ECRYPT

European Network of Excellence in Cryptology

Network of Excellence

Information Society Technologies

Proceedings of the 3rd WAVILA Challenge (3rd WaCha) St. Malo, France, June 14th, 2007

Start date of project: 1 February 2004 Duration: 4.5 years

Lead contractor: Katholieke Universiteit Leuven, Belgium (KUL)
Document responsible: Otto-von-Guericke Universität Magdeburg, Germany (GAUSS)

Revision 1.0

Contents

Disclosing Secrets in Watermarking and Data Hiding
Luis Pérez-Freire and Fernando Pérez-González

p. 9

Extracting Relevant Features of Steganographic Schemes by Feature Selection Techniques
Yoan Miche, Patrick Bas, Amaury Lendasse, Christian Jutten, and Olli Simula

p. 23

ROC Curves for Steganalysts
Andreas Westfeld

p. 39

Decision-theoretic Consideration of Robust hashing: Link to Practical Algorithms
Oleksiy Koval, Sviatoslav Voloshynovskiy, Fokko Beekhof, and Thierry Pun

p. 47

Digital Watermarking and Perceptual Hashing of Audio Signals with Focus on their Evaluation
Andreas Lang, Jana Dittmann, Christian Kraetzer

p. 57
