TENDICK, NORMAN S. MATLOFF, University of California, Davis	406
XI. MEASUREMENT ISSUES IN SAMPLE SURVEYS, II	
Chair: RODERICK J.A. LITTLE, University of California, Los Angeles	
The Effects of Measurement Errors on Variance Estimation. LAWRENCE R. ERNST, KIRK M. WOLTER, U.S. Bureau of the Census	410
Unequal Probability Sampling Under Measurement Error. PROMOD K. CHANDHOK, Ohio University	416
Some Conceptual Problems in the Current Population Survey. ELIZABETH A. MARTIN, U.S. Bureau of the Census	420
Using the Bounding Interviews in NCS. HA H. NGUYEN, CHARLES ALEXANDER, U.S. Bureau of the Census	425
Response Error: Correlation Between Estimation and Episodic Recall Tasks. NANCY A. MATHIOWETZ, National Center for Health Services Research	430
Chronic Pain Screening Questionnaires for General Population Surveys: A Review. KATHLEEN M. DANCHIK, THOMAS F. DRURY, National Center for Health Statistics	436
XII. THE 1990 CENSUS AND BEYOND SURVEY RESEARCH	
Organizer: DAVID C. WHITFORD, U.S. Bureau of the Census	
Chair: PETER A. BOUNPANE, U.S. Bureau of the Census	
Improving the Efficiency and Effectiveness of the Decennial Enumeration. RACHEL F. BROWN, U.S. Bureau of the Census	441
Research Program for the 1990 Decennial Census. DAVID C. WHITFORD, DEBORAH A. HARNER, U.S. Bureau of the Census	447
1990 Data Collection and Processing Design. DEBORAH A. HARNER, U.S. Bureau of the Census	453
Residence Rules and Processing Plans for 1990 Census. EDISON GORE, JAMES HUGGINS, U.S. Bureau of the Census	457
The Tiger System: Geographic Improvements for the 1990 Census and Beyond. LINDA M. FRANZ, U.S. Bureau of the Census	463
Preliminary Coverage Improvement Results from Tests for the 1990 Census. ROBERT G. EDSON, JAMES B. TREAT, U.S. Bureau of the Census	469
The Pre-Enumeration Survey of the 1986 Census of Central Los Angeles County. GLENN S. WOLFGANG, U.S. Bureau of the Census	475

XIII. ESTIMATING VARIANCES FOR SAMPLE SURVEYS, I

Chair: JOHN M. BRICK, Westat, Incorporated

- Some Aspects of Estimating Variances by Half-Sample Replication in CPS. LAWRENCE R. ERNST, TODD R. WILLIAMS, U.S. Bureau of the Census 480
- The Design Consistent Regression Estimator and Its Conditional Variance. PHILLIP S. KOTT, National Agricultural Statistics Service 486
- Modified Balanced Repeated Replications. DAVID R. JUDKINS, Westat, Incorporated 492
- Variances for a Rotating Sample from a Changing Population. NORMAND L. LANIEL, Statistics Canada 496
- Sample Size Selection for a Class of Ratio Estimates: Brand Share Estimation. NICHOLAS A. ZAINO, JR., Eastman Kodak Company 501
- Variances for Polychotomous Logistic Regression Using Complex Survey Data. SHELLEY B. BULL, University of Toronto; LINDA L. PEDERSON, University of Western Ontario 507

XIV. USE OF ADMINISTRATIVE RECORDS FOR BUSINESS RESEARCH

Organizer: WENDY L. ALVEY, Internal Revenue Service
Chair: ROGER BUGENHAGEN, U.S. Bureau of the Census

- The Use of Administrative Data for Initial and Subsequent Profiles of Economic Entities. COLLEEN CLARK, ROBERT LUSSIER, Statistics Canada 513
- Record Linkage and Imputation Strategies in the 1982 Corporation Employment and Payroll Study. GAIL MOGLEN, CHARLES DAY, THOMAS B. PETSKA, Internal Revenue Service 519
- Some Economic and Accounting Measures of Business Activity by Size of Firm. DAVID HIRSCHBERG, Small Business Administration 525
- Experiences in the Coding and Sampling of Administrative Data. MICHAEL J. COLLEDGE, VICTOR ESTEVAO, PIERRE FOY, Statistics Canada 529
- Evaluation of Estimators for Employment Level and Change in Establishment Surveys. THOMAS J. GRZESIAK, KENNON R. COPELAND, U.S. Bureau of Labor Statistics 535
- Using Business Establishment Size in an Environmental Survey. ROBERT P. CLICKNER, Westat, Incorporated; JIM CRAIG, U.S. Environmental Protection Agency 541

XV. THE QUALITY OF SURVEY DATA AND ANALYSIS

Chair: CHARLES ALEXANDER, U.S. Bureau of the Census

- The Use of Standards in Survey Estimation. DANIEL G. HORVITZ, RALPH E. FOLSOM, L.M. LAVANGE, Research Triangle Institute 546
- Developing Process Controls for Surveys and Censuses. DAVID H. DISKIN, PETER KARCHER, MICHAEL MERSCH, PAUL PAVNICA, U.S. Bureau of the Census 552
- Toward the Development of an Ordered Set of Data Quality Categories. CLYDE TUCKER, U.S. Bureau of Labor Statistics 558
- Misuses of Statistical Techniques in Advertising Claim Substantiation Surveys. SOLOMON DUTKA, LESTER R. FRANKEL, Audits & Surveys, Incorporated 564
- Statistics in Work Quality Measurement: Licensing Adult and Child Care Facilities. RICHARD BOLSTEIN, JOHN D.R. COLE, George Mason University 568

XVI. THE HARD TO MEASURE AND HARD TO COUNT

Chair: MARGARET BOONE, U.S. General Accounting Office

- Hard-to-Enumerate Areas: Identification, Challenges, Strategies. MARY ELLEN BEACH, JOHN W. MARSHALL, U.S. Bureau of the Census 573

Some Optimality Problems When Estimating Household Data on the Basis of a "Primary,"
Stratified Sample of Individuals. BENGT ROSEN, Statistics Sweden 577

XVII. NEW APPROACHES TO OLD PROBLEMS, II

Chair: DAVID C. WHITFORD, U.S. Bureau of the Census

Survey Design in the Producer Price Index. KIMBERLEY DAILEY HILL, U.S. Bureau of Labor Statistics 583

Composite and Model Based Index Estimators. JOHN G. KOVAR, Statistics Canada 589

Evaluation of Design Effects for the Mexican American Portion of the Hispanic Health and
Nutrition Examination Survey. JOSEFINA A. LAGO, Westat, Incorporated; JAMES T. MASSEY,
TRENA EZZATI, CLIFFORD JOHNSON, ROBINSON FULWOOD, National Center for Health Statistics 595

Optimal Two Phase Sampling for Estimating the Exploitable Biomass of a Fishery Accounting for
Nonsampling Errors. PHILIP J. SMITH, International Pacific Halibut Commission, Washington 601

Using Test Populations to Develop Balanced Agenda. STANLEY L. WARNER, York University 606

Variance, Entropy and Uncertainty Measure. YUAN WEI, People's University of China 609

Using Administrative Records to Assess Return on Investment at a Publicly Supported College.
GERARD G. WALTER, MICHAEL SERVE, WILLIAM WELSH, National Technical Institute for the Deaf;
DOROTHEA RILEY, Internal Revenue Service 611

XVIII. TELEPHONE SURVEYS, I

Chair: MICHAEL DENNIS, Northwestern University

Generalizations of the Mitofsky-Waksberg Technique for Random Digit Dialing: Some Added Topics.
RICHARD F. POTTHOFF, Burlington Industries 615

Time of Day for CATI Contacts in Agricultural Surveys. WILLIAM D. WARDE, Oklahoma State University 621

The Effect of Computer Assisted Telephone Interviewing on Response Inconsistency.
CAROL L. KOSARY, JOHN PAUL SOMMERS, U.S. Bureau of Labor Statistics 627

The Effects of Advanced Letters on Response Rates in Linked Telephone Surveys. ROBERT M. GROVES,
University of Michigan; CECELIA B. SNOWDEN, National Center for Health Statistics 633

XIX. MISSING VALUES: UNDERSTANDING, IMPUTATION, AND HOT DECKS

Chair: FRITZ J. SCHEUREN, Internal Revenue Service

Handling Missing Data in the 1986 Test of Adjustment Related Operations. NATHANIEL SCHENKER,
U.S. Bureau of the Census 639

Missing Data Adjustments for Partially-Scaled Variables. RODERICK J.A. LITTLE,
HONG-LIN SU, University of California, Los Angeles 644

An Examination of Imputation for Asset Items in the New Beneficiary Survey. ROBERT L. SANTOS,
CARLOS G. LAZARO, Temple University 650

XX. HYPOTHESIS TESTING AND FORECASTING BASED ON COMPLEX SAMPLES

Chair: WAYNE A. FULLER, Iowa State University

Applications of Superpopulation Models to Estimation in Repeated Surveys. STEPHEN M.
WOODRUFF, U.S. Bureau of Labor Statistics 656

Nested Error Models for the Objective Yield Survey. MARK REISER, Iowa State University;
RON FECO, U.S. Drug Administration; KATHLEEN M. TAYLOR, AT&T Bell Laboratories 662

Optimum Filtering of the Monthly Single Family Price Index. DONALD M. LUERY,
U.S. Bureau of the Census 668

Nonlinear Regression Analysis for Complex Survey Data. HSIEN-MING HUNG, Wichita State University 674

Additional Evaluation of Chi-Square Methods for Complex Samples. ROBERT E. FAY, U.S. Bureau of the Census	680
Multivariate Testing in Stratified Simple Random Sample Surveys: Hog & Pig Estimates as Affected by Changing Survey Reference Dates. BRADLEY V. PAFFORD, National Agricultural Statistics Service	686
XXI. HEALTH SURVEY DESIGN AND ANALYSIS	
Chair: KAREN A. STANECKI, U.S. Bureau of the Census	
Sample Design of the National Medical Expenditure Survey-Household Component. STEVEN B. COHEN, National Center for Health Services Research; RALPH DiGAETANO, JOSEPH WAKSBERG, Westat, Incorporated	691
The Impact of Design Features Upon the Redesigned National Health Interview Survey. VAN L. PARSONS, National Center for Health Statistics	697
A Multi-Mode Longitudinal Study: The Longitudinal Study of Aging. JOSEPH E. FITTI, MARY GRACE KOVAR, National Center for Health Statistics	703
Statistically Important Features in Myocardial Infarction. MOHAMMED A. SHAYIB, Kuwait University; MAREI H. AYSHA, Al-Jahra Hospital, Kuwait	709
Estimation of Vaccine Efficacy Using the Case-Exposure Method. DONNA R. BROGAN, ALVIN H. RAMPEY, JR., Emory University; MAC W. OTTEN, MICHAEL S. DEMING, Centers for Disease Control	715
On Developing a National Sample of Women Early in Pregnancy. WILLIAM D. KALSBECK, SHARON Y. CORNELL, PATRICIA S. TENNIS, University of North Carolina at Chapel Hill	720
XXII. ESTIMATING VARIANCES FOR SAMPLE SURVEYS, II	
Chair: DAVID R. JUDKINS, Westat, Incorporated	
A Direct Estimation of Intracluster Correlation. JAI WON CHOI, National Center for Health Statistics	726
Finite Population Correction for Replication Estimates of Variance. PAUL A. FLYER, Westat, Incorporated	732
Variance Estimation Using Auxiliary Information Under a One Unit Per Stratum Sample Design. ELIZABETH T. HUANG, CARY T. ISAKI, U.S. Bureau of the Census	737
Estimating the Variance of the Horvitz-Thompson Estimator in Variable Probability, Systematic Samples. STEPHEN V. STEHMAN, Cornell University; W. SCOTT OVERTON, Oregon State University	743
Mean Squared Error of Estimators Using Two Stage Sampling for Stratification and Prior Information. DONALD B. WHITE, State University of New York at Buffalo	749
A Simple Approximate Variance Estimate for a Complex Unequal Probability Sample Survey. GLENN J. GALFOND, MARY E. GARVIN, JAMES C. THOMPSON, Price Waterhouse	755
XXIII. TELEPHONE SURVEYS, II	
Chair: CAROL L. KOSARY, U.S. Bureau of Labor Statistics	
The Effectiveness and Costs of Special Data Collection Efforts in a Telephone Survey of Physicians. SARA THRAN, LORAYN OLSON, American Medical Association; RICHARD STROUSE, Mathematica Policy Research	761
Developing Cost Models for CATI Surveys. KAREN J. BRYANT, LYNN WEIDMAN, U.S. Bureau of the Census	767
The Impact of Telephone Interviewing on Data from the American Housing Survey. RANDALL J. PARMER, HERTZ HUANG, DENNIS J. SCHWANZ, U.S. Bureau of the Census	772
Using CATI in the Current Population Survey. JOHN M. BUSHERY, LYNN WEIDMAN, STEVEN M. BRILEY, SUSAN CIOCHETTO, U.S. Bureau of the Census	778

XXIV. NEW APPROACHES TO OLD PROBLEMS, III

Chair: KIMBERLEY D. DAILEY, U.S. Bureau of Labor Statistics

- Adaptive Sampling. STEVEN K. THOMPSON, University of Alaska–Fairbanks 784
- Additional Uses for Keyfitz Selection. J. MICHAEL BRICK, DAVID R. MORGANSTEIN,
CHARLES L. WOLTER, Westat, Incorporated 787
- Notes on a Composite Size Measure for Self-Weighting Samples in Multiple Domains. R.E. FOLSOM,
FRANK J. POTTER, STEPHEN R. WILLIAMS, Research Triangle Institute 792
- On the Stratification of Skewed Populations. PIERRE LAVALLEE, MICHEL A. HIDIROGLOU,
Statistics Canada 797

CONTRIBUTED PAPERS—POSTER SESSIONS

- Variance Estimation in New Residential Construction Survey. JOHN ALEONG, DIANTHA B. HOWARD,
THOMAS PATTERSON, University of Vermont 805
- Estimating Variance as Function of Cluster Size. DAVID J. FITCH, National Center for Health
Services Research 809
- Factors Influencing Participation in a Multi-Stage Study of Head Injury: Potential Biases in
the Vietnam Head Injury Study. BRUCE S. JONAS, Walter Reed Army Medical Center; KAREN SCHWAB,
ANDRES M. SALAZAR, Uniformed Services University of the Health Services 812
- Nursing Homes in the U.S.: Findings from the 1986 Inventory of Long-Term Care Places.
CURT D. MUELLER, D.E.B. POTTER, National Center for Health Services Research 818
- The 1986 Inventory of Long-Term Care Places as a Sampling Frame. D.E.B. POTTER, STEVEN
B. COHEN, CURT D. MUELLER, National Center for Health Services Research 823
- Questionnaire Design Research in a Laboratory Setting: Results of Testing Cancer Risk Factor
Questions. PATRICIA N. ROYSTON, DEBORAH H. BERCINI, National Center for Health Statistics 829
- ASA Annual Survey of Chapter Activities. JEFFREY H. SCHWARTZ, The Upjohn Company;
BRENDA G. COX, Research Triangle Institute 834
- The Impact of Couple's Discussion of Desired Family Size on Predicting Fertility.
NAGAMBAL SHAH, Spelman College 837
